180 Days of Spelling and Word Study for Second Grade

The "E-Learning Methodologies" guide will support professionals involved in the design and development of e-learning projects and products. The guide reviews the basic concepts of e-learning with a focus on adult learning, and introduces the various activities and roles involved in an e-learning project. The guide covers methodologies and tips for creating interactive content and for facilitating online learning, as well as some of the technologies used to create and deliver e-learning.

U.S. History Maps, Grades 5 - 8

Explore early civilizations, the medieval world, and the modern world in this student-friendly world history book. Includes direct, explicit reading instruction in every unit, every lesson.

Georgia Experience 3rd Grade Student Workbook

Simple Steps for Sixth Grade helps your child master math and language arts skills such as fractions, decimals, ratios, percents, integers, expressions, equations, geometry, statistics, grammar, punctuation, capitalization, usage, and sentence structure. --A standards-based resource that simplifies key concepts for easy understanding, Simple Steps for Sixth Grade provides learners with easy-to-follow units, clear explanations, skill-reinforcing activities, and an answer key to check accuracy. By preparing students for today's rigorous academic standards, this comprehensive resource is ideal for supporting classroom learning and enhancing home school curriculum. --A unique workbook series that offers step-by-step guidance, Simple Steps breaks down essential concepts so that learners can develop a deep understanding of both math and ELA skills for improved academic performance. --With Simple Steps for Sixth Grade, your child is one step closer to complete school success!

Holt World History

Take students in grades 6 and up on a field trip without leaving the classroom using World Geography: Daily Skill Builders! This 96-page book features two short, reproducible activities per page and includes enough lessons for an entire school year. It covers topics such as location and place, human-environment interaction, different types of maps, map reading, and the regions and countries of the world. Activities become more challenging as students build upon what they have learned. The book is perfect for review and practice and supports National Geography Standards.

180 Days of Writing for Sixth Grade: Practice, Assess, Diagnose

Supplement your social studies curriculum with 180 days of daily practice! This essential classroom resource provides teachers with weekly social studies units that build students' content-area literacy, and are easy to incorporate into the classroom. Students will analyze primary sources, answer text-dependent questions, and improve their grade-level social studies knowledge. Each week covers a particular topic within one of the four social studies disciplines: history, economics, civics, and geography. Aligned to the National Council for the Social Studies (NCSS) and state standards, this resource includes digital materials.

Inquiry-Based Lessons in U.S. History: Decoding the Past

Perfect for children ages 9 and 10, this workbook develops the further understanding of geography of fourth graders and contains curriculum-aligned exercises on topics including a more detailed look at each continent, physical features, and types of maps, with a focus on different maps of the United States. Level by level, the write-in DK Workbooks: Geography series offers at-home practice that kids actually enjoy--making them ideal supplements to schoolwork. Designed to support curriculum standards, this series is developed with leading educational experts to build confidence and understanding. Each leveled workbook, for children ages 3-9, is packed with activities and challenges, offering the beneficial repetition and cumulative learning that lead to mastery. Fact boxes on each page give a simple overview of the topics being covered, review the basics, and often offer an example of the task at hand. The exercises themselves reinforce key geography topics including map reading, compass directions, continents, countries and states, borders, bodies of water, and more.

Spectrum Grade 6

The Teacher's Edition follows the Third Grade Student Workbook page-by-page and also includes all the answers.

Daily Science, Grade 3

Over 100 discussion questions and activities, and 500 questions, fill this comprehensive workbook. The book covers science, math and social science for fourth grade. If you are homeschooling (or if you are just trying to get extra practice for your child), then you already know that social science workbooks and curriculum can be expensive. HomeSchool Brew is trying to change that! We have teamed with teachers and parents to create books for prices parents can afford. We believe education shouldn't be expensive. Each subject may also be purchased individually.

Elementary and Middle School Social Studies

Winding through purple mountains majesties and amber waves of grain, the standards-based Spectrum Geography: World for grade 6 guides your child's understanding of ecosystems, world religions, current events, human migration, and more using colorful illustrations and informational text. Spectrum Geography is an engaging geography resource that goes beyond land formations and maps—it opens up children's perspectives through local, national, and global adventures without leaving their seats.

The Science Teacher's Activity-A-Day, Grades 5-10

These all-inclusive skills resources provide the focused practice students need to apply, reinforce, and review skills in reading, math, and test-taking. Answer key included.

180 Days of Social Studies for Fourth Grade

Supplement your social studies curriculum with 180 days of daily practice! This essential classroom resource provides teachers with weekly social studies units that build students' content-area literacy, and are easy to incorporate into the classroom. Students will analyze primary sources, answer text-dependent questions, and improve their grade-level social studies knowledge. Each week covers a particular topic within one of the four social studies disciplines: history, economics, civics, and geography. Aligned to the National Council for the Social Studies (NCSS) and state standards, this social studies workbook includes digital materials.

Discovering the World of Geography, Grades 4 - 5

Scott Foresman Social Studies

Simple Steps for Sixth Grade

Explore the world with students in grades 7–8 using *Discovering the World of Geography*. This 128-page book helps students use geographical knowledge and skills to interpret and analyze data. This text covers topics including population, political landscapes, climate, understanding developed and underdeveloped countries, and regions of conflict. The book presents information through activities such as maps, charts, diagrams, and graphs that support National Geography Standards. It also includes assessments and answer keys.

Economics and You

Supplement your social studies curriculum with 180 days of daily geography practice! This essential classroom resource provides teachers with weekly geography units that build students' geography knowledge, and are easy to incorporate into the classroom. In a world that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their

map and spatial skills, learn how to answer text- and photo-dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units, students will study various places, and how culture and geography are related. With a focus on the six populated continents, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, regional maps, and various topics including scale, legends, cardinal directions, latitude and longitude, and more. Aligned to state standards and National Geography Standards, this resource includes digital materials.

Discovering the World of Geography, Grades 7 - 8

6th graders can reinforce what they learn in school with a workbook from Brain Quest. The book boasts 300 pages jam-packed with curriculum-based activities and exercises in every subject, with a focus on math and language arts. Original full-color illustrations throughout give the book a bright, lively style that will appeal to older kids. It is engaging, user-friendly, and written to make schoolwork fun. Sixth graders will delve into research and analysis, metaphor and meaning, ratios and proportions, expressions and equations, and geometry. The workbook covers spelling and vocabulary, writing, social studies, science, and more. Written in consultation with the Brain Quest Advisory Panel of award-winning teachers

specific to each grade level, and with all content aligned with Common Core standards. Plus fun stuff: Each workbook comes with a mini-deck with 100 all-new Brain Quest questions and answers.

180 Days of Math for Kindergarten: Practice, Assess, Diagnose

It's the revolutionary American history study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace American History . . . covers Native Americans to the war in Iraq. There are units on Colonial America; the Revolutionary War and the founding of a new nation; Jefferson and the expansion west; the Civil War and Reconstruction; and all of the notable events of the 20th century—World Wars, the Depression, the Civil Rights movement, and much more. The BIG FAT NOTEBOOK™ series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only book you need for each main subject taught in middle school: Math, Science, American History, English Language Arts, and World History. Inside the reader will find every subject's key concepts, easily digested and summarized: Critical ideas highlighted in neon colors. Definitions explained. Doodles that illuminate tricky concepts in marker. Mnemonics for memorable shortcuts. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers.

They make learning fun, and are the perfect next step for every kid who grew up on Brain Quest.

Spectrum Geography, Grade 6

Help students build knowledge and skills in map reading and geography.

Homeschooling 101

Explore the world with students in grades 4–5 using *Discovering the World of Geography*. This 128-page book helps students use geographical knowledge and skills to interpret and analyze data. This text covers topics including maps, graphs, hemispheres, seasons, ocean currents, precipitation, and weather maps. The book presents information through activities such as maps, charts, diagrams, and graphs that support National Geography Standards. It also includes assessments and answer keys.

Core Skills Social Studies, Grade 6

Lesson plans and activities to teach science to elementary level students.

Everything You Need to Ace Math in One Big Fat Notebook

Support kindergarten students with 180 daily practice activities to build their mathematical fluency. Each problem is tied to a specific mathematical concept to help students gain regular practice of key grade-level skills. This book features quick, diagnostic-based activities that are correlated to College and Career Readiness and other state standards, and includes data-driven assessment tips.

Digital resources include assessment analysis tools and pdfs of the activity sheets. With these daily practice activities, teachers and parents will be helping kindergarteners improve their math skills in no time!

180 Days of Social Studies for Fifth Grade

Inquiry-Based Lessons in U.S. History: Decoding the Past provides primary source lessons that focus on teaching U.S. history through inquiry to middle school students. Students will be faced with a question to answer or problem to solve and will examine primary sources for evidence to create hypothetical solutions. The chapters focus on key chronological periods (e.g., the Age of Exploration to the Civil Rights era) and follow the scope and sequence of major social studies textbooks, with activities linked to the U.S. History Content Standards and the Common Core State Standards for Literacy in History/Social Studies. The three lesson plans in each chapter begin with an essential question that sets the focus for the primary sources and teaching strategies that follow. The lesson plans include differing types of primary sources such as photographs, speeches, political cartoons, historic maps, paintings, letters, and diary entries.

DK Workbooks: Geography, Sixth Grade

Supplement your science curriculum with 180 days of daily practice! This invaluable classroom resource provides teachers with weekly science units that build students' content-area literacy, and are easy to incorporate into the classroom. Students will analyze and evaluate scientific data and scenarios, improve their understanding of science and engineering practices, answer constructed-response questions, and increase their higher-order thinking skills. Each week covers a particular topic within one of three science strands: life science, physical science, and Earth and space science. Aligned to Next Generation Science Standards (NGSS) and state standards, this resource includes digital materials. Provide students with the skills they need to think like scientists with this essential resource!

Differentiated Lessons and Assessments: Social Studies, Grade 6

Supplement your social studies curriculum with 180 days of daily practice! This essential classroom resource provides teachers with weekly social studies units that build students' content-area literacy, and are easy to incorporate into the classroom. Students will analyze primary sources, answer text-dependent questions, and improve their grade-level social studies knowledge. Aligned to the National Council for the Social Studies (NCSS) and state standards, this social studies workbook includes digital materials.

Everything You Need to Ace American History in One Big Fat Notebook

180 Days of Social Studies for Kindergarten

Practical strategies, activities, and assessments help teachers differentiate lessons to meet the individual needs, styles, and abilities of students. Each unit of study includes key concepts, discussion topics, vocabulary, and assessments in addition to a wide range of activities for visual, logical, verbal, musical, and kinesthetic learners. Helpful extras include generic strategies and activities for differentiating lessons and McREL content standards.

E-learning Methodologies

Differentiating Instruction with Menus: Social Studies (Grades 6-8)

Supplement your language arts block with 180 days of daily spelling and word work practice! This second grade spelling workbook provides teachers with weekly spelling and word study units that are easy to incorporate into the classroom or home. Perfect for after school, intervention, or homework, teachers and parents can help students gain daily practice through these quick activities that correlate to state and national standards. Arranged into weekly units, the worksheets feature fun activities for second grade students such as analogies, word sorts, homophones, sentence completions, sentence types, inflectional endings, prefixes,

suffixes, synonyms, antonyms, and more! The repetitive structure helps students focus on the words rather than the activities and allows for more independent practice. Provide fun, engaging, and purposeful practice for your students with this must-have student workbook that includes digital materials.

Fourth Grade Homeschooling

What does it mean to make a difference? It means challenging ourselves every day to make the world better, in small ways and large. Today, it's more important than ever that we show our students what it means to be citizens of this nation - that respect, caring, responsibility, fairness, courage, and honesty are the pillars that make us strong. Scott Foresman Social Studies helps you make a difference. With rich content that captures students' imaginations and built-in reading and vocabulary instruction, your students will not only be learning, they'll be preparing for success on high-stakes state and national tests. Plus, exciting lessons from Colonial Williamsburg, the nation's largest living history museum, give your students unique opportunities to connect with the past. Take a look and you'll see that Scott Foresman Social Studies truly makes a world of difference! Freedom to read and succeed. Freedom to learn. Freedom to act. Freedom to teach. Scott ForesmanTeaching Freedom.

180 Days of Geography for Sixth Grade

Perfect for children ages 11 and 12, this workbook extends the geography knowledge and map-reading skills of sixth graders and contains curriculum-aligned objectives that include using different map projections and informational maps, locating the world's major physical features, and reinforcing knowledge about the United States, the continents, and specific world regions. Level by level, the write-in DK Workbooks: Geography series offers at-home practice that kids actually enjoy--making them ideal supplements to schoolwork. Designed to support curriculum standards, this series is developed with leading educational experts to build confidence and understanding. Each leveled workbook, for children ages 3-9, is packed with activities and challenges, offering the beneficial repetition and cumulative learning that lead to mastery. Fact boxes on each page give a simple overview of the topics being covered, review the basics, and often offer an example of the task at hand. The exercises themselves reinforce key geography topics including map reading, compass directions, continents, countries and states, borders, bodies of water, and more.
