English File 1

American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and

implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

American English File

Great texts that motivate students to talk Four-skills syllabus with a clear focus on pronunciation Level-specific features to address learners' different needs Test Generator CD-ROMs Online support, resources, and lesson ideas (Teacher Link)

American English File: Level 1: Student Book with Online Skills Practice

This book provides specific support to teachers who need to accommodate learners with dyslexia in their ELT classrooms – guiding them through the main steps of the process with clear explanations, suggestions, and practical tools. Areas covered include:

- the nature and causes of dyslexia
- emotional, cognitive, and linguistic factors connected to dyslexia and English as a foreign, second, or other language
- methodological guidelines for making English language teaching accessible for learners with dyslexia
- strategies for phonological and orthographic work
- developing communicative skills in oral and written language
- accessible language testing and assessment in classroom-based and official contexts.

Extra resources are available on the website:

The Oxford English Dictionary

The New Oxford Picture Dictionary and its components provide a complete, four-skills language development program. The program is: * Practical - a wide range of topics introduce new words in their most common context. * Easy to use - vocabulary items are presented without ambiguity or the need for translation. * Versatile - the Dictionary itself and its components have unlimited applications. * Flexible - the Dictionary can be used alone or with its components.

American English File

Being a leader means working with people, and that's not always easy! Whether in your office, church, neighborhood, or elsewhere, your interpersonal relationships can make or break you as a leader. That's why it's so important to be a "people person" and develop your skills in tapping that most precious of all resources: people. In this powerful book, America's leadership expert John Maxwell helps you: discover and develop the qualities of an effective "people person" improve your relationships in every area of life understand and help difficult people overcome differences and personality traits that can cause friction inspire others to excellence and success Loaded with life-enriching, life-changing principles for relating positively and powerfully with your family, friends, colleague, and clients, Be a People Person is certain to help you bring out the best in others—and that's what effective leadership is all about.

American English File 3 Class

American English File gets students talking thanks to its unique and proven formula combining confidence-building, opportunity, and motivation. High-interest

content is organized in lively, achievable lessons, using humor and imagination to encourage students to communicate and enjoy learning English. Solid grammar, vocabulary, and pronunciation foundation carefully supports the work with the four skills and gradually builds students' confidence and performance in English. Teacher's Book packed with extra ideas and over 60 photocopiable activities per level provides teachers with additional support.

American English File Level 4: Student Book with Online Skills Practice

English File: Elementary: Workbook Without Key and IChecker

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

Story-Based Inquiry: A Manual for Investigative Journalists

We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.
