Accounting Principles Part 1, 5th Canadian Edition

Prepared by Dale Klooster and Warren Allen, this best-selling, educational, general ledger package introduces students to the world of computerized accounting through a more intuitive, user-friendly system than the commercial software they'll use in the future. In addition, students have access to general ledger files with information based on problems from the textbook and practice sets. This context allows them to see the difference between manual and computerized accounting systems firsthand, while alleviating the stress of an empty screen. Also, the program is enhanced with a problem checker that enables students to determine if their entries are correct and emulates commercial general ledger packages more closely than other educational packages. Problems that can be used with Klooster/Allen are highlighted by an icon. The benefits of using Klooster/Allen are that: *Errors are more easily corrected than in commercial software. *After the course ends, students are prepared to use a variety of commercial products. *The Inspector Disk allows instructors to grade students' work. *A free Network Version is available to schools whose students purchase Klooster/Allen GL.

This text is intended for a first course in introductory financial accounting. It was updated to reflect current International Financial Reporting Standards (IFRS). For example, it reflects the recent change in IAS38, para. 98, allowing the use of multiple methods in amortizing intangible assets. It focuses on core Introductory Financial Accounting topics that match pre-requisite requirements for students advancing to Intermediate Financial Accounting. Excluded are advanced topics that are covered in Intermediate Financial Accounting, such as leases and bond amortization. The text takes a corporate approach (vs. beginning with a sole proprietorship emphasis and then converting to a corporate approach); this consistency throughout the

book reduces confusion for the introductory student. The book covers all essential topics: the accounting cycle, merchandising, assigning costs to inventory, cash and receivables, property, plant and equipment, debt financing, equity financing, statement of cash flows, financial statement analysis, and proprietorships and partnerships. Additionally, this version of the open text is supported by Lyryx Learning, offering at an affordable price editorial services to develop and adapt the content, formative online assessment, course supplements, and daily support to both the students and instructors.

Financial Reporting and Analysis

Financial Reporting & Analysis (FR&A) by Revsine/Collins/Johnson/Mittelstaedt emphasizes both the process of financial reporting and the analysis of financial statements. This book employs a true "user" perspective by discussing the contracting and decision implications of accounting and this helps readers understand why accounting choices matter and to whom. Revsine, Collins, Johnson, and Mittelstaedt train their readers to be good financial detectives, able to read, use, and interpret the statements and-most importantly understand how and why managers can utilize the flexibility in GAAP to manipulate the numbers for their own purposes. Significantly, the new edition emphasizes the differences and similarities between GAAP and IFRS, which is a critical component of this course.

Kieso is an excellent reference for practicing accountants and an invaluable resource for anyone entering the field. They'll learn how to leverage everyday accounting programs like Excel, GLS, and other computerized accounting software giving them a strong background in the tools needed in the accounting profession. Intermediate Accounting 14th Edition is the market leader in providing the tools needed to understand what GAAP is and how it is applied in practice. Through many editions, this textbook has continued to reflect the constant changes taking place in the GAAP environment. This edition continues this tradition, which has become even more significant as the financial reporting environment is exploding with major change. There are three areas of major importance that are now incorporated extensively into the text: New way of looking at GAAP, Convergence of U.S. GAAP and IFRS, and Fair Value Movement. The core of Kieso's value statement continues to be authoritative and preparation for the profession (CPA exam). New to This Edition: Expanded and Updated Coverage of IFRS: Some of this new content has been adapted from the recently published "Intermediate Accounting, IFRS Accounting." In addition, readers will benefit from new end-of-chapter content and assignments specifically related to IFRS. Critical Thinking and Conceptual Understanding: Building on traditional strengths from previous editions, the new edition includes new Accounting, Analysis, and Principles review exercises to help reinforce these three important elements from each chapter. Updated Real-world Focus: Contains many new chapter-opening stories and "What Do the Numbers Mean?" boxes.

concise, decision-making text that reinforces challenging concepts via CD-ROM. The revision of this text is based around a "Learning System." The revision of this "Learning System" was built on improving the clarity of the chapters, emphasizing more decision-making in order to prepare students for the changes taking place on the CPA exam, acknowledging the diversity of students and their learning styles by creating supplemental materials to assure the success of every student, and creating a consistent text and supplemental package for both students and instructor's giving us the best possible intermediate text on the market. Returning to the Third edition is the award winning "Coach" CD-ROM. The Coach CD-ROM is a multimedia product integrating audio and video clips, animated illustrations, cases, and alternative reading material that helps students comprehend some of the more difficult topics associated with intermediate accounting. Designed specifically for the Spiceland text, instructors and students will find these learning tools placed strategically throughout the text. This is the most comprehensive Learning System in Intermediate Accounting. At only 1120 pages (300 pages less than the average intermediate accounting text), Spiceland/S/T has not sacrificed content for pages. Instead, the authors have created a very flexible text with a student friendly writing style that focuses on explaining not just how to apply a procedure, but why it's applied.
