Business Ethics

BUSINESS AND SOCIETY employs a stakeholder management framework. This framework emphasizes a business's social, legal, political, and ethical responsibilities to both external and internal groups that have a stake, or interest, in that business. It is a fundamental goal of the course that students really get that responsible business decision makers strive to balance and protect the interests of various stakeholders-investors, employees, community, environment, etc. An emphasis is also placed on the fact that one needs to understand that business situations will continually arise that will truly test one's values and ethics. BUSINESS AND SOCIETY not only exposes students to diverse and important stakeholder and ethical frameworks for considering and protecting stakeholder interests, through its use of cases and other real-world applications, this text enhances the precision with which students think about and practice ethical decision making. Opportunities to apply stakeholder and ethical systems to specific business problems abound, and questions are provided with all cases and applications to focus student reasoning, ensuring excellent preparation for class discussions.

Business Ethics

The definitive sourcebook for basic legal knowledge, this reference covers the majority of legal issues in nursing in depth, citing current case examples from courts throughout the United States. It provides practical tips for improving patient care and reducing liability risks, and answers the legal questions most commonly asked by nurses. Offers a thorough explanation of the law, its sources, doctrines, and court system, and combines legal and ethical topics to show readers how both concepts affect nursing practice in all clinical settings. Features You Be the Judge/You Be the Ethicist sections that gives facts (many in great detail) from actual court cases (dating from 1993 to the present), along with questions that direct readers to consider chapter content in light of real court cases.

Business and Its Environment

Using real examples of ethical issues in today's workplace, *BUSINESS & PROFESSIONAL ETHICS, 8E* provides readers with the strategies needed to make the most ethical decisions possible -- no matter what the situation. By integrating the latest information on ethics, governance scandals, legal liability, and professional accounting and audit issues, this edition highlights the most recent ethical issues in today's business environment. The book examines the background and nature of the new stakeholder-support era of corporate and professional accountability and governance with valuable insights into the effective behavior patterns of directors, executives, and accountants. More than 120 current cases and key readings provide an interesting, challenging, and practical learning experience. Intriguing real-world situations equip readers with an understanding of appropriate values, ethical pitfalls, applicable codes of conduct, and sound ethical reasons. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics

Can a corporation have a conscience? What is wrong with reverse discrimination? Can ethical management and managed care coexist? Hoffman, Frederick, and Schwartz address these and many other current, intriguing, often complex issues in corporate morality. This introductory business ethics text contains a thorough general introduction on ethical theory, 54 readings, and 25 cases. Divided into five parts, each with an introduction that presents the major themes of its articles and cases, the text contains an impartial, point-counterpoint presentation of different perspectives on the most important issues being debated in business ethics. Each chapter ends with questions that can be used for student discussion, review, tests/quizzes, or for student assignments. The fourth edition has 27 new readings, 15 new cases, and 10 new mini-cases.

MLA Handbook for Writers of Research Papers

The best-selling text of its kind on the market, *BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS, 7th Edition* gets behind the decision-making process of business leaders today to illustrate why good leaders often make questionable decisions. This fascinating collection exposes common themes in less-than-ethical decision making, and shows why leaders make ethical compromises in business that they would not make in their personal lives. A combination of short and long cases, readings, hypothetical situations, and current ethical dilemmas, *BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS* provides students with a stimulating and thorough basis for evaluating business ethics, and encourages stronger values in future business leaders. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Meeting the Ethical Challenges of Leadership

Ethical Issues in Developing Business Policies Ethics and the Conduct of Business is

a comprehensive and up-to-date discussion of the most prominent issues in the field of business ethics, and the major positions and arguments on these issues. Numerous real-life examples and case studies are used throughout the book to increase understanding of issues, stimulate class discussion, and show the relevance of the discussion to real-life business practice. Note: The focus of Ethics and the Conduct of Business is primarily on ethical issues that corporate decision makers face in developing policies about employees, customers, and the general public. The positions and arguments on these issues are taken from a wide variety of sources, including economics and the law. Teaching and Learning Experience Improve Critical Thinking - A substantial amount of legal material is contained within Ethics and the Conduct of Business. Not only because the law addresses many ethical issues, but also because the management decision-making process must take into account relevant legal practices. Engage Students - This book employs fifty case studies that firmly illustrate the wide variety of issues pertaining to business ethics and enable students to engage in ethical decision making. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Plus, a substantial number of cases within Ethics and the Conduct of Business provide the opportunity for a case-study approach or a combined lecture/discussion format for your course.

Justice, Crime, and Ethics

Business and Society

Resolving Moral Issues in Business. The ethical landscape of business is constantly changing, and the new edition of Business Ethics: Concepts and Cases has been revised to keep pace with those changes most effecting business: accelerating globalization, constant technological updates, proliferating of business scandals. Business Ethics: Concepts and Cases introduces the reader to the ethical concepts that are relevant to resolving moral issues in business; imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions; identifies moral issues specific to a business; provides an understanding of the social, technological, and natural environments within which moral issues in business arise; and supplies case studies of actual moral conflicts faced by businesses.

Environmental Ethics: Readings in Theory and Application

For courses in Business Ethics, Moral Issues in Business, Social Issues in Business, Business and Society, International Business Ethics, and Issues in International Business. This systematic, integrated investigation of the field of business ethics is presented from an informed philosophical point of view. It argues that ethics is the glue as well as the oil that makes business possible, addressing the full gamut of issues: from such macro considerations as the moral justification of economic systems to such micro issues as proper computer use by employees.

The Methods of Ethics

This highly effective text provides superior legal, ethical, and regulatory coverage while fully integrating practical business practices for tomorrow's business managers. Legal topics are explored and explained through real-world business examples (over 300 references to business are made in the text). In addition to a solid foundation in the law, students learn valuable legal and ethical reasoning skills through a variety of critical thinking exercises. Students receive -- and appreciate -- practical advice on when it is necessary to call a lawyer, how best to use legal aid services and how to avoid legal trouble in the first place. This text fulfills current curricular and AACSB accrediting standards.

The Counselor and the Law

MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business & Professional Ethics for Directors, Executives & Accountants

Promotes a deeper understanding of markets, corporate responsibility and business ethics Markets, Ethics, and Business Ethics provides an introductory discussion on basic, challenging concepts of business ethics: markets, property rights, law, and corporations. This title presents a balance of institutional perspectives and the concrete decisions people make within those institutions. The text studies the rules and incentives of a business system as well as the ethical decisions that people confront within their roles as consumers, investors, managers, owners, employees, and citizens. MySearchLab is a part of the Scalet program. Research and writing tools, including access to academic journals, help students explore ethics in even greater depth. To provide students with flexibility, students can download the eText to a tablet using the free Pearson eText app. Learning Goals Upon completing this book, readers should be able to: Assess arguments that respond to each other by either criticizing what has gone before or by developing themes in alternative ways. Recognize Debate any given topic by considering the structure of the best competing arguments for any given position Critically assess leading controversies in business ethics NOTE: MySearchLab does not come automatically packaged with this text. Moral Issues in Business

Ethics is at the heart of leadership. All leaders assume ethical burdens and must make every effort to make informed ethical decisions and foster ethical behavior among followers. The Sixth Edition of *Meeting the Ethical Challenges of Leadership: Casting Light or Shadow* explores the ethical demands of leadership and the dark side of leadership. Author Craig E. Johnson takes a multidisciplinary approach to leadership ethics, drawing from many fields of research to help readers make moral decisions, lead in a moral manner, and create an ethical culture. Packed with real-world case studies, examples, self-assessments, and applications, this fully-updated new edition is designed to increase students' ethical competence and leadership abilities.

Business Ethics

Each chapter in *The Counselor and the Law* has been updated to reflect changes in the 2014 ACA Code of Ethics, findings of recent court cases, and new federal and state legislation. Attorney Nancy Wheeler and Burt Bertram, a private practitioner and counselor educator, provide a comprehensive overview of the law as it pertains to counseling practice; an in-depth look at counselors' legal and ethical responsibilities; and an array of risk management strategies. This edition contains a thoroughly updated chapter on distance counseling, technology, and social media; regulatory updates to the HIPAA and the HITECH Act; and recent case law developments regarding legal risks for counselor educators. The issues surrounding civil malpractice liability, licensure board complaints, confidentiality, duty to warn, suicide and threats of harm to self, professional boundaries, records and documentation, and managing a counseling practice are also addressed in detail. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org.

Managing Business Ethics

The *Corporate Director's Guidebook* is recognized as the premier authority on the director's role and the board's functions. It is read, consulted and cited by board members, executives, lawyers and academics nationwide. Now available as a new Fifth Edition, the *Guidebook* completely updates its fourth edition published in 2004. This new Fifth Edition addresses recent effects the Sarbanes-Oxley Act has had in the corporate governance arena and its impact on the legal responsibilities of directors of public companies.

Ethics for the Information Age, Global Edition

Blending theory with practical applications, the 7th Edition of *LAW AND ETHICS IN THE BUSINESS ENVIRONMENT* presents modern issues in business ethics with the latest in case law for a thought-provoking and engaging text. Student-friendly in tone, the text doesn't shy away from controversial topics; rather it encourages lively classroom debate on everything from privacy and workers' rights to diversity

and stereotyping. Worlds away from the typical rote learning text, LAW AND ETHICS IN THE BUSINESS ENVIRONMENT employs insightful end-of-chapter and case questions to sharpen students' critical-thinking skills, along with historical quotes, chapter projects, and a wealth of Internet-based, interactive assignments like role plays, mock trials, roundtables, and more! Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics in Criminal Justice

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. This interesting, comprehensive book about business ethics argues that ethics is the 'glue' that makes successful business possible. It allows the reader to see the whole range of issues in business ethics rather than just selected topics. Its focus on internationalization and globalization is important, as it relates facts about this dynamic, growing aspect of corporate business. Business Ethics 7e not only covers ethics, it also includes such topics as: management, production, marketing, finance, workers' rights, and environmental issues; it enables readers to see how all of the issues presented are interrelated. An excellent resource and reference text for international corporate employees, marketing administrators, and human resource managers and employees.

Business Ethics: A Textbook with Cases

"This practical guide is ideal both for teaching future members of the profession about their ethical responsibilities and for reinforcing ethical competence among current professionals. We strongly recommend this book." Jeffrey E. Barnett, PsyD, ABPP W. Brad Johnson, PhD Loyola University Maryland United States Naval Academy Coauthors, Ethics Desk Reference for Counselors, 2nd Edition "Herlihy and Corey's text boosts the reader's ethical understanding leaps and bounds above mere reading of the ACA Code of Ethics. With multifaceted case study examples and an integrated approach to tackling ethical dilemmas, this book is a must-read for students, counselors, counselor educators, and supervisors." Shannon Hodges, PhD Michael Knight Niagara University Graduate Student, Niagara University ACA Ethics Revision Task Force Member The seventh edition of this top-selling text provides a comprehensive resource for understanding the 2014 ACA Code of Ethics and applying its principles to daily practice. Each individual standard of the Code is presented with an explanatory case vignette, and a Study and Discussion Guide is provided at the beginning of each major section of the Code to stimulate thought and discussion. Common ethical concerns, with instructive case studies, are then explored in individual chapters. Topics addressed include client rights and informed consent, social justice and counseling across cultures, confidentiality, counselor competence, working with minor clients, managing boundaries, client harm to self or others, counselor training and supervision, research and publication, and the intersection of ethics and law. Chapters new to this edition examine managing value conflicts and the issues surrounding new technology, social media, and online counseling. The Casebook also contains an Inventory of Attitudes and Beliefs About Ethical Issues to assist counselors in developing a personal ethical stance. *Requests for digital versions

from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org.

Law and Ethics in the Business Environment

TRY (FREE for 14 days), OR RENT this title: www.wileystudentchoice.com Linda Treviño and Kate Nelson bring together a mix of theory and practice in *Managing Business Ethics: Straight Talk about How to Do It Right*, 7th Edition. In this new edition, the dynamic author team of Linda Treviño, prolific researcher and Distinguished Professor, and Kate Nelson, Professor and longtime practitioner of strategic organizational communications and human resources, equip students with the pragmatic knowledge they need to identify and solve ethical dilemmas, understand their own and others' ethical behavior, and promote ethical behavior in their organization. *Managing Business Ethics* is the perfect text to prepare students for a range of roles in the business world--managers across business functions, communications professionals, compliance officers, corporate counsels, human resources managers, and senior executives.

Business Ethics, Seventh Edition

The Ethics of Management: A Multidisciplinary Approach combines economic outcomes, legal requirements, and ethical principles to provide an explicit three-part framework to analyze problems faced by today's businesses.

Legal and Ethical Issues in Nursing

This text stresses the importance of considering ethics as an issue that can be taught and managed. It provides readers with an understanding of how corporations can positively influence the behaviour of employees.

Giving Voice to Values

This Hackett edition, first published in 1981, is an unabridged and unaltered republication of the seventh (1907) edition as published by Macmillan and Company, Limited. From the forward by John Rawls: In the utilitarian tradition Henry Sidgwick (1838-1900) has an important place. His fundamental work, *The Methods of Ethics* (first edition 1874, seventh and last edition 1907, here reprinted), is the clearest and most accessible formulation of what we may call 'the classical utilitarian doctrine.' This classical doctrine holds that the ultimate moral end of social and individual action is the greatest net sum of the happiness of all sentient beings. Happiness is specified (as positive or negative) by the net balance of pleasure over pain, or, as Sidgwick preferred to say, as the net balance of agreeable over disagreeable consciousness. . . .

Business Ethics: Pearson New International Edition

Provides guidelines and examples for handling research, outlining, spelling, punctuation, formatting, and documentation.

Business Ethics

This book is appropriate for any standalone Computers and Society or Computer Ethics course offered by a computer science, business, or philosophy department, as well as special modules in any advanced CS course. In an era where information technology changes constantly, a thoughtful response to these rapid changes requires a basic understanding of IT history, an awareness of current issues, and a familiarity with ethics. *Ethics for the Information Age* is unique in its balanced coverage of ethical theories used to analyze problems encountered by computer professionals in today's environment. By presenting provocative issues such as social networking, government surveillance, and intellectual property from all points of view, this market-leading text challenges students to think critically and draw their own conclusions, which ultimately prepares them to become responsible, ethical users of future technologies. *Teaching and Learning Experience* This program presents a better teaching and learning experience—for you and your students. It will help: **Encourage Critical Thinking:** A balanced, impartial approach to ethical issues avoids biased arguments, encouraging students to consider and analyze issues for themselves. **Keep Your Course Current**

and Relevant: A thoughtful response to information technology requires an awareness of current information-technology-related issues. Support Learning: Resources are available to expand on the topics presented in the text.

The Moral of the Story: An Introduction to Ethics

This collection of readings and cases begins with an introduction to moral reasoning, and then provides students with a wide range of opportunities to apply ethical theory to real contemporary managerial situations - including issues facing managers in the next century. Each section contains a case study and relevant theoretical articles that range from classics in philosophy to modern commentaries by business practitioners.

Ethics and Law for School Psychologists

Ethics and Law for School Psychologists is the single best source of authoritative information on the ethical and legal issues school psychologists face every day. Designed specifically to meet the unique needs of psychologists in school settings, this book includes the most up-to-date standards and requirements while providing an introduction to ethical codes, ethical decision making, and the legal underpinnings that protect the rights of students and their parents. This new seventh edition has been extensively updated with the latest research and changes to the law, with an increased focus on ethical-legal considerations associated with the use of digital technologies. Coverage includes new case law on privacy rights, electronic record keeping, the 2014 Standards for Educational and Psychological Testing, digital assessment platforms, the latest interpretations of the Individuals with Disabilities Education Act, and more. Ethics texts for counseling and psychology are plentiful, and often excellent—but this book is the only reference that speaks directly to the concerns and issues specific to psychologists in school settings. Case vignettes, end-of-chapter questions, and discussion topics facilitate deeper insight and learning, while updated instructor's resources bring this key reference right into the classroom. Keeping up with the latest research and legal issues is a familiar part of a psychologist's duties, but a practice centered on children in an educational setting makes it both critical and more complex. Ethics and Law for School Psychologists provides a central resource for staying up to date and delivering ethically and legally sound services within a school setting.

Business & Society

Introducing the fundamentals of ethical theory, *Ethics in Criminal Justice: In Search of the Truth*, Seventh Edition, exposes the reader to the ways and means of making moral judgments by exploring the teachings of the great philosophers, sources of criminal justice ethics, and ethical issues in the criminal justice system. It is presented from two perspectives: a thematic perspective that addresses ethical principles common to all components of the discipline, and an area-specific perspective that addresses the state of ethics in criminal justice in the fields of policing, corrections, and probation and parole. The seventh edition features discussion of current critical issues in criminal justice: accusations of racism, police

shootings, stop and frisk policy, marijuana laws, mass incarceration, life sentences, prison privatization, the swift and certain deterrence model of probation, excessive probation fees, and the Good Lives Model in corrections. The seventh edition also offers completely revised coverage of capital punishment and the rehabilitation debate, and a discussion of how juvenile justice often fails to live up to its ideals. Finally, the book features new case studies of recent ethical dilemmas in criminal justice to enhance students' understanding of real-life ethics decision-making. Suitable for advanced undergraduates or graduate students in criminal justice programs in the US and globally, this text offers a classical view of ethical decision-making and is well-grounded in specific case examples.

Business Ethics: Case Studies and Selected Readings

BUSINESS ETHICS, Eighth Edition guides you through the process of thinking deeply about important moral issues that frequently arise in business situations, and also helps you develop the reasoning and analytical skills to resolve those issues if and when you might face them. Combining insightful and accessible textbook chapters by the author with cases that highlight the real-world importance of key ethical concepts, this book provides a comprehensive, flexible, and pedagogically proven course of study that explores the intersections of commerce and ethics. Shaw's uniquely thorough and practical guide brings clarity to such critical topics as the nature of morality, individual integrity and responsibility, economic justice, concepts of capitalism, and the role of corporations in our society (including their responsibilities to consumers and to the environment), and real-life moral issues that arise in the workplace. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Managing Business Ethics

ENVIRONMENTAL ETHICS, 7th Edition presents the main issues in environmental ethics using a diverse set of readings arranged in dialogue format. The seventh edition of this popular anthology features selections from contemporary authors as well as readings from classic writers, all chosen for their clarity and accessibility. By exploring both sides of every topic, this edition helps students quickly grasp each subject and move from theory to application. Making this textbook even more enjoyable to read include new sections on Environmental Justice, Climate Change, Food Ethics, Nature and Naturalness, Sustainability, Population and Consumption, Future Generations, and Holism. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics

Packed with real-life examples of business decisions gone awry, the book explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the

common factors that push them over ethical lines they might not otherwise cross.

The Ethics of Management

Ethics for Today This is a pragmatic, hands - on, up - to - date guide to determining right and wrong in the business world. Joseph Weiss integrates a stakeholder perspective with an issues - oriented approach so students look at how a business's actions affect not just share price and profit but the well - being of employees, customers, suppliers, the local community, the larger society, other nations, and the environment. Weiss uses a wealth of contemporary examples, including twenty - three customized cases that immerse students directly in recent business ethics dilemmas and ask them to consider how they would resolve them. The recent economic collapse raised ethical issues that have yet to be resolved - there could not be a better time for a fully updated edition of Weiss's classic, accessible blend of theory and practice. **New to the Sixth Edition! New Cases!** Fourteen of the twenty - three cases in this book are brand new to this edition. They touch on issues such as cyberbullying, fracking, neuromarketing, and for - profit education and involve institutions like Goldman Sachs, Google, Kaiser Permanente, Walmart, Ford, and Facebook. **Updated Throughout!** The text has been updated with the latest research, including new national ethics survey data, perspectives on generational differences, and global and international issues. Each chapter includes recent business press stories touching on ethical issues. **New Feature!** Several chapters now feature a unique Point/Counterpoint exercise that challenges students to argue both sides of a contemporary issue, such as too - big - to - fail institutions, the Boston bomber Rolling Stone cover, student loan debt, online file sharing, and questions raised by social media.

Business

Justice, Crime, and Ethics, a leading textbook in criminal justice programs, examines ethical dilemmas pertaining to the administration of criminal justice and professional activities in the field. Comprehensive coverage is achieved through focus on law enforcement, legal practice, sentencing, corrections, research, crime control policy, and philosophical issues. The contributions in this book examine ethical dilemmas pertaining to the administration of criminal justice and professional activities in the field.

Business Ethics

Ethical Issues in Business

The five volumes of this ultimate resource recognize the inherent unity between business ethics and business and society, that stems from their shared primary concern with value in commerce. This Encyclopedia spans the relationships among business, ethics, and society by including more than 800 entries that feature broad coverage of corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment.

ACA Ethical Standards Casebook

How can you effectively stand up for your values when pressured by your boss, customers, or shareholders to do the opposite? Drawing on actual business experiences as well as on social science research, Babson College business educator and consultant Mary Gentile challenges the assumptions about business ethics at companies and business schools. She gives business leaders, managers, and students the tools not just to recognize what is right, but also to ensure that the right things happen. The book is inspired by a program Gentile launched at the Aspen Institute with Yale School of Management, and now housed at Babson College, with pilot programs in over one hundred schools and organizations, including INSEAD and MIT Sloan School of Management. She explains why past attempts at preparing business leaders to act ethically too often failed, arguing that the issue isn't distinguishing what is right or wrong, but knowing how to act on your values despite opposing pressure. Through research-based advice, practical exercises, and scripts for handling a wide range of ethical dilemmas, Gentile empowers business leaders with the skills to voice and act on their values, and align their professional path with their principles. *Giving Voice to Values* is an engaging, innovative, and useful guide that is essential reading for anyone in business.

Markets, Ethics, and Business Ethics

Business Ethics

Ethics and the Conduct of Business

Encyclopedia of Business Ethics and Society

Businesses compete in many ways, including nonmarket areas like corporate responsibility. Learn how to sharpen your firm's competitive edge. Baron's integrated approach combines the disciplines of economics, political science, law, and ethics to provide a deeper understanding of the managerial issues that arise in the business landscape. The seventh edition includes four new chapters on financial markets and their regulation, the investor's perspective and renewable power, the political economy of India, and behavioral ethics. The book also includes 26 new cases on timely topics.
