Part of their adversary's plan rests on the manipulation of a newly discovered aquifer beneath the Sahara, but an even more devastating weapon at his disposal may threaten the entire world: a plant extract known as the black mist, discovered in the City of the Dead and rumored to have the power to take life from the living and restore it to the dead. With the balance of power in Africa and Europe on the verge of tipping, Kurt, Joe, and the rest of the NUMA team will have to fight to discover the truth behind the legends—but to do that, they have to confront in person the greatest legend of them all: Osiris, the ruler of the Egyptian underworld. The Rising Sea

The second thrilling account of #1 New York Times bestselling author Clive Cussler's real-life search for lost ships, planes, and other marvels that changed history. For decades, Clive Cussler's real-life NUMA®, the National Underwater and Marine Agency, has scoured rivers and seas in search of lost ships of historic significance. His teams have been inundated by tidal waves and beset by obstacles—both human and natural—but the results, and the stories behind them, have been dramatic. In this follow-up to their bestselling first account, The Sea Hunters, Cussler and colleague Craig Dirgo provide another extraordinary narrative of their true seagoing—and land—adventures, including their searches for the famous ghost ship Mary Celeste, found floating off the Azores in 1874 with no one on board; the Carpathia, the ship that rescued the Titanic survivors and was itself lost to U-boats six years later; and L'Oiseau Blanc, the airplane that almost beat The Spirit of St. Louis across the Atlantic before disappearing in the Maine woods. All these, plus steamboats, ironclads, a seventeenth

century flagship, a certain famous PT boat, and even a dirigible, are tantalizing targets as Cussler proves again that truth can be “at least as fun, and sometimes stranger, than fiction” (Men’s Journal).

Medusa

Clive Cussler, author of over twenty consecutive New York Times bestsellers, brings back beloved hero Dirk Pitt in this electrifying, edge-of-your-seat thriller that is “a high-tech adventure, a little romance, and a whale of a story” (Richmond Times-Dispatch). *Japan, 1945*: Two US bombers take off with atomic bombs. Only one gets through. *The Pacific, 1993*: A Japanese cargo ship bound for the United States is instantly, thunderously vaporized, taking with it a Norwegian vessel. Japanese fanatics have developed a chilling plan to devastate and destroy the Western powers. From the ocean depths to the discovery of cache of lost Nazi loot, Dirk Pitt is untangling a savage conspiracy and igniting a daring counterattack. While Washington bureaucrats scramble, a brutal industrialist commands his blackmail scheme from a secret island control center. And Dirk, the dauntless hero of *Sahara* and *Inca Gold*, is taking on death-dealing robots and a human-hunting descendant of samurai warriors. Pitt alone controls the West’s secret ace in the hole: a tidal wave of destruction waiting to be triggered on the ocean floor! “Bulging with gadgetry and undersea delights” (Houston Chronicle), *Dragon* is “pure

fun...Watch out for paper cuts as you turn the pages faster and faster to keep up with Cussler's intense pace" (San Diego Union-Tribune). This is "a page-turning romp that achieves a level of fast-paced action and derring-do that Robert Ludlum might well envy" (Publishers Weekly).

Cool Blue Tomb

The Iceman is an action-packed World War II military thriller featuring a daring United States Navy submarine commander during the Pacific war in 1942-43. In 1942, off the port city of St. Nazaire in occupied France, a United States Navy S-class submarine assigned to the Royal Navy lurks just outside the borders of the minefield protecting a German U-boat base. Lieutenant Commander Malachi Stormes, the boat's skipper, patrols dangerously close to the minefield entrance and manages to trap and sink three outbound U-boats in one spectacular attack. Britain decorates him, the U.S. Navy promotes him and then gives him command of a brand new class of submarine, a fleet boat called Firefish. Based in Perth, Australia, having been driven out of the Philippines by the Japanese juggernaut, the Perth boats are the only American forces capable of hitting the Japanese in the western Pacific. Stormes, with his cold, steely-eyed focus on killing Japanese ships, is an enigma to his officers and crew, especially when it becomes clear that he is willing to take huge chances to achieve results. Firefish sinks more ships than any Perth boat on her first war patrol, but Stormes' unconventional tactics literally frighten his crew. Driven by a past steeped in the whiskey-haunted violence of the Kentucky coal fields, whose psychological scars torment his sleep and close him off from personal relationships, Stormes is nicknamed The Iceman. His crew is proud of their boat's accomplishments, but wonder if their iron-willed skipper will bring them home alive. With intense action and featuring authentic submarine tactics in the early years of the Pacific war, The Iceman continues P. T. Deutermann's

masterful, award-winning cycle of thrillers set during World War II.

The Wrecker traverses the vast spaces of the American West as if he had wings, striking wherever he pleases, causing untold damage and loss of human life. Who is he? What does he want? Is he a striker? An anarchist? A revolutionary determined to displace the “privileged few”? A criminal mastermind engineering some as yet unexplained scheme? Whoever he is, whatever his motives, the Wrecker knows how to create maximum havoc, and Bell senses that he is far from done—that, in fact, the Wrecker is building up to a grand act unlike anything he has committed before. If Bell doesn’t stop him in time, more than a railroad could be at risk—it could be the future of the entire country.
