(Spring 2010) This historical novel finds President Reagan at odds with his daughter, Vice President, White House Staff and Cabinet as Ronnie and Nancy try to do the best acting of their lives to leave the White House, alive. (unabridged edition) Our most loved and hated President after Kennedy and before Obama, Ronnie struggles to defeat the 'Evil Empire' and not lose his mind to Alzheimer's dementia. Can he still trust Bill Casey and George Bush, George Shultz, Selwa Roosevelt and Mike Deaver? Can Ronnie find out who's pulling his strings? A fervent anti-Communist and Nazi hater praised by his wife Nancy and ultra-conservatives, groomed by Bechtel Corporation since 1950 and sold StarWars by Dick Cheney and Paul Nitze during the most scandal-ridden presidency in American history, daughter Patti, college students and flower children despised Reagan for supporting the Vietnam War and Contra death squads and felt the Reagan-Bush Administration was run by Nazis. As it turns out, it was. This historical novel documents the foreign policy, national security and monetary policies of the Reagan-Bush Administration were run by Nazis thru the life of character Reinhard Gehlen, Hitler's chief of Foreign Armies East intelligence, whom Dulles hired to run and train CIA as Freikorps Nazi death squad torturers, terrorists and assassins who then trained the Contras that Gehlen was later handled by Bill Casey (Ronnie's campaign manager) then George Bush (Ronnie's vice president) to fight, exaggerate and invent the Cold War in order to capture the Russian Baku oil

fields. Based on autobiographies of the Reagan family, Cabinet, and White House Staff, the 650-page book includes a 250-page epilog of documentation and a 50-pg researchers' index, footnotes, and an extensive appendix including charts from: Staff Report, Committee on Banking, Currency & Housing, House of Representatives, 94th Congress, 2d session, Aug. 1976 -- Federal Reserve Directors, a Study of Corporate & Banking Influence. The charts trace from 1913 to present the family dynasties of the private owners and interlocking directorate of the Federal Reserve Bank and other G-8 central banks (the World Order and New World Order) whom Bill Casey, George Shultz, the Bushes, bin Ladens, Thyssens, Rockefellers, Rothschilds, Browns, Harrimans and Reinhard Gehlen worked for and against whose family ancestors the American Revolution was fought and whose family decendents today continue to dominate the financial, political, economic, and bailout and foreclosure landscape with financial terrorism. Additionally, the historical novel follows the family dynasties of the private owners of the interlocking directorate of the Fed/G8 including Bank of England and Bundesbank and other central banks involved in the American Revolution of 1776, the American Civil War, the depressions in the late 1800s and early 1900s, the founding of the privately owned Federal Reserve Bank in 1913, WWI, the financing of the Bolshevik party from New York and thru Ruskombank which supplied U.S. technology and weapons and military vehicles to communist Russia who supplied them to the Viet Cong to kill Americans. Appendices also document the previously hypothesized money-issuing class that prints and owns our money that rules the upper class, middle class, working class, and unemployed classes. The appendix also includes documentation of the Clinton-era involvement with HUD corruption when Bill was Governor and Hillary was a HUD attorney. HUD sold billions of dollars of foreclosed properties in East L.A. at ten cents on the dollar to the Fed-founded Dillion-Read bank. Ronnie was advised about the marriage of the oil and illegal drug industries, and the case by the European Union and Central and South American countries against Reynolds Tobacco for laundering heroin and cocaine profits with Camel Cigarettes.

The WWII Soviet guerilla training manual that became an essential text for freedom fighters across the globe—complete with illustrations. When Germany invaded the Soviet Union during World War II, the Red Army began recruiting local partisans to help mount a resistance. This edition of The Partisan's Companion is the last and best Red Army manual used to train these men to fight Nazi invaders. Besides field craft, it covers partisan tactics, German counter-guerrilla tactics, demolitions, German and Soviet weapons, scouting, camouflage, anti-tank warfare, and antiaircraft defense for squad and platoon-level instruction. It contains the Soviet lessons of two bitter years of war and provides a good look at the tactics and training of a mature partisan force. While this handbook was a vital part of Soviet victory over the Nazis, its usefulness outlived the Second World War. It was later used to train guerrilla groups in the developing world during their wars of national liberation in the 1950s–70s. Even the fedayeen guerrillas who fought US and coalition forces in Iraq relied on this manual for training, tactics, and general approach to combat. A selection of the Military Book Club.
