Discovering Computers 2002

MCSE Windows 2000 Directory Services Design Exam Prep

According to the 1999 Salary Survey conducted by MCP Magazine, the average MCSE has 6.8 years of experience. The average self-employed MCSE consultant with 6 - 9 years of experience earns \$85,000 - that's over \$8,000 more than the average salary +bonus and benefits package of other MCSEs. There is a demand for MCSEs who can offer a variety of technical expertise and services, and this book will show readers how to create a successful consulting business. MCSE Consulting Bible walks readers through the issues to consider when making the decision to start their own consulting business and then offers key advice on each aspect of the business from deciding what services to offer, to marketing, to maintaining customer relationships.

Sun Solaris 8 System Administration

The Shelly Cashman Series presents a completely revised and updated edition to the best-selling Discovering Computers book to make learning about computers interesting and interactive. Discovering Computers 2002: Concepts for a Digital World is fully integrated with the World Wide Web as a means of offering additional content, unmatched currency, learning games, and more. Discovering Computers 2002 is available in three versions to provide the right depth of coverage for every class. Unparalleled online content, extensive end-of-chapter exercises, and comprehensive instructor's resources give you all the tools you need to present an outstanding concepts course.

Review Copy
