The Ice Limit

Twelve years ago, Special Agent Pendergast's beloved wife was murdered during an African safari -- and now, he's on a quest for revenge. Devastated by the discovery that his wife, Helen, was murdered, Special Agent Pendergast must have retribution. But revenge is not simple. As he stalks his wife's betrayers--a chase that takes him from the wild moors of Scotland to the bustling streets of New York City and the darkest bayous of Louisiana--he is also forced to dig further into Helen's past. And he is stunned to learn that Helen may have been a collaborator in her own murder. Peeling back the layers of deception, Pendergast realizes that the conspiracy is deeper, goes back generations, and is more monstrous than he could have ever imagined--and everything he's believed, everything he's trusted, everything he's understood . . . may be a horrific lie.

The Obsidian Chamber

Behind the gates of a fabulous Hampton estate, FBI Special Agent Pendergast discovers the carnage of a gruesome crime - a nightmare of seemingly supernatural origin. The smoldering remains of infamous art critic Jeremy Grove, a melted cross branding his chest, are found in a locked, barricaded attic. The hoofprint singed into the floorboards and the smell of brimstone recall the legendary horrors that befall those who make a pact with the devil. Reuniting with police officers Vincent D'Agosta and Laura Hayward, Pendergast combs New York hoping for a simple explanation: a villain who is merely

a man. But his search takes him beyond the exclusive clubs and luxury penthouses of Manhattan to a crumbling, legend-shrouded castle in the Italian countryside, where thirty years ago four men conjured something unspeakable.

money under your pillow at night. he's a mysterious old recluse who must be appeased with teeth--lest he extract retribution. Cemetery Dance

A speck of dust is a tiny thing. In fact, five of them could fit into the period at the end of this sentence. On a clear, warm Sunday, April 14, 1935, a wild wind whipped up millions upon millions of these specks of dust to form a duster—a savage storm—on America's high southern plains. The sky turned black, sand-filled winds scoured the paint off houses and cars, trains derailed, and electricity coursed through the air. Sand and dirt fell like snow—people got lost in the gloom and suffocated . . . and that was just the beginning. Don Brown brings the Dirty Thirties to life with kinetic, highly saturated, and lively artwork in this graphic novel of one of America's most catastrophic natural events: the Dust Bowl.

Mount Dragon

A secret chamber. A mysterious shipwreck. A murder in the desolate salt marshes. A seemingly straightforward private case turns out to be much more complicated—and sinister—than Special Agent A.X.L. Pendergast ever could have anticipated. Pendergast, together with his ward Constance Greene, travels to the quaint seaside village of Exmouth, Massachusetts, to investigate the theft of a priceless wine collection. But inside the wine cellar, they find something considerably more disturbing: a bricked-up niche that once held a crumbling skeleton. Pendergast and Constance soon learn that Exmouth is a town with a very dark and troubled history, and this skeleton may be only the first hint of an ancient transgression, kept secret all these years. But they will discover that the sins of the past are still very much alive. Local legend holds that during the 1692 witch trials in Salem, the real witches escaped, fleeing north to Exmouth and settling deep in the surrounding salt marshes, where they continued to practice their wicked arts. Then, a murdered corpse turns up in the marshes. The only clue is a series of mysterious carvings. Could these demonic symbols bear some relation to the ancient witches' colony, long believed to be abandoned? A terrible evil lurks beneath the surface of this sleepy seaside town—one with deep roots in Exmouth's grim history. And it may be that Constance, with her own troubled past, is the only one who truly comprehends the awful danger that she, Pendergast, and the residents of Exmouth must face . . .

Mr. Murder

As he stalks his wife's traitors from Scotland to New York City, Special Agent Pendergast discovers layers of deception and

conspiracy that will shatter everything he believed to be true. Yesterday, Special Agent Pendergast still mourned the loss of his beloved wife, Helen, who died in a tragic accident in Africa twelve years ago. Today, he discovers she was murdered. Tomorrow, he will learn her most guarded secrets, leaving him to wonder: Who was the woman I married? Why was she murdered? And, above all . . . Who murdered her? Revenge is not sweet: It is essential.

The Lost Island

From Robert E. Howard's fertile imagination sprang some of fiction's greatest heroes, including Conan the Cimmerian, King Kull, and Solomon Kane. But of all Howard's characters, none embodied his creator's brooding temperament more than Bran Mak Morn, the last king of a doomed race. In ages past, the Picts ruled all of Europe. But the descendants of those proud conquerors have sunk into barbarism . . . all save one, Bran Mak Morn, whose bloodline remains unbroken. Threatened by the Celts and the Romans, the Pictish tribes rally under his banner to fight for their very survival, while Bran fights to restore the glory of his race. Lavishly illustrated by award-winning artist Gary Gianni, this collection gathers together all of Howard's published stories and poems featuring Bran Mak Morn--including the eerie masterpiece "Worms of the Earth" and "Kings of the Night," in which sorcery summons Kull the conqueror from out of the depths of time to stand with Bran against the Roman invaders. Also included are previously unpublished stories and fragments, reproductions of manuscripts bearing Howard's handwritten revisions, and much, much more. Special Bonus: a newly discovered adventure by Howard, presented here for the very first time.

Gideon's Corpse

Lewis and Lindsay Thorpe were the perfect couple: young, attractive, and ideally matched. But the veil of perfection can mask many blemishes. When the Thorpes are found dead in their tasteful Flagstaff living room (having committed double suicide), alarms go off in the towering Manhattan offices of Eden Incorporated, the high-tech matchmaking company whose spectacular success, and legendary secrecy, has inspired awe around the world. The Thorpes, few people knew, were more than the quintessential happy couple – they were Eden’s first perfect match. A short time later, Christopher Lash, a gifted former FBI forensic psychologist, receives an urgent plea from Eden to perform a quick – and quiet – investigation into the deaths. Lash’s psychological autopsy reveals nothing suspicious, but inadvertently dredges up the memories of a searing personal tragedy he has kept at bay for years. The situation changes suddenly when a second Eden couple is found dead -- by all appearances, another double suicide. Now Eden – particularly Richard Silver, the company’s brilliant and reclusive founder – has no choice but to grant Lash unprecedented access to its most guarded secrets if he is to have any chance of determining what is going wrong. The hidden world he discovers is a stunning labyrinth of artificial intelligence, creative genius, and a melding of technology that does indeed, to Lash’s surprise, deliver on Eden’s promise to its clients: the guarantee of a perfect, lifelong mate. But Lash’s involvement in the investigation becomes more personal and dangerous than he could have imagined, nearly as soon as it begins. With tremendous imagination and skill, master thriller-writer Lincoln Child renders a setting too frighteningly believable not to be real. Infused with relentless suspense and a riveting pace, DEATH MATCH is Child at his best.

The Cabinet of Curiosities

After his wife, Helen, is brazenly abducted before his eyes, Special Agent Pendergast furiously pursues the kidnappers, chasing them across the country and into Mexico. But then, things go terribly, tragically wrong; the kidnappers escape; and a shattered Pendergast retreats to his New York apartment and shuts out the world. But when a string of bizarre murders

erupts across several Manhattan hotels-perpetrated by a boy who seems to have an almost psychic ability to elude capture-NYPD Lieutenant D'Agosta asks his friend Pendergast for help. Reluctant at first, Pendergast soon discovers that the killings are a message from his wife's kidnappers. But why a message? And what does it mean? When the kidnappers strike again at those closest to Pendergast, the FBI agent, filled anew with vengeful fury, sets out to track down and destroy those responsible. His journey takes him deep into the trackless forests of South America, where he ultimately finds himself face to face with an old evil that-rather than having been eradicated-is stirring anew and with potentially world-altering consequences. Confucius once said: "Before you embark on a journey of revenge, first dig two graves." Pendergast is about to learn the hard way just how true those words still ring.

The House With a Clock In Its Walls

In one of NPR's 100 Best Thrillers Ever, FBI agent Pendergast discovers thirty-six murdered bodies in a New York City charnel house . . . and now, more than a century later, a killer strikes again. While FBI agent Pendergast investigates the old crimes, identical killings start to terrorize the city. The nightmare has begun. Again.

Pendergast--the world's most enigmatic FBI Special Agent--returns to New York City to investigate a murderous cult. William Smithback, a New York Times reporter, and his wife Nora Kelly, a Museum of Natural History archaeologist, are brutally attacked in their apartment on Manhattan's Upper West Side. Eyewitnesses claim, and the security camera confirms, that the assailant was their strange, sinister neighbor--a man who, by all reports, was already dead and buried weeks earlier. While Captain Laura Hayward leads the official investigation, Pendergast and Lieutenant Vincent D'Agosta undertake their own private--and decidedly unorthodox--quest for the truth.
