The Last Good Girl

A history of advertising

A saga of a British family and the Great War from “one of those writers who can see into the past and help us feel its texture” (Hilary Mantel). Growing up at Ellinghurst, their crumbling family estate, all three Melville children dream of escape. Headstrong Jessica yearns for the glitter and glamour of London, while Phyllis longs to attend university. The adored Theo, meanwhile, eclipses everyone around him. But none of the children take much notice of Oskar Grunewald, their mother’s science-obsessed godson, who seeks refuge in Ellinghurst’s enormous library. Then the cataclysm of the Great War devastates the Melvilles’ lives and reshapes their futures, and Jessica and Phyllis must forge new paths in a world that no longer plays by the old rules. As Oskar is drawn reluctantly back into the Melville family fold, his life entwines with theirs in ways that will transform them forever. One of the Washington Post’s Notable Fiction Books of 2015 and a New York Times Editor’s Choice, *We That Are Left* is “[a] lavishly detailed historical novel that doesn’t just recreate the past but alters your perception of it” (The New York Times Book Review).

New Orleans as It Was

“A fast-paced adventure combined with an engrossing mystery, all set in a unique and original fantasy world. I can't wait to find out what happens next!” —Martha Wells, Hugo Award-winning author on *For the Killing of Kings* In this sequel to *For the Killing of Kings*, Howard Andrew Jones returns to the ring-sworn champions of

the Altenerai in *Upon the Flight of the Queen* to continue this thrilling, imaginative and immersive epic fantasy trilogy. While the savage Naor clans prepare to march on the heart of the Allied Realms, Rylin infiltrates the highest of the enemy ranks to learn their secrets and free hundreds of doomed prisoners. His ailing mentor Varama leads the ever-dwindling Altenerai corps in a series of desperate strikes to cripple the Naor occupiers, hoping for a relief force that may not come in time to save what's left of the city and her charges. Elenai, Kyrkenall, and the kobalin Ortok ride through the storm-wracked Shifting Lands to rekindle an alliance with the ko'aye, the only possible counter to the terrible Naor dragons. Even if they survive the hazardous trek deep through kobalin territory to find the winged lizards, though, the three are unlikely to get a warm reception, for the queen of the five realms refused to aid the ko'aye when their homelands were attacked, and the creatures have long memories. While the Altenerai fight impossible odds to save the realms, their queen delves further and deeper into the magic of the mysterious hearthstones in a frantic attempt to unlock secrets that might just destroy them all. Praised for his skills in drafting modern epic fantasy that engrosses and entertains, Howard Andrew Jones delivers a sequel that expands the amazing world, relationships, and adventure introduced in the first book of this series.

A provocative and heart-wrenching novel about family, loss, and loyalty from acclaimed and bestselling author Chris Crutcher. Losers Bracket is the powerful and gripping new novel by the author of Staying Fat for Sarah Byrnes and Whale Talk. When it comes to family, Annie is in the losers bracket. While her foster parents are great (mostly), her birth family would not have been her first pick. And no matter how many times Annie tries to write them out of her life, she always gets sucked back into their drama. Love is like that. But when a family argument breaks out at Annie's swim meet and her nephew goes missing, Annie might be the only one who can get him back. With help from her friends, her foster brother, and her social service worker, Annie puts the pieces of the puzzle together, determined to find her nephew and finally get him into a safe home. Award-winning author Chris Crutcher's books are strikingly authentic and unflinchingly honest. Losers Bracket is by turns

gripping, heartbreaking, hopeful, and devastating, and hits the sweet spot for fans of Andrew Smith and Marieke Nijkamp.

Revision No. 1 (June 24, 2018) corrects index page numbers and adds or changes minor content.* Old Jamestown, Missouri, in far north St. Louis County, has a long and rich history that includes an American Indian settlement associated with Cahokia Mounds, land grant holders of English and Scottish heritage who arrived in the late 1700s, German immigrant farmers who came during the 1800s, and prominent wealthy families who arrived in the mid-1900s. As early as 1805, Old Jamestown ferries crossed the Missouri River to provide connections from St. Louis and Florissant to St. Charles County, which is home to Portage des Sioux, an early military outpost, and the City of St. Charles, Missouri's first state capitol. With only two miles separating the Missouri and Mississippi Rivers just to the north, Old Jamestown was also connected to Illinois locations. Today Old Jamestown has some subdivisions but development is limited because of the karst (sinkhole) topography.*Revision 1 changes are in a 5-page pdf file linked to www.oldjamestownassn.orgRoyalties for this book are

The closing of local mines and factories collapsed the economic and social structure of Ivanhoe, Virginia, a small, rural town once considered a dying community "on the rough side of the mountain." Documenting the creative survival techniques developed by Ivanhoe citizens in the aftermath, *It Comes from the People* tells how this community organized to revitalize the town and demand participation in its future. Photos, interviews, stories, songs, poems, and scenes from a local theater production tell how this process of rebuilding gradually uncovered the community's own local theology and a growing consciousness of cultural and religious values. A significant aspect of this social transformation in Ivanhoe, as in many rural areas, was the emergence of women as leaders, educators, and organizers, developing new approaches to revive the economy and the people simultaneously. This book is unusually open about the difficult process faced by outside researchers working with community members to describe community life. It discusses the inherent dilemmas frankly and presents a model for those who engage in community studies and ethnographic research. Author note: Mary Ann Hinsdale is Associate Professor of Religious Studies at Boston College. Helen M. Lewis is Interim Director of the Appalachian Center at Berea College in Kentucky. S. Maxine Waller is President of the Ivanhoe Civic League and directs community-based student volunteer programs in Virginia.

universal underdog story about the horse who came out of nowhere to become a legend. Seabiscuit was one of the most electrifying and popular attractions in sports history and the single biggest newsmaker in the world in 1938, receiving more coverage than FDR, Hitler, or Mussolini. But his success was a surprise to the racing establishment, which had written off the crooked-legged racehorse with the sad tail. Three men changed Seabiscuit's fortunes: Charles Howard was a onetime bicycle repairman who introduced the automobile to the western United States and became an overnight millionaire. When he needed a trainer for his new racehorses, he hired Tom Smith, a mysterious mustang breaker from the Colorado plains. Smith urged Howard to buy Seabiscuit for a bargain-basement price, then hired as his jockey Red Pollard, a failed boxer who was blind in one eye, half-crippled, and prone to quoting passages from Ralph Waldo Emerson. Over four years, these unlikely partners survived a phenomenal run of bad fortune, conspiracy, and severe injury to transform Seabiscuit from a neurotic, pathologically indolent also-ran into an American sports icon. BONUS: This edition contains a Seabiscuit discussion guide and an excerpt from Unbroken. Praise for Seabiscuit "Fascinating . . . Vivid . . . A first-rate piece of storytelling, leaving us not only with a vivid portrait of a horse but a fascinating slice of American history as well."—The New York Times "Engrossing . . . Fast-moving . . . Narrative Apologetics

Annie Downs admits she’s not exactly the bravest girl in the world. She still cries sometimes when she leaves her parents’ home in Georgia, she’s never jumped out of a plane, and she only rides roller coasters to impress boys. But Annie knows that courage resides inside each and every one of us, and she’s on a mission to triumph over her own fears while encouraging the reader to do the same. As a single young woman, writer, speaker, and blogger, Annie Downs shares her journey toward bravery with honesty and humor. Using wonderful stories from her own life, contemporary real-life examples, and fascinating historical and biblical references, Annie encourages readers to grab hold of the brave life that they desperately desire. How often does fear hold us back from the very things we most want to taste, touch, and experience? The call to be brave isn’t just for one person—it’s for everyone. Let’s All Be Brave is more than a book, it’s a battle cry. Annie challenges us to live boldly, she calls us to step into those places that require courage, and she gives us the help to take the next step forward—even when it’s scary. This

In this updated edition, the chapter on courtship has new stories and insights that reflect the experiences of the now-married Duggar daughters and how they lived out the principles of courtship all the way to the altar. Airing weekly throughout the United States, the United Kingdom, Australia, and New Zealand, TLC's 19 Kids and Counting has made the huge Duggar family into a media phenomenon. The Duggar children are frequently asked, "Tell the truth; do you really agree with the lifestyle your parents have created for you?" Now, the four eldest Duggar girls—Jana, Jill, Jessa, and Jinger—open up about the blessings and advantages of living the Duggar lifestyle. With a backdrop of the key relationships in their lives—relationship with self, parents, siblings, friends, boys, and God—the four Duggar girls also open up about their own personal faith and convictions, boys, dating, peer pressure, manners, living in a large family, politics, and much

more. You'll learn how the family navigates the difficult years between twelve and sixteen and what the girls look for in a man, all in a frank and fun book that will inspire teens and adults alike. Including light-hearted stories about the younger kids' antics, *Growing Up Duggar* is a wise and entertaining trip into a family like no other.

A finalist for the National Book Critics Circle Award for Criticism, Vivian Gornick's *The End of the Novel of Love* explores the meaning of love and marriage as literary themes in the twentieth century. In *The End of the Novel of Love*, an acclaimed and provocative collection of criticism, Gornick applies the same intelligence, honesty, and insight that define her memoirs to an analysis of love and marriage as literary themes in the twentieth century. She examines the work and lives of several authors she admires—including Grace Paley, Willa Cather, Jean Rhys, George Meredith, Jane Smiley, Richard Ford, and Andre Dubus—to ultimately posit that love, sexual fulfillment, and marriage are now exhausted as the metaphorical expressions of success and happiness. Spanning the depths of common experience and the expanse of twentieth century literature, Gornick crafts an argument that is as defined by discourse as it is by the power of her language, which is gracefully poised between objective knowledge and subjective experience. In these eleven essays, she comes to see that, for most writers, like most readers, it is the drama of our angry

and frightened selves in the presence of love that is our modern preoccupation. The End of the Novel of Love is a strikingly original and thought-provoking collection from a canonical critic.

The year is 1862, and the Civil War rages through the South. On a Virginia tobacco plantation, another kind of battle soon begins. "A fascinating and gripping novel about the Civil War. The slave, Cassius Howard, is a great fictional character, and his story is part mystery, part love story, and a harrowing portrait of slavery that reads with the immense power of the slave narratives." --Pat Conroy, author of *Beach Music* and *South of Broad* "David Fuller vividly and movingly describes the life of Cassius, a slave on a Virginia tobacco plantation. Meticulously researched and beautifully written, *Sweetsmoke* resonates with unforgettable characters, and is a gripping story of loss and survival." --Robert Hicks, author of *The Widow of the South* "Fuller works hard to give us a mid-19th century world that feels authentic, from small details . . . to the larger sprawl of the plantation . . . captivating." --The New York Times Book Review "The plot unfolds at a brisk pace, and Fuller does an especially good job with the battle scenes . . . Cassius, who has never drawn a single breath as a free man, is a compelling character from the start. *Sweetsmoke* is a well-imagined and researched novel of survival and courage." --Atlanta Journal-Constitution "Featuring slave traders, smugglers and spies, the novel

transports us to a chilling milieu in which human beings are humiliated, and the slaves have a forlorn hope of freedom, decency and dignity . . . Sweet smoke haunts us long after the final page is turned." --Tennessean.com

My Antonia

A criminal lawyer and popular journalist, Henry C. Castellanos lived nearly three-quarters of the nineteenth century in New Orleans. In his later years, between 1892 and 1895, he wrote more than 120 articles for the Times-Democrat on the history and mores of his beloved city, and in 1895 he published a selection of those episodes in *New Orleans as It Was*. This facsimile reproduction of the volume includes a new introduction by historian Judith Kelleher Schafer, which pieces together the little-known life of Castellanos and provides insights about a period when New Orleans was the queen city of the South. Castellanos's collection of vignettes, incidents, anecdotes, personalities, and descriptions focuses on the years 1820 to 1860 and reflects the interests of a city newspaperman. The reader encounters duels, voodoo, executions, and piracy, and meets mayors, generals, slaves, masters, princes, paupers, judges, prisoners, and jailers. Castellanos describes in detail buildings, public parks, suburbs, notable houses, churches, and neighboring plantations as well as the characteristics, customs, dress, food, and amusements of New Orleanians. In capturing what he called New Orleans's "unwritten history," Castellanos brings alive for readers today America's most

interesting city at a younger age.

Young Lentil wants to learn to sing, but no matter how hard he tries he can't sing on key. He can't even pucker his lips to whistle! So Lentil learns to play the harmonica instead and beautifully carries his tune through the winding streets of Alto, Ohio. Lentil masters his craft just as the beloved Colonel Carter returns to town and the Alto residents decide to plan a special celebration. But Old Sneep, the grouchiest man in town, doesn't want anyone celebrating Colonel Carter's homecoming. When Old Sneep stops the welcoming parade in its tracks, Lentil's music turns out to be just what Alto needs. Robert McCloskey, the Caldecott-winning author and illustrator of *Make Way for Ducklings*, brings readers this delightful two color picture book.

" Among the darkest corners of Kentucky's past are the grisly feuds that tore apart the hills of Eastern Kentucky from the late nineteenth century until well into the twentieth. Now, from the tangled threads of conflicting testimony, John Ed Pearce, Kentucky's best known journalist, weaves engrossing accounts of six of the most notorious accounts to uncover what really happened and why. His story of those days of darkness brings to light new evidence, questions commonly held beliefs about the feuds, and us and long-running feuds—those in Breathitt, Clay Harlan, Perry, Pike, and Rowan counties. What caused the feuds that left Kentucky with its lingering reputation for violence? Who were the feudists, and what forces—social, political, financial—hurled them at each other? Did Big Jim Howard really kill Governor William Goebel? Did Joe Eversole die trying to protect small mountain landowners from ruthless Eastern mineral exploiters? Did the Hatfield-McCoy fight start over a hog? For years, Pearce has interviewed descendants of feuding families and examined skimpy court records and often fictional newspaper puts to rest some of the more popular legends.

Country houses were reliant on an intricate hierarchy of servants, each of whom provided an essential skill. *Up and Down Stairs* brings to life this hierarchy and shows how large numbers of people lived together under strict segregation and how sometimes this segregation was broken, as with the famous marriage of a squire to his dairymaid at Uppark. Jeremy Musson captures the voices of the servants who ran these vast houses, and made them work. From unpublished memoirs to letters, wages, newspaper articles, he pieces together their daily lives from the Middle Ages through to the twentieth century. The story of domestic servants is inseparable from the story of the country house as an icon of power, civilisation and luxury. This is particularly true with the great estates such as Chatsworth, Hatfield, Burghley and Wilton. Jeremy Musson looks at how these grand houses were, for centuries, admired and imitated around the world.

As the importance and dependence of specific mineral commodities increase, so does concern about their supply. The United States is currently 100 percent reliant on foreign sources for 20 mineral commodities and imports the majority of its supply of more than 50 mineral commodities. Mineral commodities that have important uses and face potential supply disruption are critical to American economic and national security. However, a mineral commodity's importance

and the nature of its supply chain can change with time; a mineral commodity that may not have been considered critical 25 years ago may be critical today, and one considered critical today may not be so in the future. The U.S. Geological Survey has produced this volume to describe a select group of mineral commodities currently critical to our economy and security. For each mineral commodity covered, the authors provide a comprehensive look at (1) the commodity's use; (2) the geology and global distribution of the mineral deposit types that account for the present and possible future supply of the commodity; (3) the current status of production, reserves, and resources in the United States and globally; and (4) environmental considerations related to the commodity's production from different types of mineral deposits. The volume describes U.S. critical mineral resources in a global context, for no country can be self-sufficient for all its mineral commodity needs, and the United States will always rely on global mineral commodity supply chains. This volume provides the scientific understanding of critical mineral resources required for informed decisionmaking by those responsible for ensuring that the United States has a secure and sustainable supply of mineral commodities.

A Brief History of the Future

The Bible is a narrative--the story of God's creation, humankind's fall, and God's plan of redemption. And it is filled with countless smaller stories that teach us about people, history, and the nature of God. It's no

surprise that God would choose to reveal himself to us in story--after all, he hardwired us for story. Despite this, we so often attempt to share our faith with others not through story but through systems, arguments, and talking points--methods that appeal only to our mind and neglect our imagination and our emotions. In this groundbreaking book, scholar and author Alister McGrath lays a foundation for narrative apologetics. Exploring four major biblical narratives, enduring stories from our culture such as Tolkien's The Lord of the Rings and Lewis's The Chronicles of Narnia, and personal narratives from people such as Augustine of Hippo and Chuck Colson, McGrath shows how we can both understand and share our faith in terms of story.

From Allison Leotta, the “highly entertaining storyteller” (George Pelecanos) who writes “in a style that’s as real as it gets” (USA TODAY), a ripped-from-the-headlines novel featuring prosecutor Anna Curtis at the center of a national story involving campus rape and the disappearance of a young woman. Emma, a freshman at a Michigan university, has gone missing. She was last seen leaving a bar near the prestigious and secretive fraternity known on campus as “the rape factory.” The main suspect is Dylan Brooks, the son of one of the most powerful politicians in the state. But so far the only clues are pieced-together surveillance footage of Emma leaving the bar that night...and Dylan running down the street after her. When Anna discovers the video diary Emma kept over her first few months at college, it exposes the history she had with Dylan: she had accused him of rape before disappearing. Emma’s disappearance gets media attention and support from Title IX activists across the country, but Anna’s investigation hits a wall. Now Anna is looking for something,

anything she can use to find Emma alive. But without a body or any physical evidence, she's under threat from people who tell her to think hard before she ruins the name of an "innocent young man." Inspired by real-life stories, *The Last Good Girl* shines a light on campus rape and the powerful emotional dynamics that affect the families of the men and women on both sides.

This is Joseph Kinsey Howard's last major work. It describes for the first time in detail, the heroic struggle of a primitive people to establish their own empire in the heart of the North American continent. Throughout his lifetime, Joseph Kinsey Howard was absorbed by the fateful dream of these American primitives, the Métis: their fathers, the English, the French, the Scots frontiersmen; their mothers the Native Americans. "The compass of Strange Empire is the history of the resistance put up by people of mixed French and Indian blood and by their cousins, the Plains Indians, to the advance of the Canadian settlement frontier. Mr. Howard's narrative is outstanding, not because he has offered much that hitherto was not known about the events, but because of his sensitive delineation of the cultures of the Plainsmen."—Douglas Kemp, *The Beaver* "Mr. Howard's book is history reflective of his humanity, as it is reflective of his integrity, his scholarship, his depth, his informed respect for language. It will endure as a contribution to historiography."—A. B. Guthrie, *Saturday Review* "The author has sacrificed neither fact nor detail in bringing to life events which hitherto have escaped the attention of most historians. Recommended."—J. E. Brown, *Library Journal* "A moving and brooding book."—R. L. Neuberger, *New York Times* "Vivid and absorbing.

Biologic markers—indicators that can tell us when environmental factors have caused a change at the cellular or biochemical level that might affect reproductive ability—are a promising tool for research aimed at answering that important question. *Biologic Markers in Reproductive Toxicology* examines the potential of these markers in environmental health studies; clarifies definitions, underlying concepts, and possible applications; and shows the benefits to be gained from their use in reproductive and neurodevelopmental research.

From the multi-award-winning author of *The Babes in the Wood* and *The Rottweiler*, a chilling new novel about obsession, superstition, and violence, set in Rendell's darkly atmospheric London. Mix Cellini (which he pronounces with an 'S' rather than a 'C') is superstitious about the number 13. In musty old St. Blaise House, where he is the lodger, there are thirteen steps down to the landing below his rooms, which he keeps spick and span. His elderly landlady, Gwendolen Chawcer, was born in St. Blaise House, and lives her life almost exclusively through her library of books, so cannot see the decay and neglect around her. The Notting Hill neighbourhood has changed radically over the last fifty years, and 10 Rillington Place, where the notorious John Christie committed a series of foul murders, has been torn down. Mix is obsessed with the life of Christie and his small library is composed entirely of books on the subject. He has also developed a passion for a beautiful model who lives nearby — a woman who
