This book is written for students of franchising as well as franchisors, franchisees or prospective franchisees. A three part perspective is developed throughout the book concerning the franchisor-franchisee relationship: first, a franchisor and franchisee are independent business people who must manage their separate business affairs; second, the franchisor and franchisee are dependent upon each other in order to be successful in business; and third, the franchisor-franchisee relationship brings with it an interdependent contractual obligation that is legally binding upon both parties.

In Good Company: Managing Intellectual Property Issues in Franchising

Franchise Your Growth Expert franchise consultant Mark Siebert delivers the ultimate how-to guide to employing the greatest growth strategy ever—franchising. Siebert tells you what to expect, how to move forward, and avoid costly mistakes as he imparts decades of experience, insights, and practical advice to help grow your business exponentially through franchising. Learn how to:

- Evaluate your existing businesses for franchisability
- Identify the advantages and disadvantages of franchising
- Develop a business plan for growth on steroids
- Evaluate legal risk, obtain necessary documents, and protect intellectual property

The Franchisee Handbook

* AN INSTANT NEW YORK TIMES BESTSELLER * From the New York Times bestselling author of *The Vanishing American Adult*, an intimate and urgent assessment of the existential crisis facing our nation. Something is wrong. We all know it. American life expectancy is declining for a third straight year. Birth rates are dropping. Nearly half of us think the other political party isn't just wrong; they're evil. We're the richest country in history, but we've never been more pessimistic. What's causing the despair? In *Them*, bestselling author and U.S. senator Ben Sasse argues that, contrary to conventional wisdom, our crisis isn't really about politics. It's that we're so lonely we can't see straight—and it bubbles out as anger. Local communities are collapsing. Across the nation, little leagues are disappearing, Rotary clubs are dwindling, and in all likelihood, we don't know the neighbor two doors down. Work isn't what we'd hoped: less certainty, few lifelong coworkers, shallow purpose. Stable families and enduring

friendships—life’s fundamental pillars—are in statistical freefall. As traditional tribes of place evaporate, we rally against common enemies so we can feel part of a team. No institutions command widespread public trust, enabling foreign intelligence agencies to use technology to pick the scabs on our toxic divisions. We’re in danger of half of us believing different facts than the other half, and the digital revolution throws gas on the fire. There’s a path forward—but reversing our decline requires something radical: a rediscovery of real places and human-to-human relationships. Even as technology nudges us to become rootless, Sasse shows how only a recovery of rootedness can heal our lonely souls. America wants you to be happy, but more urgently, America needs you to love your neighbor and connect with your community. Fixing what's wrong with the country depends on it.

Introduction to Franchising

Brian Keen outlines the process he uses to successfully franchise businesses today. His simple four step system is based on over 30 years experience as a franchisee, franchisor and as a consultant working with start ups and established franchises honing their business growth in Australia and overseas. He outlines some of the trickier aspects you need to know to franchise a business right and make the mistakes so many have made. There is more to it than just getting the franchise agreement and operations manuals in place.

Miles McPherson, founder of The Rock Church in San Diego, presents “a discussion about race that we desperately need a must read” (Bishop T.D. Jakes, Senior Pastor, The Potter’s House) and argues that we must learn to see people not by the color of their skin, but as God sees them—humans created in the image of God. Pastor Miles McPherson, senior pastor of The Rock Church in San Diego, addresses racial division, a topic many have shied away from, for fear of asking the wrong

Access Free Subway Fdd Franchise Disclosure Document

question or saying the wrong thing. Some are oblivious to the impact racism has, while others pretend it doesn't exist. Even the church has been affected by racial division, with Sunday now being the most segregated day of each week. Christians, who are called to love and honor their neighbors, have fallen into culture's trap by siding with one group against another: us vs. them. Cops vs. protestors. Blacks vs. whites. Racists vs. the "woke." The lure of choosing one option over another threatens God's plan for unity among His people. Instead of going along with the culture, Pastor Miles directs us to choose the Third Option: honoring the priceless value of God's image in every person we meet. He exposes common misconceptions that keep people from engaging with those of different racial and ethnic backgrounds, and identifies the privileges and pitfalls that we all face. The Third Option challenges us to fully embrace God's creativity and beauty, as expressed in the diversity of His people. By following the steps and praying the prayers outlined in his book, Pastor Miles teaches us how we can all become leaders in unifying our communities, our churches, and the nation.

International transactions among nations and multinational corporations are important and growing due to the openness of economies all over the world. In this follow-up title to Exchange Rates and International Financial Economics, Kallianiotis examines the role of the exchange rate and trade policy in improving the trade account. He discusses the international parity conditions extensively, together with the most popular theory in international finance, the interest rate parity (IRP) theory. International Financial Transactions and Exchange Rates describes these theories and gives practical solutions for multinational businesses, individuals, and nations. The increasing internationalization of businesses, openness of economies, integration of nations, change in the exchange rate system, and lastly, the deregulation of the financial market and institutions around the world have made the study of international finance necessary for all business students and professionals.

The Truth About Starting a Business

The expanded and revised edition of Dare to Serve answers the question How do you transform an ailing company into an industry darling? Adopt servant leadership! In this updated edition of Dare to Serve, former Popeyes CEO Cheryl Bachelder shows that leading by serving is a rigorous and tough-minded approach

that yields the best results. When she was named CEO of Popeyes in 2007, the stock price had slipped from \$34 in 2002 to \$13. The brand was stagnant, the team was discouraged, and the franchisees were just plain angry. Nine years later, restaurant sales were up 45 percent, restaurant profits had doubled, and the stock price was over \$61. Servant leadership is sometimes derided as soft or ineffective, but this book confirms that challenging people to reach a daring destination, while treating them with dignity, creates the conditions for superior performance. The second edition of this bestselling book includes Bachelder's post-Popeyes observations and new examples of how you can switch your leadership from self to serve. Ever engaging and inspirational, Bachelder takes you firsthand through the transformation of Popeyes and shows how anyone, at any level can become a Dare-to-Serve leader.

Take the Fear Out of Franchising

Michael E. Gerber, author of the #1 most successful business book ever, *The E-Myth*, calls *Take the Fear Out of Franchising* a "great book" that is "a must for any prospective franchisee or franchisor." Written by one of the world's foremost authorities on franchising, Dr. John P. Hayes, *Take the Fear Out of Franchising* gets right to the nub of what's really important about buying, owning and operating a franchise. Many people who consider buying a franchise never do because they get stuck in the process. That's fear! Sadly, people often get stuck over points of little or no consequence, says Dr. Hayes, and that's because they fall into the trap of investigating franchising as an industry. He says that process forces people to concentrate on the wrong points of information and it is mostly a waste of time. It creates more fear and ultimately immobilizes people. Dr. Hayes introduces readers to five franchise tenets that explain why franchising works. He points out that while franchising is a fabulous methodology that has created countless millionaires, it's not foolproof, and it will not work for everyone. He then shows readers how to know if franchising will work for them, and he teaches readers how to investigate

franchise opportunities by looking at the only data that really matters! Franchise executive Joe Caruso says *Take the Fear Out of Franchising* is a "serious guide" to selecting a franchise. Tony Foley, vice president of Global Sales for United Franchise Group, says the book is a "step-by-step realistic guide on how to make one of the most important decisions of your life." And Joe Mancuso, founder of CEO Clubs International, says, "Rather than fear franchising, just read the book." Dr. Hayes is the Titus Chair for Franchise Leadership at Palm Beach Atlantic University in West Palm Beach, Florida. He directs the Titus Center for Franchise Studies and teaches the franchise curriculum in the Rinker School of Business.
