### **For Times of Trouble**

Three perspectives on the true meaning of Christmas from an apostle of The Church of Jesus Christ of Latter-day Saints.

### **Lost Nation**

Few American religious figures have stirred more passion among adherents and antagonists than Joseph Smith. Born in 1805 and silenced thirty-nine years later by assassins' bullets, he dictated more than one-hundred revelations, published books of new scripture, built a temple, organized several new cities, and became the proclaimed prophet to tens of thousands during his abbreviated life. Among his many novel teachings and practices, none is more controversial than plural marriage, a restoration of the Old Testament practice that he accepted as part of his divinely appointed mission. Joseph Smith taught his polygamy doctrines only in secret and dictated a revelation in July 1843 authorizing its practice

(now LDS D&C 132) that was never published during his lifetime. Although rumors and exposes multiplied, it was not until 1852 that Mormons in Brigham Young's Utah took a public stand. By then, thousands of Mormons were engaged in the practice that was seen as essential to salvation. Victorian America saw plural marriage as immoral and Joseph Smith as acting on libido. However, the private writings of Nauvoo participants and other polygamy insiders tell another, more complex and nuanced story. Many of these accounts have never been published. Others have been printed sporadically in unrelated publications. Drawing on every known historical account, whether by supporters or opponents, Volumes 1 and 2 take a fresh look at the chronology and development of Mormon polygamy, including the difficult conundrums of the Fannie Alger relationship, polyandry, the "angel with a sword" accounts, Emma Smith's poignant response, and the possibility of Joseph Smith offspring by his plural wives. Among the most intriguing are the newly available Andrew Jenson papers containing not only the often-quoted statements by surviving plural wives but also Jenson's own private research, conducted in the late nineteenth century. Telling the story of Joseph Smith's polygamy from the records of those who knew him best, augmented by those who observed him from a distance, may have produced the most useful view of all."

### **The End of Poverty**

### **Joseph Smith's Polygamy, Volume 2**

We try to escape from the play of life and the suffering that being "a person in the world" entails. Our efforts to find spiritual enlightenment have the opposite effect and reinforce an underlying feeling of lack, of separation. In *Life Without a Centre*, Jeff Foster suggests that there is only ever the present appearance of life, with no individual at its core who could ever escape even if they wanted to. The entire spiritual search is nothing more than a game we play with ourselves, the cosmic entertainment. Jeff cuts through the confusion and frustration surrounding the search for escape through spiritual enlightenment, by pointing to the utterly obvious: This moment, and everything that arises in it, is already the liberation that is sought. Life, just as it is, is already what we've been searching for our entire lives. Jeff Foster graduated in astrophysics from Cambridge University. Soon after graduation, life events propelled him onto an intense two-year spiritual search, culminating in the realisation that there was never anything to find in the first place. He currently writes and talks on what some people have called "non-duality," but which he just refers to as "the utterly, utterly obvious."

## **To Mothers**

Author Jeffrey Ahern had longed to serve in the Army since he was thirteen years old. He attained that goal, and in Sons of Hope he narrates the story of his service as an infantry platoon leader during Operation Iraqi Freedom III and IV. Sons of Hope is based on the daily diary entries kept while he was assigned to Delta Company, 3rd Battalion, 172 Infantry (Mountain) from January 2005 to May 2006. Ahern's story begins with the mobilization training the platoon and company endured at Fort Stewart, Georgia, and then Fort Irwin, California, leaving the United States in May 2005. He provides details

on the platoon's counterinsurgency operations, daily patrols, nightly raids, the constant fear of IEDs and suicide bombers, and the never ending search for an unseen enemy. A vivid and detailed account, Sons of Hope provides insight into what life was like for a frontline soldier in Iraq conducting offensive operations. It communicates the importance of the sacrifices soldiers and their families have made in the last decade of war.

### **Broken Things to Mend**

The landmark exploration of economic prosperity and how the world can escape from extreme poverty for the world's poorest citizens, from one of the world's most renowned economists Hailed by Time as one of the world's hundred most influential people, Jeffrey D. Sachs is renowned for his work around the globe advising economies in crisis. Now a classic of its genre, The End of Poverty distills more than thirty years of experience to offer a uniquely informed vision of the steps that can transform impoverished countries into prosperous ones. Marrying vivid storytelling with rigorous analysis, Sachs lays out a clear conceptual map of the world economy. Explaining his own work in Bolivia, Russia, India, China, and Africa, he offers an integrated set of solutions to the interwoven economic, political, environmental, and social problems that challenge the world's poorest countries. Ten years after its initial publication, The End of Poverty remains an indispensable and influential work. In this 10th anniversary edition, Sachs presents an extensive new foreword assessing the progress of the past decade, the work that remains to be done, and how each of us can help. He also looks ahead across the next fifteen years to 2030, the United Nations' target date for ending extreme poverty, offering new insights and recommendations. From the Trade Paperback edition.

### **The Hell with Love**

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws

teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

### **Sacred Innocence**

### **Accomplishing the Impossible**

This heart-wrenching collection of poems expresses the anger, hurt, depression of loss - asking why, analysing rifts and striving for explanation.

### **Approaching Zion**

The 40th anniversary edition of the classic Newbery Medal-winning title by beloved author Katherine Paterson, with brand-new bonus materials including an author's note by Katherine herself and a foreword by New York Times bestselling author Kate DiCamillo. Jess Aarons has been practicing all summer so he can be the fastest runner in the fifth grade. And he almost is, until the new girl in school, Leslie Burke, outpaces him. The two become fast friends and spend most days in the woods behind Leslie's house, where they invent an enchanted land called Terabithia. One morning, Leslie goes to Terabithia without Jess and a tragedy occurs. It will take the love of his family and the strength that Leslie has given him for Jess to be able to deal with his grief. *Bridge to Terabithia* was also named an ALA Notable Children's Book and has become a touchstone of children's literature, as have many of Katherine Paterson's other novels, including *The Great Gilly Hopkins* and *Jacob Have I Loved*.

### **Modesty, Makeovers, and the Pursuit of Physical Beauty**

"In this great, eternal work, mothers have carried the torch of faith and family from the beginning. The need for that torch to burn brightly and dispel darkness has never been greater," writes Elder Jeffrey R. Holland of the Quorum of the Twelve Apostles. In this thoughtful book for mothers, Elder and Sister Holland reflect on the crucial role of motherhood in fulfilling the purposes of eternity, as well as the challenges that all mothers experience. Filled with hope and encouragement, their message will resonate mothers in all of life's stages. Concludes Elder Holland, "To all mothers in every circumstance, including those who struggle, I say, 'God bless you. You are doing better than you think you are.'"

## **Act in Doctrine**

### **Bridge to Terabithia**

Lost Nation delves beneath the bright, promising veneer of early-nineteenth-century New England to unveil a startling parable of individualism and nationhood. The novel opens with a man known as Blood, guiding an oxcart of rum toward the wild country of New Hampshire, an ungoverned territory called the Indian Stream — a land where the luckless or outlawed have made a fresh start. Blood is a man of contradictions, of learning and wisdom, but also a man with a secret past that has scorched his soul. He sets forth to establish himself as a trader, hauling with him Sally, a sixteen-year-old girl won from the madam of a brothel over a game of cards. Their arrival in the Indian Stream triggers an escalating series of clashes that serves to sever the master/servant bond between them, and offers both a second chance with life. But as the conflicts within the community spill over and attract the attention of outside authorities, Blood becomes a target to those seeking easy blame for their troubles. As plots unravel and violence escalates, two young men of uncertain identity appear, and Blood is forced to confront dreaded apparitions of his past, while Sally is offered a final escape.

## **Holding Fast**

Introducing a major new doctrinal work written by Elder Jeffrey R. Holland who shares his apostolic witness of the central figure of the Book of Mormon—the Lord Jesus Christ. For most of a decade, Elder Holland has read the Book of Mormon repeatedly and thoroughly, focusing on all references to the Savior and his teachings. The result is an intelligent observation and thorough study of the Book of Mormon's contribution to our understanding of Christ. On the illustrated edition: Elder Holland's classic examination of Jesus Christ as the "principal and commanding figure" in the Book of Mormon is now available as an illustrated keepsake. This landmark book explores what the Book of Mormon reveals about the character, attributes, and mission of our Savior. In his warm and thoughtful style, Elder Holland explains why, more than any other book, the Book of Mormon "has taught me to love the Lord Jesus Christ and to consider the full wonder and
