The editors of the Philosophy and Medicine series recognize with gratitude the foresight, understanding, hard labor, and

patience of Prof. Kazumasa Hoshino. It is his perseverance that has made this volume a reality. It was his faith in ideas that brought together a cluster of scholars in Tokyo on September 2-4, 1994, at Sophia University for a U. S. -J apan Bioethics Congress. With the support of the Foundation for Advance ment of International Science, the Japan Foundation Center for Global Partnership, the Foundation of Thanatology, the Japanese Center for Quality of Life Studies, and Sophia University, scholars from Canada, Germany, Japan, and the United States were able to explore the differ ences and similarities in their approaches to bioethics and health care policy. That conference first produced a volume through Shibunkaku Publishers of Kyoto that appeared in 1995 in J apanese: The Dignity of Death, edited by Kazumasa Hoshino. Selections from those materials have been reworked for an English audience and now appear, along with new essays, in this volume. The field of comparative bioethics is only in its infancy. We are deeply grateful to Prof. Kazumasa Hoshino, one of the fathers of J apanese bioethics, for having made this volume possible. H. Tristram Engelhardt, Jr. Stuart F. Spicker VII

ACKNOWLEDGEMENTS This volume's editors and Kluwer Academic Publishers wish to thank Shibunkaku Press, Kyoto, Japan, for permission to publish, without charge, essays derived from the U. S.

Everything Flows

The Gospel-Centered Life

A New York Review Books Original Everything Flows is Vasily Grossman's final testament, written after the Soviet authorities suppressed his masterpiece, Life and Fate. The main story is simple: released after thirty years in the Soviet camps, Ivan Grigoryevich must struggle to find a place for himself in an unfamiliar world. But in a novel that seeks to take in the whole tragedy of Soviet history, Ivan's story is only one among many. Thus we also hear about Ivan's cousin, Nikolay, a scientist who never let his conscience interfere with his career, and Pinegin, the informer who got Ivan sent to the camps. Then a brilliant short play interrupts the narrative: a series of informers steps forward, each making excuses for the inexcusable things that he did—inexcusable and yet, the informers plead, in Stalinist Russia understandable, almost unavoidable. And at the core of the book, we find the story of Anna Sergeyevna, Ivan's lover, who tells about her eager involvement as an activist in the Terror famine of 1932–33, which led to the deaths of three to five million Ukrainian peasants. Here Everything Flows attains an unbearable lucidity comparable to the last cantos of Dante's Inferno.
