## Chasing the Dime

In 1995, Marie Gesto disappeared after walking out of a supermarket in Hollywood. Harry Bosch worked the case but couldn't crack it, and the 22-year-old woman never turned up, dead or alive. Now Bosch is in the Open-Unsolved Unit, where he still keeps the Gesto file on his desk, when he gets a call from the DA. A man accused of two heinous killings is willing to come clean about several other murders, including the killing of Marie Gesto. Bosch must now take Raynard Waits's confession and get close to the man he has sought - and hated - for eleven years. But when Bosch

learns that he and his partner missed a clue back in 1995 that could have led them to Gesto's killer - and that would have stopped nine murders that followed - he begins to crack. Michael Connelly's suspenseful new novel pits the detective People magazine calls "one of the most complex crime fighters around" against one of the most sadistic killers he has ever confronted. It confirms that Michael Connelly "is the best writer of suspense fiction working today" (Richmond Times-Dispatch).

### **The Second Girl**

A gripping literary thriller and smash bestseller that has taken Italy, France, Germany and the UK by storm. Six severed arms are discovered, arranged in a mysterious circle and buried in a clearing in the woods. Five of them appear to belong to missing girls between the ages of eight and eighteen. The sixth is yet to be identified. Worse still, the girls' bodies, alive or dead, are nowhere to be found. Lead investigators Mila Vasquez, a celebrated profiler, and Goran Gavila, an eerily prescient criminologist, dive into the case. They're confident they've got the right suspect in their sights until they discover no link between him and any of the kidnappings except the first. The evidence in the case of the second missing child points in a vastly different direction, creating more questions than it answers. Vasquez and Gavila begin to wonder if they've been brought in to take the fall in a near-hopeless case. Is it all coincidence? Or is a copycat criminal at work? Obsessed with a case that becomes more tangled and intense as they unravel

Defense attorney Mickey Haller is forced to bend the law until it breaks when he is hired to defend a man accused of killing a prostitute in this novel of courtroom suspense, the "best one yet" (The Washington Post). Mickey Haller gets the text, "Call me ASAP - 187," and the California penal code for murder immediately gets his attention. Murder cases have the highest stakes and the biggest paydays, and they always mean Haller has to be at the top of his game. When Mickey learns that the victim was his own former client, a prostitute he thought he had rescued and put on the straight and narrow path, he knows he is on the hook for this one. He soon finds out that she was back in LA and back in the life. Far from saving her, Mickey may have been the one who put her in danger. Haunted by the ghosts of his past, Mickey must work tirelessly and bring all his skill to bear on a case that could mean his ultimate redemption or proof of his ultimate guilt. The Gods of Guilt shows once again why "Michael Connelly excels, easily surpassing John Grisham in the building of courtroom suspense" (Los Angeles Times).

homicide beat in Florida and Los Angeles. In vivid, hard-hitting articles, Connelly leads the reader past the yellow police tape as he follows the investigators, the victims, their families and friends--and, of course, the killers--to tell the real stories of murder and its aftermath. Connelly's firsthand observations would lend inspiration to his novels, from *The Black Echo*, which was drawn from a real-life bank heist, to *Trunk Music*, based on an unsolved case of a man found in the trunk of his Rolls Royce. And the vital details of his best-known characters, both heroes and villains, would be drawn from the cops and killers he reported on: from loner detective Harry Bosch to the manipulative serial killer the Poet. Stranger than fiction and every bit as gripping, these pieces show once again that Michael Connelly is not only a master of his craft, but also one of the great American writers in any form.

### **A Fatal Thaw**

Forced out of the Los Angeles Times amid the latest budget cuts, newspaperman Jack McEvoy decides to go out with a bang, using his final days at the paper to write the definitive murder story of his career. He focuses on Alonzo Winslow, a 16-year-old drug dealer in jail after confessing to a brutal murder. But as he delves into the story, Jack realizes that Winslow's so-called confession is bogus. The kid might actually be innocent. Jack is soon running with his biggest story since *The Poet* made his career years ago. He is tracking a killer who operates completely below police radar--and with perfect knowledge of any move against him. Including Jack's. Bonus materials include an in-depth interview with the author about writing "The Scarecrow" along with his exciting travel photos--plus a link to an online promotional video and links within the text to a fictitious website based on the novel and a teaser chapter from his next book, "Nine Dragons."
