CPA Examination Review

An inspirational book depicting a life of challenges and achievements. It tells of a woman, who stricken by polio as a young child, could never dance - or run - or swim - or ride a bike - or even walk unaided. Not willing to be cast aside as a "poor

little crippled girl" she set goals for herself and worked to reach them. What she attained by will power and determination was a life of personal satisfaction and professional accomplishment. Read I CAN'T DANCE to learn what she could do and what she did do. It was not dance. This is an excellent book for any who have a disability or who know someone who does.
