Scouting

Scouting for Boys: A handbook for instruction in good citizenship is a book on Boy Scout training, published in various editions since 1908. Early editions were written and illustrated by Robert Baden-Powell with later editions being extensively rewritten by others. The book was originally a manual for self-instruction in observation, tracking and woodcraft skills as well as self-discipline and self-improvement, about the Empire and duty as citizens with an eclectic mix of anecdotes and unabashed personal observations and recollections. It is pervaded by a degree of moral proselytizing and references to the author's own exploits. It is based on his boyhood experiences, his experience with the Mafeking Cadet Corps during the Second Boer War at the Siege of Mafeking, and on his experimental camp on Brownsea Island, England.

Over the past century, America's Eagle Scouts have earned a reputation for service, virtue, and leadership that is recognized throughout the world. But few

people realize the full extent to which Eagle Scouts have made a mark on American history. They have served as astronauts, soldiers, politicians, and businessmen, but they have also been the fathers, brothers, Scoutmasters, coaches, and other role models who have played an integral part in American life. Alvin Townley set out across the country to hear the stories of these Eagle Scouts. He spoke with individuals from every region, of every age and every background, some of whom have risen to fame as public figures while others have left a lasting impact outside of the spotlight. The Eagle Scouts who share their experiences include Bill Gates, Sr., Bill Bradley, J. W. Marriott, Jr., Ross Perot, Michael Bloomberg, Richard Lugar, Michael Dukakis, Supreme Court Justice Stephen Breyer, Treasury Secretary Hank Paulson, coach Chan Gailey, and Capt. Jim Lovell of Apollo 13. The book also explores the virtues of a Tuskegee Airman, a Vietnam War POW, a September 11 NYPD hero, a crew of Hurricane Katrina relief workers, and a host of others from every walk of life. During his journey, Alvin discovered stories of character, courage, and inspiration that belong not only to Eagle Scouts but to all Americans. These stories form the heart of Legacy of Honor and offer us a chance to appreciate the profound impact that Eagle Scouts have had on American history and the lasting role they will play in our country's future.

In this latest full color edition, Geoff takes anglers through the precise methods and processes needed to the sometimes difficult knots that modern fishing lines requires. There are chapters dealing with knots for terminal tackle, loops, super lines, leaders, dacron, doubles, float fishing, fly fishing and even commercial knots.

“Bill Foege takes us inside the world's greatest public health triumph: the eradication of smallpox. It's a story of true determination, passion and courage. The story of smallpox should encourage all of us to continue the critical work of worldwide disease eradication.”--Bill Gates, Co-Chair of the Bill & Melinda Gates Foundation “Bill Foege is one of the public health giants of our times. He was responsible for the design of the campaign that eradicated smallpox—the most important global health achievement in history and possibly the greatest feat in any field of international cooperation. His insights into the nature of this major event will undoubtedly help to meet the global health challenges of the 21st century.”—Julio Frenk, M.D, PhD, Dean, Harvard School of Public Health “The eradication of a disease has long been the holy grail of global health and Bill Foege found it: more than any other person, he was responsible for the eradication of smallpox from the face of the earth. This is a story told by a remarkably humble man, about the extraordinary coalition that he helped to build, and the most impressive global health accomplishment the world has ever seen.”—Mark Rosenberg, author of *Real Collaboration: What It Takes for Global Health to Succeed* “I am thrilled that Bill Foege, one of the great heroes of the smallpox eradication campaign, has written this important book. It tells a beautiful human story of an incredible public health triumph, and is full of lessons that could be applied to many of the global challenges we face today.”—Helene D. Gayle MD,

Lucas, MD, DSc, author of *It Was The Best of Times: From Local to Global Health* “Smallpox is the most devastating disease the world has known, as it destroyed lives and shaped history over the centuries. *House on Fire* provides a day-to-day account by my friend Dr. Bill Foege of the battle required to defeat this wily and diabolic virus.”--President Jimmy Carter

This book is my report card on myself. I could have done many things better if I had been so inclined. Perhaps during my next eighty years, I'll be more inclined. If I were a cheerleader, I would say, "Hooray for my side!" Why? Because my side represents the humanists' side, a side that is struggling to eliminate or degrade institutional racism in America and my side will win this struggle.—Christopher C.
