Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and

repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Five new plays. *Elegy* (by Jodi Gallagher): Two sisters, unlike, yet sharing a lust for life. When one dies, the other finds herself in a void that can only be created by the loss of a loved one. A tender but frank account of a family tragedy. *So Wet* (by Samantha Bews): Silv, a twenty-something, is a professional woman on the move and determined to make every post a winner -- and that's just her social life. A witty tale of longing, laced with a touch of the erotic. *Like a Metaphor* (by Gabrielle MacDonald): A language journey, in four and a half monologues, through a series of refractions, turning points and tiny visceral moments. A woman's sensual examination of bodily experiences. *Baby X* (by Champion Decent): Georgie and Evelyn are a lesbian couple in search of a sperm donor. A madcap comedy that takes a recipe for family life, throws it in a blender with a generous dollop of queer consciousness, and celebrates the result. *Violet Inc.* (by Pam Leversha): *Violet Fahrenheit*: brilliant, savage, inspiring -- her spirit radiates the lovers and acolytes who surround her. Thirty years later, they are still struggling to exorcise her legacy. A vibrant journey through social and personal change.
