The Passionate Shepherd to His Love

Considered a "regionalist" writer, like Kate Chopin and fellow New Englander Sarah Orne Jewett, Mary E. Wilkins Freeman spent almost half a century living in New England, writing prolifically, and enjoying, sometimes warily, her status as a celebrity author. This collection shows Freeman's many modes - romantic, gothic, and psychologically symbolic - as well as her use of pathos and sentimentality, dry reserve, and humor, satire, and irony. These last are most vividly expressed in *The Jamesons*, sketches of village life published here for the first time since the turn of the century. Other stories center on questions of women's integrity, courage, and, often, privation; explore cultural constructions of masculinity; and dramatize the interconnection of rural New England with modern culture and commerce.

The Seafarer is one of a group of Anglo-Saxon poems found in the Exeter Book, Codex Exoniensis, donated to the library of Exeter cathedral by Leofric, the first Bishop of Exeter. Compiled around 970, it is the largest surviving collection of Old English literature. The poem tells the story of life's apparent futility through the words of a lone mariner. There have been many interpretations of the poem since the mid-nineteenth century, but Amy Riach's strong and expressive new translation is unique in that it empowers the voice of the title character. Riach's translation is accompanied by Jila Peacock's magisterial monoprints—which she made for a multimedia piano trio based on the poem—to create a formidable publication that celebrates the happy marriage of text and image.
