I Am Alive!

Held prisoner for three horrific years, U.S. Marine Sergeant Major Charles R. Jackson survived the war and penned his memoir, though it went unpublished and forgotten for decades. That is until Bruce Doc Norton, himself a decorated U.S. Marine veteran, and an acclaimed military historian, brought the memoir to light. In a rare look into the heart of combat, Sergeant Major Jackson describes the fierce and ultimately losing battle for Corregidor, the surrender of thousands of Marines, and the death marches that followed. And all this was simply a prelude to the fight

"In the Presence of the Sun presents 30 years of selected works by [N. Scott] Momaday, the well-known Southwest Native American novelist. His unadorned poetry, which recounts fables and rituals of the Kiowa nation, conveys the deep sense of place of the Native American oral tradition. Here are dream-songs about animals (bear, bison, terrapin) and life away from urban alienation, an imagined re-creation based on Billy the Kid, prose poems about Plains Shields (and a fascinating discussion of their background), and new poems that utilize primary colors ('forms of the earth') to express instinctive continuities of a pre-Columbian vision."--Library Journal "The strong, spare beauty of In the Presence of the Sun is compelling evidence that Scott Momaday is one of the most versatile and distinguished artists in America today."--Peter Matthiessen ". . . the images, the voices, the people are shadowy, elusive, burning with invention, like flames against a dark sky. I Am Alive in Los Angeles!

For his many devoted readers, Philip K. Dick is not only one of the "one of the most valiant psychological explorers of the 20th century" (The New York Times) but a source of divine revelation. In the riveting style that won accolades for The Adversary, Emmanuel Carrère's I Am Alive and You Are Dead, follows Dick's strange odyssey from his traumatic beginnings in 1928, when his twin sister died in infancy, to his lonely end in 1982, beset by mystical visions of swirling pink light, three-eyed invaders, and messages from the Roman Empire. Drawing on interviews as well as unpublished sources, he vividly conjures the spirit of this restless observer of American postwar malaise who subverted the materials of science fiction--parallel universes, intricate time loops, collective delusions--to create classic works of contemporary anxiety.

What Is the What is the story of Valentino Achak Deng, a refugee in war-ravaged southern Sudan who flees from his village in the mid-1980s and becomes one of the so-called Lost Boys. Valentino's travels bring him in contact with enemy soldiers, with liberation rebels, with hyenas and lions, with disease and starvation, and with deadly murahaleen (militias on horseback)--the same sort who currently

terrorize Darfur. Eventually Deng is resettled in the United States with almost 4000 other young Sudanese men, and a very different struggle begins. Based closely on true experiences, What Is the What is heartbreaking and arresting, filled with adventure, suspense, tragedy, and, finally, triumph. From the Trade Paperback edition.

Anton Chekhov is revered as a boldly innovative playwright and short story writer—but he wrote more than just plays and stories. In *Alive in the Writing*—an intriguing hybrid of writing guide, biography, and literary analysis—anthropologist and novelist Kirin Narayan introduces readers to some other sides of Chekhov: his pithy, witty observations on the writing process, his life as a writer through accounts by his friends, family, and lovers, and his venture into nonfiction through his book *Sakhalin Island*. By closely attending to the people who lived under the appalling conditions of the Russian penal colony on Sakhalin, Chekhov showed how

empirical details combined with a literary flair can bring readers face to face with distant, different lives, enlarging a sense of human responsibility. Highlighting this balance of the empirical and the literary, Narayan calls on Chekhov to bring new energy to the writing of ethnography and creative nonfiction alike. Weaving together selections from writing by and about him with examples from other talented ethnographers and memoirists, she offers practical exercises and advice on topics such as story, theory, place, person, voice, and self. A new and lively exploration of ethnography, *Alive in the Writing* shows how the genre's attentive, sustained connection with the lives of others can become a powerful tool for any writer.

Many people are aware of the eighty-nine earthquake because it happened just before the World Series baseball game between the Oakland A's and the San Francisco Giants. It was on television as the game was about to start. This book presents a new idea about healing with regard to any earthquake. It explains why this earthquake happened and so gives general principles that may cause an earthquake. Author Frank Jakubowsky gives a new idea about this earthquake that can help explain the many effects that cause an earthquake. Probably the most important idea is that there are principles that help in predicting the time of aftershocks. Aftershocks are common after a big earthquake, and to predict the

timing of them would be important. Thank God, I Am Alive were the words of Buck Helm after he was rescued from being trapped for eighty-nine hours. Jakubowsky uses those words as a theme for rebuilding and looking for positive ideas about earthquakes. Seeking to inspire by offering tales of how God helped in lessening the effect of the earthquake, this collection includes many personal stories.

I'm Alive. It Hurts. I Love It.

One fine afternoon love delicately knocked the door of my heart. It all started when I joined my job and met a man who had patience, was charming and compassionate, and fulfilled my desires. Love blossomed with time and offered me more than what I deserved, but for how long? On one rainy day, the air around the surroundings was thick with the odour of melancholy restraining the essence of life. Without much of a stage show, life struck hard to seize away my love. While life offered dilemma, love gave strength, where do I turn to as a final destination when feelings totters and family awaits my return?

The New York Times bestselling author of The Silver Linings Playbook offers a timely novel featuring his most fascinating character yet, a Vietnam vet embarking on a quixotic crusade to track down his nemesis from the war. After sixty-eight-year-old David Granger crashes his BMW, medical tests reveal a brain tumor that he readily attributes to his wartime Agent Orange exposure. He wakes up from surgery repeating a name no one in his civilian life has ever heard—that of a

Native American soldier whom he was once ordered to discipline. David decides to return something precious he long ago stole from the man he now calls Clayton Fire Bear. It may be the only way to find closure in a world increasingly at odds with the one he served to protect. It may also help him to finally recover from his wife's untimely demise. As David confronts his past to salvage his present, a poignant portrait emerges: that of an opinionated and good-hearted American patriot fighting like hell to stay true to his red, white, and blue heart, even as the country he loves rapidly changes in ways he doesn't always like or understand. Hanging in the balance are Granger's distant art-dealing son, Hank; his adoring seven-year-old granddaughter, Ella; and his best friend, Sue, a Vietnamese American who respects David's fearless sincerity. Through the controversial, wrenching, and wildly honest David Granger, Matthew Quick offers a no-nonsense but ultimately hopeful view of America's polarized psyche. By turns irascible and hilarious, insightful and inconvenient, David is a complex, wounded, honorable, and loving man. *The Reason You're Alive* examines how the secrets and debts we carry from our past define us; it also challenges us to look beyond our own prejudices and search for the good in us all.

Award-winning novelist and cult favorite Graham Joyce transports readers to a mysterious world of isolation and fear with a hypnotically dark story about a young couple trapped by an avalanche in the remote French Pyrenees. . . a daring and powerful novel about love, loss, and rebirth. In the French Pyrenees, a young married couple is buried under a flash avalanche while skiing. Miraculously, Jake and Zoe dig their way out from under the snow—only to discover the world they knew has been overtaken by an eerie and absolute silence. Their hotel is devoid of another living soul. Cell phones and land lines are cut off. An evacuation as sudden and thorough as this leaves Jake and Zoe to face a terrifying situation alone. They are trapped by the storm, completely isolated, with another catastrophic avalanche threatening to bury them alive . . . again. And as the couple begin to witness unsettling events neither one can ignore, they are forced to confront a frightening truth about the silent land they now inhabit. Award-winning author Graham Joyce has written a mysterious masterpiece, a tour de force that will thrill fans of Peter Straub and the hit television show *Lost*.

“An invitation to sit a spell with an intractable and witty friend.” —New York Times Book Review What will you remember if you live to be 100? Diana Athill charmed readers with her prize-winning memoir *Somewhere Towards the End*, which transformed her into an unexpected literary star. Now, on the eve of her ninety-eighth birthday, Athill has written a sequel every bit as unsentimental, candid, and beguiling as her most beloved work. Writing from her cozy room in Highgate, London, Diana begins to reflect on the things that matter after a lifetime of remarkable experiences, and the memories that have risen to the surface and sustain her in her very old age. “My two valuable lessons are: avoid romanticism and abhor possessiveness,” she writes. In warm, engaging prose she describes the bucolic pleasures of her grandmother’s garden and the wonders of traveling as a young woman in Europe after the end of the Second World War. As her vivid, textured memories range across the decades, she relates with unflinching candor

Athill reminds us of the joy and richness of every stage of life—and what it means to live life fully, without regrets.

Alive in the Writing

“These are thoughts for us all, sooner or later—and this is a book I'll keep with me, as long as I live.”—David Sexton, *The Scotsman* In 2008, art critic Tom Lubbock was diagnosed with a rare brain tumor and told he had only two years to live. Physically fit and healthy, and suffering from few symptoms, he faced his death with the same directness and courage that had marked the rest of his life. Lubbock was renowned for the clarity and unconventionality of his writing, and his characteristic fierce intelligence permeates this extraordinary chronicle. With unflinching honesty and curiosity, he repeatedly turns over the fact of his mortality, as he wrestles with the paradoxical question of how to live, knowing we're going to die. Defying the initial diagnosis, Tom survived for three years. He savored his remaining days; engaging with books, art, friends, his wife and their young son, while trying to stay focused on the fact of his impending death. There are medical details—he vividly describes the slow process of losing control over speech as the tumor gradually pressed down on the area of his brain responsible

The #1 New York Times bestseller and the true story behind the film: A rugby team resorts to the unthinkable after a plane crash in the Andes. Spirits were high when the Fairchild F-227 took off from Mendoza, Argentina, and headed for Santiago, Chile. On board were forty-five people, including an amateur rugby team from Uruguay and their friends and family. The skies were clear that Friday, October 13, 1972, and at 3:30 p.m., the Fairchild's pilot reported their altitude at 15,000 feet. But one minute later, the Santiago control tower lost all contact with the aircraft. For eight days, Chileans, Uruguayans, and Argentinians searched for it, but snowfall in the Andes had been heavy, and the odds of locating any wreckage were slim. Ten weeks later, a Chilean peasant in a remote valley noticed two haggard men desperately gesticulating to him from across a river. He threw them a pen and paper, and the note they tossed back read: "I come from a plane that fell in the mountains . . ." Sixteen of the original forty-five passengers on the F-227 survived

its horrific crash. In the remote glacial wilderness, they camped in the plane's fuselage, where they faced freezing temperatures, life-threatening injuries, an avalanche, and imminent starvation. As their meager food supplies ran out, and after they heard on a patched-together radio that the search parties had been called off, it seemed like all hope was lost. To save their own lives, these men and women not only had to keep their faith, they had to make an impossible decision: Should they eat the flesh of their dead friends? A remarkable story of endurance and determination, friendship and the human spirit, *Alive* is the dramatic bestselling account of one of the most harrowing quests for survival in modern times.
