This “dazzling” National Book Award finalist set aboard an ocean liner in 1931 reflects the passions and prejudices that sparked World War II (San Francisco Chronicle). August 1931. An ocean liner bound for Germany sets out from the Mexican port city of Veracruz. The ship’s first-class passengers include an idealistic young American painter and her lover; a Spanish dance troupe with a sideline in larceny; an elderly German couple and their fat, seasick bulldog; and a boisterous band of Cuban medical students. As the Vera journeys across the Atlantic, the incidents and intrigues of several dozen passengers and crew members come into razor-sharp

focus. The result is a richly drawn portrait of the human condition in all its complexity and a mesmerizing snapshot of a world drifting toward disaster. Written over a span of twenty years and based on the diary Katherine Anne Porter kept during a similar ocean voyage, *Ship of Fools* was the bestselling novel of 1962 and the inspiration for an Academy Award-winning film starring Vivien Leigh. It is a masterpiece of American literature as captivating today as when it was first published more than a half century ago. This ebook features an illustrated biography of Katherine Anne Porter, including rare photos from the University of Maryland Libraries.

Fools, Frauds and Firebrands

A novel of a twentysomething, Algerian-born woman living on the edge in France, from “one of the hottest literary talents of multicultural Europe” (*Sunday Telegraph*). When Ahlème’s mother was killed in a village massacre, she left Algeria for France with her father and brother and never returned. Now, more than a decade later, she is practically French, yet in many ways she remains an outsider. Ahlème’s dreams for a better life have been displaced by the harsh realities she faces every day. Her father is unable to work after an accident at his construction site and her brother boils over with adolescent energy, teetering dangerously close to choosing a life of crime. As a temporary resident, Ahlème could at any moment be sent back to a village and a life that are now more foreign than Paris. In *Some Dream for Fools*, Faïza Guène explores the disparity between the

expectations and limitations of immigrant life in the West and tells a remarkable story of one woman's courage to dream. "With a keen eye for detail and a sharp narrative tone, [Guène] gives voice to a hurt too long unrecognized. . . . [She] takes us into another world—a world that no nation today can afford to ignore." —The Christian Science Monitor

A School for Fools

In the Alexander Lectures for 1965-66 at the University of Toronto, Dr. Frye describes the basis of the tragic vision as "being in time," in which death as "the essential event that gives shape and form to life defines the individual, and marks him off from the continuity of life that flows indefinitely between the past and the future." In Dr. Frye's view, three general types can be distinguished in Shakespearean tragedy, the tragedy of order, the tragedy of passion, and the tragedy of isolation, in all of which a pattern of "being in time" shapes the action. In the first type, of which Julius Caesar, Macbeth, and Hamlet are examples, a strong ruler is killed, replaced by a rebel-figure, and avenged by a nemesis-figure; in the second, represented by Romeo and Juliet, Anthony and Cleopatra, and Troilus and Cressida, authority is split and the hero is destroyed by a conflict between social and personal loyalties; and in the third, Othello, King Lear, and Timon of Athens, the central figure is cut off from his world, largely as a result of his failure to comprehend the dynamics of that world. What all these plays show us, Dr. Frye maintains, is "the impact of heroic energy on the human situation" with

the result that the "heroic is normally destroyed and the human situation goes on surviving." Fools of Time will be welcomed not only by many scholars who are familiar with Dr. Frye's keen critical insight but also by undergraduates, graduates, high-school and university teachers who have long valued his work as a means toward a firmer grasp and deeper understanding of English literature.

Feathers and Fools

This slyly funny, moving novel about a blue-collar town in upstate New York—and in the life of Sully, of one of its unluckiest citizens, who has been doing the wrong thing triumphantly for fifty years—is a classic American story. Divorced from his own wife and carrying on halfheartedly with another man's, saddled with a bum knee and friends who make enemies redundant, Sully now has one new problem to cope with: a long-estranged son who is in imminent danger of following in his father's footsteps. With its uproarious humor and a heart that embraces humanity's follies as well as its triumphs, *Nobody's Fool*, from Pulitzer Prize-winning author, Richard Russo, is storytelling at its most generous. *Nobody's Fool* was made into a movie starring Paul Newman, Bruce Willis, Jessica Tandy, and Melody Griffith.

A School for Fools

In *Socialism of Fools*, Michele Battini focuses on the critical moment during the Enlightenment in which anti-Jewish stereotypes morphed into a sophisticated,

modern social anti-Semitism. He recovers the potent anti-Jewish, anticapitalist propaganda that cemented the idea of a Jewish conspiracy in the European mind and connects it to the atrocities that characterized the Jewish experience in the nineteenth and twentieth centuries. Beginning in the eighteenth century, counter-Enlightenment intellectuals and intransigent Catholic writers singled out Jews for conspiring to exploit self-sustaining markets and the liberal state. These ideas spread among socialist and labor movements in the nineteenth century and intensified during the Long Depression of the 1870s. Anti-Jewish anticapitalism then migrated to the Habsburg Empire with the Christian Social Party; to Germany with the Anti-Semitic Leagues; to France with the nationalist movements; and to Italy, where Revolutionary Syndicalists made anti-Jewish anticapitalism the basis of an alliance with the nationalists. Exemplified best in the Protocols of the Elders of Zion, the infamous document that "leaked" Jewish plans to conquer the world, the Jewish-conspiracy myth inverts reality and creates a perverse relationship to historical and judicial truth. Isolating the intellectual roots of this phenomenon and its contemporary resonances, Battini shows us why, so many decades after the Holocaust, Jewish people continue to be a powerful political target.

A Trouble of Fools

Dean Darlamb is a rarity: a high school optimist. He has self-confidence, motivation, and a sense of purpose. All of that comes into question, however,

when he is thrust into the whirlwind of Highland High's Social System as a rising junior. He must come to terms with Olivianah, a new girl in his life, Don Valli, the mysterious football transfer, and many other unknown fears. In an accurate portrayal of the modern-day high school world, teen author Patrick Lee takes the reader for a draining expedition into the life of a naive sixteen-year-old, where you will realize, hopefully, what Dean cannot.

Ship of Fools

Though remarkably creative, Swedish writer and artist August Strindberg had a very stormy personal life that was fraught with drama, controversy and scandal. In the 1890s, as his marriage to Finnish actress Siri von Essen was crumbling, Strindberg decided to air his side of the story in the guise of an autobiographical novel. *The Confession of a Fool* is a gritty, warts-and-all look at the demise of a marriage.

Everybody's Fool

By turns lyrical and philosophical, witty and baffling, *A*

School for Fools confounds all expectations of the novel. Here we find not one reliable narrator but two “unreliable” narrators: the young man who is a student at the “school for fools” and his double. What begins as a reverie (with frequent interruptions) comes to seem a sort of fairy-tale quest not for gold or marriage but for self-knowledge. The currents of consciousness running through the novel are passionate and profound. Memories of childhood summers at the dacha are contemporaneous with the present, the dead are alive, and the beloved is present in the wind. Here is a tale either of madness or of the life of the imagination in conversation with reason, straining at the limits of language; in the words of Vladimir Nabokov, “an enchanting, tragic, and touching book.”

The Fool's Truth

A New York Times 2016 Notable Book An immediate national best seller and instant classic from the Pulitzer Prize-winning author of Empire Falls. Richard Russo returns to North Bath—“a town where dishonesty abounds, everyone misapprehends everyone else and half the citizens are half-crazy” (The New York Times)—and the characters who made Nobody’s Fool a beloved choice of book clubs everywhere. Everybody’s Fool is classic Russo, filled with humor, heart, hard times, and people you can’t help but love, possibly because their various faults make them so human. Everybody’s Fool picks up roughly a decade since we were last with Miss Beryl and Sully on New Year's Eve 1984. The irresistible

Sully, who in the intervening years has come by some unexpected good fortune, is staring down a VA cardiologist's estimate that he has only a year or two left, and it's hard work trying to keep this news from the most important people in his life: Ruth, the married woman he carried on with for years . . . the ultra-hapless Rub Squeers, who worries that he and Sully aren't still best friends . . . Sully's son and grandson, for whom he was mostly an absentee figure (and now a regretful one). We also enjoy the company of Doug Raymer, the chief of police who's obsessing primarily over the identity of the man his wife might've been about to run off with, before dying in a freak accident . . . Bath's mayor, the former academic Gus Moynihan, whose wife problems are, if anything, even more pressing . . . and then there's Carl Roebuck, whose lifelong run of failing upward might now come to ruin. And finally, there's Charice Bond—a light at the end of the tunnel that is Chief Raymer's office—as well as her brother, Jerome, who might well be the train barreling into the station. A crowning achievement—"like hopping on the last empty barstool surrounded by old friends" (Entertainment Weekly)—from one of the greatest storytellers of our time.

Venturing in, Sredoje is surprised to find the diary of the German tutor that Milinko, Vera, and he all shared, Fräulein, who died on the operating table just before the war. Here, however, in a cheap notebook in Vera's old room, is a record of Fräulein's lonely days, with the sentimental caption Poésie. . . . The diary survived. Sredoje survived. Vera and Milinko have survived too. But what survives? A few years back Sredoje, Vera, and Milinko were teenagers, struggling to make sense of life. Life, they now know, can be more bitter than death. A work of stark poetry and illimitable sadness, The Use of Man is one of the great books of the 20th century.

Liars and Fools

By turns lyrical and philosophical, witty and baffling, *A School for Fools* confounds all expectations of the novel. Here we find not one reliable narrator but two “unreliable” narrators: the young man who is a student at the “school for fools” and his double. What begins as a reverie (with frequent interruptions) comes to seem a sort of fairy-tale quest not for gold or marriage but for self-knowledge. Here is a tale either of madness or of the life of the imagination, in conversation with reason, straining at the limits of language; in the words of Vladimir Nabokov, “an enchanting, tragic, and touching work.” Sasha Sokolov was born in 1943 in Canada, the son of a high-ranking Soviet diplomat. Sokolov studied journalism at Moscow State University and attempted to escape from the USSR, for which he was imprisoned. In 1975, he was allowed to leave the country following an international human rights scandal. The manuscript of *A School for Fools*, his first novel, was smuggled out of the Soviet Union that same year, and published to great acclaim in the west. *A School for Fools* has been translated into over twenty languages. Sokolov is the recipient of the prestigious Andrei Bely Prize in 1981, and of the Pushkin Prize for Literature in 1996. He is also the

author of novels *Astrophobia* and *Between Dog and Wolf*, and of a book of essays *In the House of the Hanged*.

Calligraphy Lesson

The thinkers who have been most influential on the attitudes of the New Left are examined in this study by one of the leading critics of leftist orientations in modern Western civilization. Scruton begins with a ruthless analysis of New Leftism and concludes with a critique of the key strands in its thinking. He conducts a reappraisal of such major left-wing thinkers as: E. P. Thompson, Ronald Dworkin, R. D. Laing, Jurgen Habermas, Gyorgy Lukacs, Jean-Paul Sartre, Jacques Derrida, Slavoj Zizek, Ralph Milliband and Eric Hobsbawm. In addition to assessments of these thinkers' philosophical and political contributions, the book contains a biographical and bibliographical

section summarizing their careers and most important writings. In *Thinkers of the New Left* Scruton asks, what does the Left look like today and as it has evolved since 1989? He charts the transfer of grievances from the working class to women, gays and immigrants, asks what can we put in the place of radical egalitarianism, and what explains the continued dominance of antinomian attitudes in the intellectual world? Can there be any foundation for resistance to the leftist agenda without religious faith? Scruton's exploration of these important issues is written with skill, perception and at all times with pellucid clarity. The result is a devastating critique of modern left-wing thinking.

Fools of Time

Arguably the most important living Russian writer, Sasha Sokolov is an acknowledged literary master. Widely admired for his ability to elevate prose to the level of poetry, he is also known for his craftsmanship and phenomenal use of language. Until now, however, English-speaking audiences have only had access to a few of his acclaimed works — novels *A School for Fools* (1977) and *Astrophobia* (1989), and the essay 'The Anxious Pupa.' In *The House of the Hanged* features the first-ever translation of thirteen of Sokolov's major essays and free verses. Exploring universal truths concerning language, the role of the artist, talent, and virtuosity, these texts provide key insight into the development of Sokolov's shorter forms. Each is accompanied by explanatory notes and an annotated index developed by Alexander

Boguslawski in conjunction with Sokolov himself. These serve to contextualize Sokolov's Russian cultural and linguistic references, and allow worldwide audiences to enjoy his astounding erudition, wit, curiosity, and ever-developing talent.
