Dog Breath

#1 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Steven Spielberg. “Enchanting . . . Willy Wonka meets The Matrix.”—USA Today • “As one adventure leads expertly to the next, time simply evaporates.”—Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade Watts really feels alive is when he’s jacked into the OASIS, a vast virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he’s beset by rivals who’ll kill to take this prize. The race is on—and the only way to survive is to win. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Entertainment Weekly • San Francisco Chronicle • Village Voice • Chicago Sun-Times • iO9 • The AV Club “Delightful . . . the grown-up’s Harry Potter.”—HuffPost “An addictive read . . . part intergalactic scavenger hunt, part romance, and all heart.”—CNN “A most excellent ride . . . Cline stuffs his novel with a cornucopia of pop culture, as if to wink to the reader.”—Boston Globe “Ridiculously fun and large-hearted . . . Cline is that rare writer who can translate his own dorky enthusiasms into prose that’s both hilarious and compassionate.”—NPR “[A] fantastic page-turner . . . starts out like a simple bit of fun and winds up feeling like a rich and plausible picture of future friendships in a world not too distant from our own.”—iO9

Punished!

Stanley is excited about Crazy Hair Day at his school, until he discovers that he has gotten the date wrong and it is actually Class Picture Day, but his classmates come to his rescue in a show of solidarity. Jr Lib Guild. 15,000 first printing.

Too Many Tamales

Tomie dePaola's classic (and hilarious) story of a young cave boy and his mysterious egg. Mama Grunt sends Little Grunt out to find a dozen eggs. All he can find is one huge egg. The egg hatches and out pops a baby dinosaur. Little Grunt names him George. Soon George grows too big for the Grunt family cave, and poor Little Grunt has to send him away. But when the local volcano erupts, there's only one dinosaur who can save the day!

Let's Play Math

The Other Side

Includes a variety of interesting and engaging problems based on NCTM content standards. Students will learn to model and solve the same problem in different ways while developing and using their own problem-solving strategies and techniques

A Bad Case of Stripes

Give me a hand . . . hold your tongue . . . scream your lungs out . . . what's a kid to do if he wants to keep all his body parts in place? Well, one thing is for sure, he'll have to be creative. Like, if you want to keep your heart from breaking, just make sure it's well padded and protected by tying a pillow around your chest. Want to keep your hands attached? Simple-stick them on with gloves and lots of glue. Just be careful not to laugh your head off!

Second Grade Holdout

Award-winning duo Judy Finchler and Kevin O'Malley are back with another book in the best-selling Miss Malarkey series that makes reading fun! Principal Wiggins has promised to dye his hair purple and sleep on the school roof if the students read 1,000 books this year, and Miss Malarkey is determined to find the right book for every student, including this story's reluctant-reader narrator. Winning her students over book by book, Miss Malarkey will have students loving to read in no time. As the best-selling series continues in paperback, no teacher, librarian, or parent should leave this book behind! Principal Wiggins promises to dye his hair purple and sleep on the school roof if the students read 1,000 books this year. Miss Malarkey is determined to find the right book for each student so they'll participate in the school program, and learn to love reading. She's got a tough audience - video game fanatics, artists, sports lovers - nonreaders all. But she won't give up until Principal Wiggins can flip his purple wig. With all the new pressures being put on teachers these days, the one thing everyone agrees about is the need for all children to learn to love reading. Now, the best-selling Miss Malarkey series uses all

the programs and initiatives developed to help children read as fodder for the humor mill, keeping everyone laughing about this important topic. No teacher, librarian or parent should leave this book behind!

Second Grade Children's Responses to Two Types of Multiplication Problems

Amelia Bedelia, the housekeeper with a literal mind, merrily upsets the household when she "dresses" the chicken and "trims" the steak with ribbons and lace.

Enemy Pie

A cherished classic is brought to life with the audio stylings of renowned actor James Earl Jones. Sylvester can't believe his luck when he finds a magic pebble that can make wishes come true. But when a lion jumps out at him on his way home, Sylvester is shocked into making a wish that has unexpected consequences. After overcoming a series of obstacles, Sylvester is eventually reunited with his loving family. Illustrated with William Steig's glowing pictures, this winner of the Caldecott Medal is beloved by children everywhere. This package includes a paperback book along with a CD of this modern classic read by legendary actor James Earl Jones.

Sylvester and the Magic Pebble

Christmas Eve started out so perfectly for Maria. Snow had fallen and the streets glittered. Maria's favorite cousins were coming over and she got to help make the tamales for Christmas dinner. It was almost too good to be true when her mother left the kitchen for a moment and Maria got to try on her beautiful diamond ring . . . This is the story of a treasure thought to be lost in a batch of tamales; of a desperate and funny attempt by Maria and her cousins to eat their way out of trouble; and the warm way a family pulls together to make it a perfect Christmas after all. Also available in Spanish as ¡Qué montón de tamales!

Amelia Bedelia

Second grade? Pfff! No, thanks. The comically anxious narrator in this book thought that first grade had its problems, but overall it was pretty awesome. He'll take grade one over grade two any day, thank you very much! Especially because he and Tyler, his best friend, will not be in the same class this school year. On top of that, Tyler's sisters have been feeding the boys a steady stream of rumors about the horrors of second grade. Luckily they catch on that just maybe some of those stories are not one hundred percent true. Could it be that second grade is not so bad? Find out in this laugh-out-loud story that has more than its fair share of heart.

Creative Problem Solving, Grade 7

With these workbooks, your child can stay on top of his or her reading game while reading amazing stories from the Bible.

The Day the Crayons Came Home

This ebook includes audio narration. A deliciously imaginative story about friendship—from the author / illustrator of *The Scrambled States of America*. Arnie was fascinated as he watched the customers stream into the bakery. One by one, doughnuts were chosen, placed in paper bags, and whisked away with their new owners. Some went by the dozen in giant boxes. "Good-bye!" Arnie yelled to each doughnut. "Have a good trip!" "This is so exciting!" Arnie beamed. "I wonder who will choose ME?" At first glance, Arnie looks like an average doughnut—round, cakey, with a hole in the middle, iced and sprinkled. He was made by one of the best bakeries in town, and admittedly his sprinkles are candy-colored. Still, a doughnut is just a doughnut, right? WRONG! Not if Arnie has anything to say about it. And, for a doughnut, he sure seems to have an awful lot to say. Can Arnie change the fate of all doughnuts—or at least have a hand in his own future? Well, you'll just have to read this funny story and find out for yourself. This title has Common Core connections Arnie, the Doughnut is a 2004 Bank Street - Best Children's Book of the Year.

Leonardo the terrible monster

The companion to the #1 blockbuster bestseller, *The Day the Crayons Quit!* "Highly anticipated (yes, even for adults)" —Entertainment Weekly I'm not sure what it is about this kid Duncan, but his crayons sure are a colorful bunch of characters! Having soothed the hurt feelings of one group who threatened to quit, Duncan now faces a whole new group of crayons asking to be rescued. From Maroon Crayon, who was lost beneath the sofa cushions and then broken in two after Dad sat on him; to poor Turquoise, whose head is now stuck to one of Duncan's stinky socks after they both ended up in the dryer together; to Pea Green, who knows darn well that no kid likes peas and who ran away—each and every crayon has a woeful tale to tell and a plea to be brought home to the crayon box. Praise for *The Day the Crayons Came Home* "Mr. Daywalt's text blends with Mr. Jeffers's illustrations to make a picture book that will have children clamoring for more crayon adventures."—The Wall Street Journal * "A masterwork of humor and design . . . Sure to be as popular as *The Day the Crayons Quit*."—Booklist, starred review * "A brilliant, colorful tale that begs to be read aloud and a must-have for all collections."—School Library Journal, starred review * "Once again, Daywalt and Jeffers create rich emotional lives and personalities for their colorful cast, and it's hard to imagine a reader who won't be delighted."—Publishers Weekly, starred review "Drew Daywalt and Oliver Jeffers once again offer perceptive and frequently hilarious insights...*The Day the Crayons Came Home* will have readers of all ages chuckling—and will inspire kids' empathy and imagination in equal measure."—BookPage Praise for *The Day the Crayons Quit* The #1 New York Times bestselling phenomenon—over two years on the bestseller list! Miss Malarkey Leaves No Reader Behind

A Chair for My Mother

The need for improved mathematics education in many of America's schools that serve students from low income households has been extensively documented. This practical action research study, set in a suburban Title I school with a primarily Hispanic, non-native English speaking population, is designed to explore the

effects of the progression through a set of problem solving solution strategies on the mathematics problem solving abilities of 2nd grade students. Students worked in class with partners to complete a Cognitively Guided Instruction-style (CGI) mathematics word problem using a dictated solution strategy five days a week for twelve weeks, three or four weeks for each of four solution strategies. The phases included acting out the problem using realia, representing the problem using standard mathematics manipulatives, modeling the problem using a schematic representation, and solving the problem using a number sentence. Data were collected using a five question problem solving pre- and post-assessment, video recorded observations, and Daily Answer Recording Slips or Mathematics Problem Solving Journals. Findings showed that this problem solving innovation was effective in increasing the problem solving abilities of all participants in this study, with an average increase of 63% in the number of pre-assessment to post-assessment questions answered correctly. Additionally, students increased the complexity of solutions used to solve problems and decreased the rate of guessing at answers to word problems. Further rounds of research looking into the direct effects of the MKO are suggested as next steps of research.

Crazy Hair Day

The 180 Days of Problem Solving for Grade 2 offers daily problem-solving practice geared towards developing the critical thinking skills needed to approach complex problems. This teacher-friendly resource provides thematic units that connect to a standards-based skill that second grade students are expected to know to advance to the next level. Lesson plans offer guidance and support for every day of the week, outlining strategies and activities that dig deeper than routine word problems. Each week students will use visual representations and analyze different types of word problems (including non-routine, multi-step, higher thinking problems). This comprehensive resource builds critical thinking skills and connects to national and state standards.

The Name Jar

The new kid in school needs a new name! Or does she? Being the new kid in school is hard enough, but what about when nobody can pronounce your name? Having just moved from Korea, Unhei is anxious that American kids will like her. So instead of introducing herself on the first day of school, she tells the class that she will choose a name by the following week. Her new classmates are fascinated by this no-name girl and decide to help out by filling a glass jar with names for her to pick from. But while Unhei practices being a Suzy, Laura, or Amanda, one of her classmates comes to her neighborhood and discovers her real name and its special meaning. On the day of her name choosing, the name jar has mysteriously disappeared. Encouraged by her new friends, Unhei chooses her own Korean name

and helps everyone pronounce it—Yoon-Hey.
