Service Excellence @ Novell

With libraries under the gun to provide more and better services, and with fewer resources in many cases, they need to come up with innovative and reliable ways to fund new initiatives. Providing targeted access to the most promising major givers, The Big Book of Library Grant Money 2002-2003 is the largest directory available, pulled from an authoritative and upto-the-minute database of library-specific funders. This forward-looking edition includes more than 2,175 private and corporate foundations and givers that have either indicated an interest in giving money to libraries or have already done so. Organized by state, potential donors in The Big Book are profiled with contact and portfolio information, past contributions summary and analysis, and application information. With historical data, you can track contributions and assets and predict future giving patterns. Offering you the most hooks for connecting with actual people, The Big Book also provides biographical information on more than 34,000 foundation officers, directors, trustees, and corporate officers. As an added feature, ALA's own development office experts have included tips on winning grants for libraries. Tailo

Excellent business communication skills are especially important for information management professionals, particularly records managers, who have to communicate a complex idea: how an effective program can help the organization be better prepared for litigation, and do it in a way that is persuasive in order to win records program support and budget. Six Key Communication Skills for Records and Information Managers explores those skills that enable records and information to have a better chance of advancing their programs and their careers. Following an introduction from the author, this book will focus on six key communication skills: be brief, be clear, be receptive, be strategic, be credible and be persuasive. Honing these skills will enable readers to more effectively obtain support for strategic programs, communicate more effectively with senior management, IT personnel and staff, and master key forms of business communication including written, verbal and formal presentations. The final chapter will highlight one of the most practical applications of applying the skills for records and information managers: the business case. Based on real events, the business cases spotlighted involve executives who persuaded organizations to adopt new programs. These case histories bring to life many of the six keys to effective communication. addresses communication skills specifically for records and information managers while clarifying how these skills can also benefit professionals in any discipline includes case history examples of how communications skills made a difference in business and/or personal success focuses on written, verbal and presentation skills, where many books emphasize only one of these areas

Now you can identify valuable links and contacts between your organization's leaders and the trustees, donors, officers, and directors of corporate foundations. This handy reference book provides complete profiles of the 1,000 largest corporate foundations and corporate direct giving programs in the U.S.-the funding sources that represent nearly \$5.6 billion in cash and nonmonetary support annually. Each company profiled makes contributions of at least \$200,000 annually, including nonmonetary support. Includes information on difficult-to-research direct giving programs that are not included on IRS Forms 990 or corporate annual reports. Listings include complete contact information, giving philosophy, application procedures, restrictions, and information on specific grants given. Fourteen indexes (eight devoted to corporations/foundations and six biographical) provide multiple access points to the data that helps you target specific philanthropic institutions and executives who can influence grant decisions. Corporate Giving Directory delivers the latest information on program priorities, giving preferences, evaluation criteria, corporate and foundation officers and directors, and all the other data you need to help your nonprofit organization gain a crucial edge as corporate philanthropy budgets tighten.
