MEET BENJAMIN FRANKLIN FRIDDLE The hero of this narrative is a precocious schoolboy who was given a dictionary by his parents when he was very young. In spite of learning the meaning of many new words, he and Jamie conspired to speak like the young man they idolized who spoke with very bad grammar. This gradually became harder, but they both tried very hard not to sound like a girl. Frankie is persuaded to adopt a different imperative through his teacher, who had more understanding of the boys than they could have supposed. In 1987, the book was written to amuse my mother who seemed to enjoy hearing each episode as it developed. The narrative was rejected by several publishers, so I recorded it on an audio tape, which I gave to my grandchildren. And I made a hard copy, which stayed on a shelf until after I

received word from 1stBooks. The interest of my grandchildren interested me. Several parts were extremely funny when read aloud to them. Although it is fiction, it might be useful in persuading readers that the uses of good grammar might be necessary for success in modern society. Recent gaps in SAT scores could easily be society's heritage from an erroneous assumption. No language is likely to equal proper English in the American job market. This book may help readers to realize that bad grammar could limit the perception of academic perfectionists who happen to hear job applicants speak. Please let me know whether I should develop another thing I regard as fact: true wisdom is often overlooked in persons who differ from ourselves.

material. d) A streamlined approach to learning electricity/electronics, which takes irrelevant materials off the direct path of achieving the final goal of total comprehension. e) Authors numerous comments, exercises and summary adds clarity and understanding and brings simplification to a very complicated subject.

For example, an adult educator describes the circumstances surrounding his discovery that 522 students in Birmingham, Alabama were involuntarily withdrawn from school as part of an effort to raise district test scores. The volume does not contain an index.

She was a young German Jew. He was an ardent member of the Hitler Youth. This is the story of their parallel journey through World War II. Helen Waterford and Alfons Heck were born just a few miles from each other in the German Rhineland. But their lives took radically different courses: Helen's to the Auschwitz extermination camp; Alfons to a high rank in the Hitler Youth. While Helen was hiding in Amsterdam, Alfons was a fanatic believer in Hitler's "master race." While she was crammed in a cattle car bound for the death camp Aushchwitz, he was a tennage commander of frontline troopes, ready to fight and die for the glory of Hitler and the Fatherland. This book tells both of their stories, side-by-side, in an overwhelming account of the nightmare that was WWII. The riveting stories of these two remarkable people must stand as a powerful lesson to us all.
