Daring and defiant there's no stopping diver Hawk Ridley as he takes the plunge into a briny world of untold riches and danger. The Caribbean is a fortune hunter's dream, salted with the gold of galleons long ago claimed by the deep. Now Hawk's headed for the Windward Passage of Haiti to stake his claim. But a rival team has also picked up the scent, and they're willing to turn the sea red with blood to get to the gold first. Fighting off ruthless competitors is nothing new to Hawk but fighting off a beautiful woman is a different story. Is she an innocent stowaway or a seductive saboteur? Between the cool millions lying on the bottom of the ocean, and the boiling-hot race to grab it, Hawk's about to find the answer and make a discovery Twenty Fathoms Down that will blow you out of the water. Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior

release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.
