Jews are a people of law, and law defines who the Jewish people are and what they believe. This anthology engages with the growing complexity of what it is to be Jewish — and, more problematically, what it means to be at once Jewish and participate in secular legal systems as lawyers, judges, legal thinkers, civil rights advocates, and teachers. The essays in this book trace the history and chart the sociology of the Jewish legal profession over time,

revealing new stories and dimensions of this significant aspect of the American Jewish experience and at the same time exploring the impact of Jewish lawyers and law firms on American legal practice. “This superb collection reveals what an older focus on assimilation obscured. Jewish lawyers wanted to ‘make it,’ but they also wanted to make law and the legal profession different and better. These fascinating essays show how, despite considerable obstacles, they succeeded.” — Daniel R. Ernst Professor of Law, Georgetown University Law Center Author of *Tocqueville’s Nightmare: The Administrative State Emerges in America, 1900-1940* “This fascinating collection of essays by distinguished scholars illuminates the distinctive and intricate relationship between Jews and law. Exploring the various roles of Jewish lawyers in the United States, Germany, and Israel, they reveal how the practice of law has variously expressed, reinforced, or muted Jewish identity as lawyers demonstrated their commitments to the public interest, social justice, Jewish tradition, or personal ambition. Any student of law, lawyers, or Jewish values will be engaged by the questions asked and answered.” — Jerold S. The apostle Paul makes his appearance in the Bible as an ambitious Pharisee who is determined to destroy the early church. But his religious world comes crashing down when he meets the risen Jesus on the road to Damascus. Paul is never the same, and soon he is traveling across the world to spread the gospel. At one point, Paul writes a letter to a church in Rome, outlining in clear terms the central truths and doctrines of the Christian faith. Romans reads like a first-century course in theology, culminating in the incredible truth that God has made a way—through the sacrifice of Christ—for all to find salvation. The Jeremiah Bible Study Series captures Dr. David Jeremiah's many years of commitment in teaching the Word of God. In each study, you will gain insights into the text, identify the key stories and themes, and be challenged to correctly apply the truths and meanings you find to your own life.
