Reading Latin, first published in 1986, is a bestselling Latin course designed to help mature beginners read classical Latin fluently and intelligently. It does this in three ways: it encourages the reading of continuous texts from the start; it offers generous help with translation at every stage; and it integrates the learning of classical Latin with an appreciation of the influence of the Latin language upon English and European culture from antiquity to the present. The Text and Vocabulary, richly illustrated, consists at the start of carefully graded adaptations from original classical Latin texts. The adaptations are gradually phased out until unadulterated prose and verse can be read. The accompanying Grammar and Exercises volume completes the course by supplying all the grammatical help needed, and the second edition has been fully revised and updated. It has also been extensively redesigned to make it clearer and easier to navigate.

"La frontera'I heard it for the first time back in the late 1940s when Papa and Mama told me and Roberto, my older brother, that someday we would take a long trip north, cross la frontera, enter California, and leave our poverty behind." So begins this honest and powerful account of a family's journey to the fields of California -- to a life of constant moving, from strawberry fields to cotton fields, from tent cities to one-room shacks, from picking grapes to topping carrots and thinning lettuce. Seen through the eyes of a boy who longs for an education and the right to call one palce home, this is a story of survival, faith, and hope. It is a journey that will open readers' hearts and minds.

Benito Pérez Galdós (May 10, 1843 - January 4, 1920) was a Spanish realist novelist. Some authorities consider him second only to Cervantes in stature as a Spanish novelist. He was the leading literary figure in 19th century Spain. Galdós was a prolific writer, publishing 31 novels, 46 Episodios Nacionales (National Episodes), 23 plays, and the equivalent of 20 volumes of shorter fiction, journalism and other writings. He remains popular in Spain, and is considered as equal to Dickens, Balzac and Tolstoy. As recently as 1950, few of Galdós's works were available translated to English, although he has slowly become popular in the

Anglophone world. While his plays are generally considered to be less successful than his novels, *Realidad* (1892) is important in the history of realism in the Spanish theatre.
