Punjab P.W.D. History of Services of Gazetted Officers

The relationship between technology and colonialism in British India is the focus of this book. Three important areas are examined: the practices shaping and constraining technology transfer and the growth of education in the fields of technology and engineering; the emerging patterns in transportation and communication; and the struggle for technological sovereignty before India achieved political independence in 1947. Presenting new research in these areas, the book relates the history of technology in India to issues of economic relations and culture.

Junior Engineer

Technical Manpower

The Highway Engineer

Unemployed graduate and diploma holders in Civil /Electrical Engineering who have passed the qualifying examination and have obtained degree or diploma from university / Institution, other States recognized by the Director of Technical education. State concerned may get themselves registered as an Unemployed Engineer PWD Contractor within the period of 10 years from the date of passing qualifying examination. The complete procedure is offline in some states of India while, some states of India allows registration via online mode only. But in India only few of the graduate or diploma holders are aware about this facility. This is complete case study of registration of Unemployed engineer PWD Contractor, which will helpful for all unemployed engineers (Civil/Electrical).
