OVER 2 MILLION COPIES SOLD RUNAWAY #1 NEW YORK TIMES BESTSELLER
SENSATIONAL #1 INTERNATIONAL BESTSELLER “Explosive.”—The Washington Post
“Devastating.”—The New Yorker “Unprecedented.”—CNN “Great
reportingastute.”—Hugh Hewitt THE INSIDE STORY ON PRESIDENT TRUMP, AS
ONLY BOB WOODWARD CAN TELL IT With authoritative reporting honed through
nine presidencies, author Bob Woodward reveals in unprecedented detail the
harrowing life inside President Donald Trump’s White House and precisely how he
makes decisions on major foreign and domestic policies. Fear is the most intimate
portrait of a sitting president ever published during the president’s first years in
office. The focus is on the explosive debates and the decision-making in the Oval
Office, the Situation Room, Air Force One and the White House residence.
Woodward draws from hundreds of hours of interviews with firsthand sources,
meeting notes, personal diaries, files and documents. Often with day-by-day
details, dialogue and documentation, Fear tracks key foreign issues from North
Korea, Afghanistan, Iran, the Middle East, NATO, China and Russia. It reports in-
depth on Trump’s key domestic issues particularly trade and tariff disputes,
immigration, tax legislation, the Paris Climate Accord and the racial violence in

Charlottesville in 2017. Fear presents vivid details of the negotiations between Trump's attorneys and Robert Mueller, the special counsel in the Russia investigation, laying out for the first time the meeting-by-meeting discussions and strategies. It discloses how senior Trump White House officials joined together to steal draft orders from the president's Oval Office desk so he would not issue directives that would jeopardize top secret intelligence operations. "It was no less than an administrative coup d'état," Woodward writes, "a nervous breakdown of the executive power of the most powerful county in the world."

Midnight Never Come

The 100 Greatest Metal Guitarists is a controversial and much-needed guide to the world of metal guitar, featuring the most accomplished performers from the vast legions of metal. As well as celebrating the classic metal musicians who have defined the scene since the 1970s, author Joel McIver delves deep into the modern thrash metal, death metal, black metal, doom metal, power metal and battle metal movements to unearth those players for whom no tremolo divebomb is too high and no tuning is too low. This book is no mere list for geeks, though. McIver's objective in writing this book is to recognise the incredible skills that these players possess. Moreover, although they're all masters of sweep picking, fretboard tapping and the other tricks of the modern shredder, these players are far from simple speed freaks: The 100 Greatest makes a point of featuring players whose feel and instinct for the values of metal outweigh mere technical mastery. If you've ever wielded a tennis racket in anger in front of a bedroom mirror, or even if you're a metal musician yourself, you need this book: the world of the overdriven guitar will never look the same again.

A Stranger to Command

Required reading at Harvard Business School and Columbia Business School. Everyone wants to be more appealing and effective, but few believe we can manage the personal magnetism of a Bill Clinton or an Oprah Winfrey. John Neffinger and Matthew Kohut trace the path to influence through a balance of strength (the root of respect) and warmth (the root of affection). Each seems simple, but only a few of us figure out the tricky task of projecting both at once. Drawing on cutting-edge social science research as well as their own work with Fortune 500 executives, members of Congress, TED speakers, and Nobel Prize winners, Neffinger and Kohut reveal how we size each other up—and how we can learn to win the admiration, respect, and affection we desire.

COMMITTED. CONFLICTED. AND UTTERLY CHAOTIC. In spite of his continuing hot-blooded affair with his soon-to-be sister-in-law Rachel, Eric's plan is simple: Give his vampire girlfriend Tabitha the fancy wedding she's always wanted, then head

off to Paris for their honeymoon in the hopes of tracking down his sire, the Empress vampire Lisette. The City of Love proves anything but romantic when the True Immortal rulers of Europe try to block Eric from entering the Continent—and subject Tabitha to a series of challenges to prove her vampire worth. Back home in Void City, Eric’s volatile daughter Greta is getting lonely and bored—and that’s not good news for anyone. And when, like a bat out of hell, Lisette descends upon Void City to wipe Eric and his brood off the face of the earth—forever—this much is clear: the honeymoon is over.
