Essentials of Accounting for Governmental and Not-for-Profit Organizations

One of the few texts that addresses financial and managerial accounting within the three major areas of the public sector. Financial Management for Public, Health, and Not-for-Profit provides the fundamentals of financial management for those pursuing careers within the public, health and not-for-profit fields. With a unique presentation that explains the rules specific to the public sector, this book outlines the framework for students to access and apply financial information more effectively. This edition has added the expertise of new coauthors Bob Purtell (financial markets and health care financial management), Thad Calabrese (not-for-profit and government financial management) and Dan Smith (government area), and includes a new chapter devoted to case studies.

Research in governmental and nonprofit accounting

Copley's Essentials of Accounting for Governmental and Not-for-Profit Organizations, 12e is best suited for those professors whose objective is to provide more concise coverage than what is available in larger texts. The main focus of this text is on the preparation of external financial statements which is a challenge for governmental reporting. The approach in this

edition is similar to that used in practice. Specifically, day to day events are recorded at the fund level using the basis of accounting for fund financial statements. Governmental activities are recorded using the modified accrual basis. The fund-basis statements are then used as input in the preparation of government-wide statements. The preparation of government-wide statements is presented in an Excel worksheet.

Fraud Risk in Governmental and Not-for-Profit Organizations

This 12th edition has been streamlined to contain complete, accurate, and up-to-date coverage of all facets of accounting for governmental and nonprofit organizations. Intended for readers concerned with the design and interpretation of financial statements and financial reports, this text reflects all major changes to authoritative pronouncements affecting Government and Nonprofit organizations through March 2000 .

Accounting for Governmental and Nonprofit Entities

Governmental and Nonprofit Accounting: Pearson New International Edition

For more than 60 years, Accounting for Governmental & Nonprofit Entities has been the leader in the market. It is a comprehensive governmental and not-for-profit accounting text written for students who will be auditing and working in public and not-for-profit sector entities. Originally published in 1951 and written by Professor R. M. Mikesell, this book and the many subsequent editions revised by Professors Leon Hay, Earl Wilson, Susan Kattelus, Jacqueline Reck, and Suzanne Lowensohn have given generations of instructors and students a comprehensive knowledge of the specialized accounting and financial reporting practices of governmental and not-for-profit organizations, as well as an understanding of how those organizations can better meet the information needs of a diverse set of financial statement users and decision makers. The vision of these original authors continues to be reflected in this 18th edition, and their strategy of providing a large and innovative set of instructional support materials prepared and tested in the classroom by the authors continues to be a guiding principle today. The current author team brings to this edition their extensive experience teaching government and not-for-profit courses as well as insights gained from their professional experience, scholarly writing, and professional activities. The result is a relevant and accurate text that includes the most effective instructional tools.

Accounting for Governmental and Nonprofit Organizations

Research in Governmental and Nonprofit Accounting is the only academic journal dedicated exclusively to governmental and nonprofit accounting and reporting issues. The purpose of Research in Governmental and Nonprofit Accounting is to stimulate and report high-quality research on a wide range of governmental and nonprofit accounting topics. Articles appearing in Volume 11 deal with the traditional areas of bond pricing, public sector audit quality and the use of accounting information in evaluating private not-for-profit organizations. Outside of these traditional areas of research, Volume 11 contains a comparative analysis of U.S. and U.K. government reporting and studies examining performance measurement and reporting by public school systems. Articles appearing in Research in Governmental and Nonprofit Accounting are unsolicited and subject to anonymous review.
