With methods and exercises based on the author's extensive clinical experience, Panic Attacks Workbook helps people understand the true nature of their panic attacks. It demonstrates the vicious cycle of habitual responses that lead to debilitating attacks, teaches how to halt this self-destructive process, and guides people along a proven path that promotes recovery. David Carbonell outlines such cognitive behavioral methods as diaphragmatic breathing, progressive exposure, desensitization, relaxation, keeping a panic diary, and much more. He shows how to cultivate a personal attitude that facilitates solutions rather than placing blame. He clearly explains how the very nature of panic leads people into a chronic cycle of anticipation, panic, and helplessness, and details how

to overcome this pattern with innovative responses and an attitude of acceptance. Charts, worksheets, and program outlines help point the way through the workbook and on to recovery.

#1 NEW YORK TIMES BESTSELLER • From the National Book Award-winning author of *Stamped from the Beginning* comes a “groundbreaking” (Time) approach to understanding and uprooting racism and inequality in our society—and in ourselves. “The most courageous book to date on the problem of race in the Western mind.”—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • NPR • The Washington Post • Shelf Awareness • Library Journal • Publishers Weekly • Kirkus Reviews Antiracism is a transformative concept that reorients and reenergizes the conversation about racism—and, even more fundamentally, points us toward liberating new ways

of thinking about ourselves and each other. At its core, racism is a powerful system that creates false hierarchies of human value; its warped logic extends beyond race, from the way we regard people of different ethnicities or skin colors to the way we treat people of different sexes, gender identities, and body types. Racism intersects with class and culture and geography and even changes the way we see and value ourselves. In *How to Be an Antiracist*, Kendi takes readers through a widening circle of antiracist ideas—from the most basic concepts to visionary possibilities—that will help readers see all forms of racism clearly, understand their poisonous consequences, and work to oppose them in our systems and in ourselves. Kendi weaves an electrifying combination of ethics, history, law, and science with his own personal story of awakening to antiracism. This is an essential work for anyone who wants to go beyond the awareness of racism to the next step: contributing to the formation of a just and equitable society. Praise for *How to Be an Antiracist*

“Ibram X. Kendi’s new book, *How to Be an Antiracist*, couldn’t come at a better time. . . . Kendi has gifted us with a book that is not only an essential instruction manual but also a memoir of the author’s own path from anti-black racism to anti-white racism and, finally, to antiracism. . . . *How to Be an Antiracist* gives us a clear and compelling way to approach, as Kendi puts it in his introduction, ‘the basic struggle we’re all in, the struggle to be fully human and to see that others are fully human.’ ”—NPR

Sixteen-year-old Max and 10-year-old Tessa were fully prepared for another horrible summer vacation. While they always hoped to go somewhere fun like Disney World or Universal Studios, they usually went somewhere weird and cheap that their father, former boy bander Don Masters, found in an ad in a truck stop coupon magazine. But this year was different. Where they went couldn't be found on any map or in any truck stop coupon book. They passed through a portal to a place called Turtle Island, an alternate version of America that diverged from our history before the pilgrims landed at Plymouth Rock. It was there where they met world famous action movie star Jordie Paine -- star of such films as *I Plan to Kill You Now* and the sequel, *I Plan to Kill You Now, Too*, the ninja film, *Chuck Butcher: Sword Wielding Jackal*, as well as the light-hearted romp, *Harry Hinklehoffer* and the *Giant Dancing Toad of East Nebraska* -- who would be their guide in this strange new world. Jordie, they later learned, brought the Masters family to Turtle Island for a very specific reason. Because they look just like the ruthless first family of Turtle Island, the Masters are pawns in a coup to overthrow the dictator. But things don't go as planned and the Masters wind up in the Survival Games, Turtle Island's national pastime/system of justice where criminals competitors, or crimpetitors, compete for their freedom.
