Directory of American Scholars

"This book is for anyone who wishes to use plays in the classroom but is not sure what will work. Designed to provide the help you need to bring drama into your classroom without extensive research and preparation time, *Beyond the Bard* is a great resource featuring fifty plays. The selections include traditional favorites, as well as plays by lesser-known authors. This easy-to-use guide provides detailed information on each entry, including length of the play, date of publication, and setting. You'll find important information for each play, including age appropriateness and cast size. Major themes addressed in the play and the "red flags" section help you avoid potentially objectionable material before you begin. The book also contains a comprehensive index by period and subject matter, which enables you to select material that fits in with your lesson plan. Handy reviews, planning ideas, and ready-to-use activities are also included."--Page 4 of cover.

Twentieth-Century American Dramas

It's a powerful combination of the world's best literature and superior reading and

skills instruction! Prentice Hall Literature Timeless Voices, Timeless Themes helps students grasp the power and beauty that lies within the written word, while the program's research-based reading approach ensures that no child is left behind.

Provides biographical information and critical evaluations of the works of selected major authors

Tropic Crucible

Traces the evolution of Miller scholarship during a span of nearly sixty years.

Education, Research and Perspectives

Twentieth-century American Dramatists

Teaching Composition with the Prentice Hall Guide for College Writers

This is a study of the state of research on and history of performances of 40 American playwrights, including major mainstream, ethnic, and regional playwrights. The essays list their published and unpublished plays, as well as their other works; document the performances; identify bibliographies, biographies, critical studies, and analyses of the plays; and discuss the critical reception. The volume deals with production histories, covering critics, actors, directors, and theater companies that have contributed as much to theater as the playwrights themselves. It also discusses original screenplays and identifies writing on younger playwrights on whom research has just begun. ISBN 0-313-25543-1: \$66.00 (For use only in the library).

American Literature

Yearbook of the National Reading Conference

Arthur Miller - Death of a Salesman/The Crucible

"The 1953 premiere of *The Crucible* confirmed Arthur Miller's reputation as one of America's most important and serious playwrights as it underscored the earlier success of Miller's Pulitzer Prize winning drama, *Death of a Salesman*. While dealing with the 1692 witch trials in Salem, Massachusetts, *The Crucible* reveals Miller's concern with issues of individual conscience and guilt by association - issues that were manifest in the social and political problems of his own time. The

drama is both a historical play of 17th-century colonial America and a parable about the communist witch-hunts in the United States of the 1950s. Miller uses the moral absolutism of Puritan Salem to parallel the infamous congressional hearings led by Senator Joseph McCarthy. The events which frame Miller's tragic drama are separated by some two hundred and sixty years, but are joined by circumstances where elements of disparate societies seek only evidence of guilt and ignore or suppress all evidence to suggest otherwise. With universal themes that transcend time and place, including national borders, *The Crucible* remains one of the most often produced American plays worldwide." "In *The Crucible: Politics, Property, and Pretense*, James J. Martine extends his analysis beyond the standard critical appraisals that compare the drama's setting only to the time in which it was written - the McCarthy era. Martine examines in detail Miller's historical sources and the ways in which he adapted this material to his contemporary audience. Martine suggests the play should be "read" within a variety of contexts, that is, as a product of and reaction to the McCarthy era, as a milestone in the development of Miller's work, as an exemplar of the genre of tragedy, as part of the tradition of American theatre, and as a basis for later adaptations. In his discussion, Martine considers both the written text and the play as public performance. He examines the play's settings, props, and exits and entrances, and draws attention to the various ways in which Miller built these directions about the play's performance into the written text. Martine argues convincingly that *The Crucible* should not be approached as a monochromatic written text as it often has been, but as a

multifaceted performance text. His study includes photographs of a contemporary staged production, in addition to commentary on Robert Ward's Pulitzer prize-winning opera based on Miller's drama. Martine's multi-leveled exploration enables the reader to understand and thus appreciate The Crucible and Arthur Miller more fully."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
