### **Modern Geometries**

### **Practicing Biology**

The book fully explains the principles contained in the third edition of the Civil

Engineering Standard Method of Measurement (CESMM3) and shows how they are implemented in practice. The contractual background to the measurement and valuation of civil engineering works is described in detail, as are the value and use of method-related charges. All aspects of the measurement of civil engineering work, from taking-off to bill preparation are covered; these are illustrated by some twenty-two worked examples containing working drawings and clear handwritten dimension sheets with fully explanatory notes. In addition to being completely revised and reset, the coverage is also extended with a further chapter on the measurement of the renovation of sewers and water mains.

### **Captive of Sin**

Annie John is a haunting and provocative story of a young girl growing up on the island of Antigua. A classic coming-of-age story in the tradition of *The Catcher in the Rye* and *A Portrait of the Artist as a Young Man*, Kincaid's novel focuses on a universal, tragic, and often comic theme: the loss of childhood. Annie's voice—urgent, demanding to be heard—is one that will not soon be forgotten by readers. An adored only child, Annie has until recently lived an idyllic life. She is inseparable from her beautiful mother, a powerful presence, who is the very center of the little girl's existence. Loved and cherished, Annie grows and thrives within her mother's benign shadow. Looking back on her childhood, she reflects, "It was in such a paradise that I lived." When she turns twelve, however, Annie's life changes, in ways that are often mysterious to her. She begins to question the cultural assumptions of her island world; at school she instinctively rebels against

authority; and most frighteningly, her mother, seeing Annie as a "young lady," ceases to be the source of unconditional adoration and takes on the new and unfamiliar guise of adversary. At the end of her school years, Annie decides to leave Antigua and her family, but not without a measure of sorrow, especially for the mother she once knew and never ceases to mourn. "For I could not be sure," she reflects, "whether for the rest of my life I would be able to tell when it was really my mother and when it was really her shadow standing between me and the rest of the world."

Salvation is more than just being saved from sin. Salvation is being saved to the glory of God. We were created in the likeness and the image of God, and it is His desire for us to be crowned with His glory and honor. The Blood and the Glory reveals how the power of the Blood of Jesus and the glory of God fit together in God's plan of redemption. This exciting book draws from the experiences of great leaders of faith from the past to rekindle the power of the Blood of Jesus in the Church today. Combining personal stories with strong biblical principles, Billye Brim teaches the importance of depending upon the Blood of Jesus in your daily walk with God. You will understand as never before that without the Blood of Jesus, it is impossible to be prepared for the glory of God. By using the principles outlined in this book you will learn: How to use the Blood of Jesus to overcome the enemy

### **Bombay Rains, Bombay Girls**

When Adi - a small-town eighteen-year-old with a giant inferiority complex- lands a chance to study medicine in big, bad Bombay, he is overjoyed. Although plagued by the thought that his success is a fluke and hence ill gotten, he plunges headlong into the sights and sounds of this dazzling city. Adi's initiation into college life isn't the most promising - a night of ragging by a bunch of sniggering seniors brings him and his equally vulnerable batchmates close to tears. But gradually, he finds his feet in the new world and makes friends with a motley crew: Pheru, Harsha, Rajeev, Toshi. It isn't long before they, and the rest of his class-much to his surprise, start looking up to him as a natural born leader. Somewhere along the way to accepting the challenge of this new role and learning the mysteries of the human anatomy, he also has his heart broken and falls in love - in that order. Then, just when life is beginning to look good, tragedy strikes, and Adi gets caught in an emotional vortex he must struggle to make sense of. Are principles more important than friendship? Does a student of medicine have the luxury of fighting personal battles while patients' lives are at stake? Adi knows that it is only when he resolves these questions for himself that he will be able to hold on to all the things close to

his heart.

### **RAILWAY ENGINEERING**

This modern classic teaches you to use the art of storytelling to persuade, motivate, and inspire in life and business. Anyone seeking to influence others must first know their own story, and how to tell it properly. Whether you're proposing a risky new venture, trying to close a deal, or leading a charge against injustice, you have a story to tell. Tell it well and you will create a shared experience with your listeners that can have profound results. In this modern classic, Annette Simmons reminds us that the oldest tool of influence is also the most powerful. Showcasing over a hundred examples of effective storytelling drawn from the front lines of business and government, as well as myths, fables, and parables from around the world, Simmons illustrates how story can be used to persuade, motivate, and inspire in ways that cold facts, bullet points, and directives can't. These stories, combined with practical storytelling techniques, show anyone how to become a more effective communicator and achieve their goals.

### **The Silver Siren**

It was five degrees below zero, and Roger Morneau was out of gas. If his toes froze, they would have to be amputated. The man bowed his head in prayer. "It was almost as if something hit the back of my automobile and it shot forward," he says. "Then the motor started to accelerate and hummed like never before." He drove the 27 miles to safety without a drop of gas!

### **Follow Every Rainbow**

NEW YORK TIMES BESTSELLER • Go back in time and visit Pern like it's never been seen before in this thrilling prequel about the creation of dragons. The beautiful planet Pern seemed a paradise to its new colonists—until unimaginable terror turned it into hell. Suddenly deadly spores were falling like silver threads from the sky, devouring everything—and everyone—on their path. It began to look as if the colony, cut off from Earth and lacking the resources to combat the menace, was doomed. Then some of the colonists noticed that the small, dragonlike lizards that inhabited their new world were joining the fight against Thread, breathing fire on it and teleporting to safety. If only, they thought, the dragonets were big enough for a human to ride and intelligent enough to work as a team with a rider... And so they set their most talented geneticist to work to create the creatures Pern so desperately needed—Dragons!

### **Fluid Power**

### **The Story Factor**

When Master's business calls him away, Molly is left in the care of Mephisto, the owner of a thriving local BDSM club. Molly is both excited and scared to be given over to Master Mephisto. His power and mysterious intensity have long compelled her from afar. Molly finds herself immersed in a world of strict commands, pervasive sex, and creative torments. Over the course of a week, Mephisto strips away privileges Molly took for granted, and forces her to understand and

acknowledge the depths to which she can be made to submit. But a surprising conversation the last day threatens Molly's worldview, as does the strange closeness that develops between them. As the time of Master's return draws near, Molly finds herself deeply and inexorably changed. Publisher's Note: this BDSM fantasy novel depicts "total power exchange" relationships that some readers may find objectionable. This work contains acts of objectification, orgasm denial and speech restriction, caging, anal play and double penetration, BDSM punishment and discipline, M/f, M/m/f, M/m, orgy and group sexual encounters, voyeurism, and limited circumstances of dubious consent.

### **The Blood and the Glory**

"This textbook is designed to accompany a one- or two-semester course for advanced undergraduates or beginning graduate students in computer science and applied mathematics. - It gives an excellent introduction to the probabilistic techniques and paradigms used in the development of probabilistic algorithms and analyses. - It assumes only an elementary background in discrete mathematics and gives a rigorous yet accessible treatment of the material, with numerous examples and applications."--Jacket.
