Rhymes for Big Rascals

From its earliest manifestations on the street corners of nineteenth-century Buenos Aires to its ascendancy as a global cultural form, tango has continually exceeded the confines of the dance floor or the music hall. In *Tango Lessons*, scholars from Latin America and the United States explore tango's enduring vitality. The interdisciplinary group of contributors—including specialists in dance, music, anthropology, linguistics, literature, film, and fine art—take up a broad range of topics. Among these are the productive tensions between tradition and experimentation in tango nuevo, representations of tango in film and contemporary art, and the role of tango in the imagination of Jorge Luis Borges. Taken together, the essays show that tango provides a kaleidoscopic perspective on Argentina's social, cultural, and intellectual history from the late nineteenth to the early twenty-first centuries. "Philip Norman's biography of the Beatles is an account of their lives, their music, and their times. Now brought completely up to date, this epic tale charts the rise of four scruffy Liverpool lads from their wild, often comical early days to the astonishing heights of Beatlemania, from the chaos of Apple and the collapse of hippy idealism to the band's acrimonious split. It also describes their struggle to escape the smothering Beatles' legacy and the tragic deaths of John Lennon and George Harrison." "Shout! is essential reading not just for Beatles fans but for anyone with an interest in pop music."--BOOK JACKET.

After years of living vicariously through the heroines in her novels, bestselling author Eloisa James takes a leap that most of us can only daydream about. She sells her house, leaves her job as a Shakespeare professor, and packs her husband and two protesting children off to Paris. Grand plans are abandoned as she falls under the spell of daily life as a Parisienne — exquisite food, long walks by the seine, reading in bed, displays of effortless chic around every corner, and being reminded of what really matters in a place where people seem to kiss all the time. Against one of the world's most picturesque backdrops, she copes with her Italian husband's notions of quality time; her two hilarious children, ages eleven and fifteen, as they navigate schools — not to mention puberty — in a foreign language; and her formidable mother-in-law, marina, who believes dogs should be fed prosciutto and wives should live in the kitchen. An irresistible love letter to a city that will make you want to head there, *Paris in Love* is also a joyful testament to the pleasures of savouring life.

Miles

A timely book about how it feels to be teased and taunted, and how each of us is sweet and lovely and delicious on the inside, no matter how we look. The boy is teased for looking different than the other kids. His skin is darker, his hair curlier. He tells his mother he wishes he could be more like everyone else. And she helps him to see how beautiful he really, truly is. For years before they both achieved acclaim in their respective professions, good friends Taye Diggs and Shane W. Evans wanted to collaborate on *Chocolate Me!*, a book based on experiences of feeling different and trying to fit in as kids. Now, both men are fathers and see more than ever the need for a picture book that encourages all people, especially kids, to love themselves.

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World). "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for Dreams from My Father "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's The Color of Water and Gregory Howard Williams's Life on the Color Line as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—The New York Times Book Review "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of There Are No Children Here "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of In My Place "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman

Unbroken

An unsent letter in a first edition copy of Charlotte's Web leads to a hunt for treasure in this heartwarming middle grade mystery from the author of The Mother-Daughter Book Club. Now that Truly Lovejoy's father has been injured by an IED in Afghanistan and is having trouble finding work back home, the family moves from Texas to tiny Pumpkin Falls, New Hampshire, to take over Lovejoy's Books, a struggling bookstore that's been in the family for one hundred years. With two older brothers and two younger sisters clamoring for attention, her mother back in school, and everyone up to their eyebrows trying to keep Lovejoy's Books afloat, Truly feels more overlooked than usual. So she pours herself into uncovering the mystery of an undelivered letter she finds stuck in a valuable autographed first edition of Charlotte's Web,

which subsequently goes missing from the bookshop. What's inside the envelope leads Truly and her new Pumpkin Falls friends on a madcap treasure hunt around town, chasing clues that could spell danger. Fans of Heather Vogel Frederick's Mother-Daughter Book Club series "will rejoice for a new series with a similarly cozy New England setting, great characters, and literary references to beloved classics" (School Library Journal).

Yours Truly

Dreams from My Father

What is there is only a limited amount of sanity in the world and the real reason people go mad is because somebody has to? What if a mysterious tribe in the Amazon rainforest turn out to be the most boring people on earth? What if the afterlife is nothing more than a London suburb, where the dead get new flats, new jobs, and their own telephone directory? These are the sort of truths that emerge in this collection of stories by one of England's most gifted writers. In *The Quantity Theory of Insanity*, Will Self tips over the banal surfaces of everyday existence to uncover the hideous, the hilarious, and the bizarre. Psychiatry, anthropology, theology—and literature—will never be the same.

The Walther League Messenger

Future rock star or friendless misfit? That's no choice at all. In this acclaimed novel, twelve-year-old Apple grapples with being different; with friends and backstabbers; and with following her dreams. Publishers Weekly called *Blackbird Fly* "a true triumph," and the Los Angeles Times Book Review said, "Apple soars like the eponymous blackbird of her favorite Beatles song." Apple has always felt a little different from her classmates. She and her mother moved to Louisiana from the Philippines when she was little, and her mother still cooks Filipino foods and chastises Apple for becoming "too American." When Apple's friends turn on her and everything about her life starts to seem weird and embarrassing, Apple turns to music. If she can just save enough to buy a guitar and learn to play, maybe she can change herself. It might be the music that saves her . . . or it might be her two new friends, who show her how special she really is. Erin Entrada Kelly deftly brings Apple's conflicted emotions to the page in her debut novel about family, friendship, popularity, and going your own way. "A must-read for those kids cringing at their own identities."—Bulletin of the Center for Children's Books.

#1 NEW YORK TIMES BESTSELLER • Includes two new essays! NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY

MICHIKO KAKUTANI, THE NEW YORK TIMES • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUZZFEED, THE GLOBE AND MAIL, AND LIBRARY JOURNAL For readers of Nora Ephron, Tina Fey, and David Sedaris, this hilarious, wise, and fiercely candid collection of personal essays establishes Lena Dunham—the acclaimed creator, producer, and star of HBO’s *Girls*—as one of the most original young talents writing today. In *Not That Kind of Girl*, Dunham illuminates the experiences that are part of making one’s way in the world: falling in love, feeling alone, being ten pounds overweight despite eating only health food, having to prove yourself in a room full of men twice your age, finding true love, and most of all, having the guts to believe that your story is one that deserves to be told. “Take My Virginity (No Really, Take It)” is the account of Dunham’s first time, and how her expectations of sex didn’t quite live up to the actual event (“No floodgate had been opened, no vault of true womanhood unlocked”); “Girls & Jerks” explores her former attraction to less-than-nice guys—guys who had perfected the “dynamic of disrespect” she found so intriguing; “Is This Even Real?” is a meditation on her lifelong obsession with death and dying—what she calls her “genetically predestined morbidity.” And in “I Didn’t F*** Them, but They Yelled at Me,” she imagines the tell-all she will write when she is eighty and past caring, able to reflect honestly on the sexism and condescension she has encountered in Hollywood, where women are “treated like the paper thingies that protect glasses in hotel bathrooms—necessary but infinitely disposable.” Exuberant, moving, and keenly observed, *Not That Kind of Girl* is a series of dispatches from the frontlines of the struggle that is growing up. “I’m already predicting my future shame at thinking I had anything to offer you,” Dunham writes. “But if I can take what I’ve learned and make one menial job easier for you, or prevent you from having the kind of sex where you feel you must keep your sneakers on in case you want to run away during the act, then every misstep of mine will have been worthwhile.” Praise for *Not That Kind of Girl* “The gifted Ms. Dunham not only writes with observant precision, but also brings a measure of perspective, nostalgia and an older person’s sort of wisdom to her portrait of her (not all that much) younger self and her world. . . . As acute and heartfelt as it is funny.”—Michiko Kakutani, *The New York Times* “It’s not Lena Dunham’s candor that makes me gasp. Rather, it’s her writing—which is full of surprises where you least expect them. A fine, subversive book.”—David Sedaris “This book should be required reading for anyone who thinks they understand the experience of being a young woman in our culture. I thought I knew the author rather well, and I found many (not altogether welcome) surprises.”—Carroll Dunham “Witty, illuminating, maddening, bracingly bleak . . . [Dunham] is a genuine artist, and a disturber of the order.”—*The Atlantic* From the Trade Paperback edition.

Basing much of *Not in His Image* on the Nag Hammadi and other Gnostic writings, John Lamb Lash explains how a little-known messianic sect propelled itself into a dominant world power, systematically wiping out the great Gnostic spiritual teachers, the Druid priests, and the shamanistic healers of Europe and North Africa. They burned libraries and destroyed temples in an attempt to silence the ancient truth-tellers and keep their own secrets. But as Lash reveals, when the truth is the planet Earth it cannot be hidden or destroyed. *Not in His Image* delves deeply into the shadows of ancient Gnostic writings to reconstruct the story early Christians tried to scrub from the pages of history, exploring the richness of the ancient European Pagan spirituality--the Pagan Mysteries, the Great Goddess, Gnosis, the myths of Sophia and Gaia--and chronicles the annihilation of this Pagan European culture at the hands of Christianity. Long before the birth of Christianity, monotheism was an anomaly; Europe and the Near East flourished under the divine guidance of Sophia, the ancient goddess of wisdom. The Earth was the embodiment of Sophia and thus sacred to the people who sought fulfillment in her presence. This ancient philosophy was threatening to the emerging salvation-based creed of Christianity that was based on patriarchal dominion over the Earth and lauded personal suffering as a path to the afterlife. As Derrick Jensen points out in the afterword, in Lash's hands Jesus Christ emerges as the agent provocateur of the ruling classes.

Since the publication of the Institute of Medicine (IOM) report *Clinical Practice Guidelines We Can Trust* in 2011, there has been an increasing emphasis on assuring that clinical practice guidelines are trustworthy, developed in a transparent fashion, and based on a systematic review of the available research evidence. To align with the IOM recommendations and to meet the new requirements for inclusion of a guideline in the National Guidelines Clearinghouse of the Agency for Healthcare Research and Quality (AHRQ), American Psychiatric Association (APA) has adopted a new process for practice guideline development. Under this new process APA's practice guidelines also seek to provide better clinical utility and usability. Rather than a broad overview of treatment for a disorder, new practice guidelines focus on a set of discrete clinical questions of relevance to an overarching subject area. A systematic review of evidence is conducted to address

these clinical questions and involves a detailed assessment of individual studies. The quality of the overall body of evidence is also rated and is summarized in the practice guideline. With the new process, recommendations are determined by weighing potential benefits and harms of an intervention in a specific clinical context. Clear, concise, and actionable recommendation statements help clinicians to incorporate recommendations into clinical practice, with the goal of improving quality of care. The new practice guideline format is also designed to be more user friendly by dividing information into modules on specific clinical questions. Each module has a consistent organization, which will assist users in finding clinically useful and relevant information quickly and easily. This new edition of the practice guidelines on psychiatric evaluation for adults is the first set of the APA's guidelines developed under the new guideline development process. These guidelines address the following nine topics, in the context of an initial psychiatric evaluation: review of psychiatric symptoms, trauma history, and treatment history; substance use assessment; assessment of suicide risk; assessment for risk of aggressive behaviors; assessment of cultural factors; assessment of medical health; quantitative assessment; involvement of the patient in treatment decision making; and documentation of the psychiatric evaluation. Each guideline recommends or suggests topics to include during an initial psychiatric evaluation. Findings from an expert opinion survey have also been taken into consideration in making recommendations or suggestions. In addition to reviewing the available evidence on psychiatry evaluation, each guideline also provides guidance to clinicians on implementing these recommendations to enhance patient care.

Saini takes readers on a journey to uncover science's failure to understand women and to show how women's bodies and minds are finally being rediscovered.
