The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim (the name of the copyright claimant as given in the application for registration, the copyright date, the copyright registration number, etc.).

## **WALNECK'S CLASSIC CYCLE TRADER, OCTOBER 1998**

This dynamic volume chronicles the design and development of the Evolution engine and the machines it powers. Told through firsthand accounts from engineers and designers, this story goes beyond the new engine to Harley-Davidson's shift to a more nostalgic look. The book also covers the softtail suspension that has the appearance of 1940's-era suspension while providing a smooth and comfortable ride. Field taps into how Harley-Davidson transformed the motorcycle of choice for outlaws and outcasts into a cultural icon for affluent excitement.

### **Report of the Auditor of Accounts, of the Commonwealth of Massachusetts, for the Year Ending**

Take a trip to exotic South Florida with this dark, funny book that established Carl Hiaasen as one of the top mystery writers in the game. The first sign of trouble is a Shriner's fez washed up on a Miami beach. The next is a suitcase containing the almost-legless body of the local chamber of commerce president found floating in a canal. The locals are desperate to keep the murders under wraps and the tourist money flowing. But it will take a reporter-turned-private eye to make sense of a caper that mixes football players, politicians, and one very hungry crocodile in this classic mystery that GQ called "one of the top ten destination reads of all time."

Harley-Davidson: A name that brings a smile to anyone who loves American motorcycles. For 100 years, that name has been synonymous with freedom, open roads, raw power and good times, and the Milwaukee motorcycles have spawned legions of fans world-wide who are fiercely loyal to their V-twin-powered machines and the company that built them. Since 1903, the Harley-Davidson Motor Company has endured wars, recessions, depressions, strikes, buyouts and buybacks, foreign competition, and ever-changing markets. It has survived all that, and thrived. Harley is now stronger than it's ever been, and shows no sign of slowing down.

**Who's who in Engineering**

Motorcycles are mythic, far more than mere transportation, but some are in a class of their own, truly legendary machines. There are the Triumphs: James Dean's, Marlon Brando's in *The Wild Ones*, the one Steve McQueen took over the fence in *The Great Escape*. There are Evel Knievel's and Elvis's Harleys, the Easy Rider Stars 'n' Stripes bike, and T. E. Lawrence's Brough Superior SS100; Von Dutch's Condor, Craig Vetter's Mystery Ship, and Mike Hailwood's Honda RC162. These are just some of the machines that have made motorcycle history, and that make this book a feast for the eyes and a fact-filled odyssey for the motorcycle aficionado. Illustrated with commissioned photographs and historical images, the book profiles the bikes--not just the models but the actual motorcycles--that have achieved legendary status in the last century. Their stories, told here in detail for the first time, make up the story of the motorcycle in American culture. How can you pack all the camping gear and clothing needed for two people on a motorcycle? At first, it may seem impossible but it is easier than you think if you do your homework. You must learn how to acquire the right gear, how to pack it, and how to use it at your campsite. *Lightweight Camping for Motorcycle Travel* provides the information and suggestions you will need to buy the right clothing, tents, sleeping bags, tools, lights, cookware, and other camping gear. It describes how to set up comfortable campsites, use ropes and knots, cook great tasting meals, stay dry in stormy weather, stay warm on cool nights, and prolong the life of your gear. Once you take a few trips and master the necessary skills, you will enjoy many pleasures you could never experience in an expensive motel room.

You will enjoy breathing fresh air and smelling food cooking at the campground. You will enjoy walking on scenic trails and relaxing at your campsite. In the evening, you will enjoy sitting by a warm campfire, listening to an owl, and occasionally hearing a gentle rain falling on your tent.

### **The Charles Coulter Ancestry**

Rich on Southern tradition, language culture, and mind-set, this is much along the lines of John Berendt's *Midnight in the Garden of Good and Evil*, with characters even he most fertile of imaginations would have difficulty creating. Homosexuality, eccentricity, political corruption, and murder. Fortunately, when Mr. Thompson moved to Colorado he brought his Southern gift for story telling, as his writing is instantly enthralling and nearly impossible to put down.
