Into the Wild

"This course offers current and prospective teachers of English a comprehensive treatment of pronunciation pedagogy, drawing on both current theory and practice. The text provides: - an overview of teaching issues from the perspective of different methodologies and second language acquisition research - innovative teaching techniques - a thorough grounding in the sound system of North American English - insight into how this sound system intersects with spelling, morphology, listening, and discourse - diagnostic tools and assessment measures - suggestions for syllabus design. Discussion questions and exercises encourage teachers to draw on their personal language learning/teaching experience as they assimilate the contents of each chapter. A training cassette offers practice in assessing learners' pronunciation"--Publishers's website.

How the Garcia Girls Lost Their Accents

"A joy to read." --The Cleveland Plain Dealer Acclaimed writer Julia Alvarez's beloved first novel gives voice to four sisters as they grow up in two cultures. The García sisters--Carla, Sandra, Yolanda, and Sofía--and their family must flee their home in the Dominican Republic after their father's role in an attempt to overthrow

brutal dictator Rafael Trujillo is discovered. They arrive in New York City in 1960 to a life far removed from their existence in the Caribbean. In the wondrous but not always welcoming U.S.A., their parents try to hold on to their old ways as the girls try find new lives: by straightening their hair and wearing American fashions, and by forgetting their Spanish. For them, it is at once liberating and excruciating to be caught between the old world and the new. Here they tell their stories about being at home--and not at home--in America.

The American Accent Guide, 3rd Edition

Directed to speakers of English as a second language, a multi-media guide to pronouncing American English uses a "pure-sound" approach to speaking to help imitate the fluid ways of American speech.

Mastering the American Accent, 2nd edition

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of downloadable audio

files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds.

English Pronunciation in Use Intermediate with Answers, Audio CDs (4) and CD-ROM

This second edition provides extensive activities to help college-bound students develop clear speech and appropriate intonation. -- Vowels, consonants, stress, and intonation -- Recognition and production activities -- Paired communicative practice -- Sounds in isolation, sentences, dialogues, and rhymes

The Accent of Success

Pronounce it Perfectly in English

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. His name was Christopher Johnson McCandless. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and , unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind

his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. From the Trade Paperback edition.

Teaching Pronunciation Hardback with Audio CDs (2)

David Crystal's classic *English as a Global Language* considers the history, present status and future of the English language, focusing on its role as the leading

international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

How to American

Mastering the American Accent

This cds present six 35-minute lessons, each one covering key obstacles faced by nonnative English speakers. accompanying the cds is a booklet containing written pronunciation guidelines and transcriptions of the sound, words, and sentences you encounter on the recording.

The Namesake

Gogol is named after his father's favourite author. But growing up in an Indian

family in suburban America, the boy starts to hate his name and itches to cast it off, along with the inherited values it represents. Gogol sets off on his own path only to discover that the search for identity depends on much more than a name.

The American Accent Guide

This unique book offers a complete course in how to do any accent and also gives you the tools to navigate your way through a specific accent. Using solid technical know-how, clear practical steps, real-life examples, and the occasional dose of humour, the Haydn/Sharpe System brings to the surface the underlying structure of accents. The authors share the processes that they, as specialist dialect coaches, have developed, to give you the insight, tools and confidence to work with accents. This enhanced edition, optimised for the iPad and other tablets, includes embedded audio of detailed exercises and sample sentences – giving you the sounds you need to get your accent skills going! Also includes ready-to-use resource recordings of the following accents: Norfolk (NEW), Yorkshire (NEW), Standard Canadian (NEW), Standard Australian (NEW) , Standard American, Northern Irish (Belfast) , Southern Irish (Cork), Scottish (Glasgow) , Newcastle, Manchester , Liverpool , South Wales (Swansea) , West Midlands (Walsall), Cockney, Neutral Standard English, Contemporary ‘Street’ London (NEW), Cornish (NEW)

Manual of American English Pronunciation

How To Do Accents

Lose Your Accent in 28 Days is the powerful, proven system that will help the learner master American English pronunciation in weeks not months or years. This system features an interactive CD-ROM that shows you exactly how to pronounce EVERY vowel and consonant through hundreds of video clips. The Audio CD

includes over 70 minutes of material on rhythm, stress, and everyday speech patterns. The book offers 80 techniques for better pronunciation. In all, the system offers 956 guided examples. Written by world-renowned accent reduction expert, Judy Ravin.

American Diabetes Association Complete Guide to Diabetes: The Ultimate Home Diabetes Reference

Reduce your accent when pronouncing English, with the expertise from an acclaimed specialist in the area Developed by acclaimed speech consultant and accent specialist Susan Cameron, Perfecting Your English Pronunciation features her successful method, which focuses on the anatomical placement of sound and on the musculature used in articulation. Where other accent reduction/English pronunciation products rely on solely mimicking of audio sounds, this work focuses visually, audibly, and narratively on the physical ability to speak English, noting that many sounds of English may be difficult for you because some tongue positions used in English may not be used in your native language. The 45-minute DVD introduces you to mouth and jaw exercises to prepare you for English, then demonstrates mouth formations and tongue placement using other nonnative speakers like you. You will see and hear how English sounds--enabling you to become more and more comfortable conversing with native English speakers as

you go through the program.

Lose Your Accent in 28 Days

Discusses the causes, symptoms, diagnosis, and treatment of diabetes and includes information on nutrition, glucose control, exercise, and complications

Teaching Pronunciation

To be successful in college is especially tough for those who are new to the United States. What is the correct visa? How does one choose the right college? What is the right program? How does one take notes in class? How does one get help? This book addresses these and many other challenges that international students will face on a college campus. The second edition offers updates in the post-9/11 world regarding entering a U.S. university. The Accent of Success will help students overcome the initial myths and fears related to visas and will help them understand higher education in the United States. It also advises students on planning their days and how to get the maximum from the printed and virtual information sources around them; it discusses how students should organize their semesters, make appointments, and plan ahead; and it provides tips on how and where to talk to professors. This book also provides students with insight into

development of their critical-thinking skills and helps their understanding of American culture.

The American Accent Guide

Word by Word

Pronouncing American English

Mark Hancock's comprehensive pronunciation reference and practice book and audio CD is pitched at an intermediate level. It can be used for individual and class use and the audio material uses a clear model of a standard British English accent for presentation and repetition exercises.

English the American Way: A Fun ESL Guide to Language and Culture in the U.S. (with Embedded Audio & MP3)

This is the complete course; it contains Books One, Two and Three combined. The course is an accent reduction program for international speakers of English. At the

same time, it is rich in both formal and informal American expressions. And it contains exercises and cultural notes prompted, for the most part, by questions from students themselves. The program is now in its second edition. It has been based on and proven successful during years of work with students from many countries. Softcover textbook with 6 audio CDs.

Learning English as a Foreign Language For Dummies

The Pulitzer Prize-winning epic of the Great Depression, a book that galvanized—and sometimes outraged—millions of readers. First published in 1939, Steinbeck's Pulitzer Prize-winning epic of the Great Depression chronicles the Dust Bowl migration of the 1930s and tells the story of one Oklahoma farm family, the Joads—driven from their homestead and forced to travel west to the promised land of California. Out of their trials and their repeated collisions against the hard realities of an America divided into Haves and Have-Nots evolves a drama that is intensely human yet majestic in its scale and moral vision, elemental yet plainspoken, tragic but ultimately stirring in its human dignity. A portrait of the conflict between the powerful and the powerless, of one man's fierce reaction to injustice, and of one woman's stoical strength, the novel captures the horrors of the Great Depression and probes into the very nature of equality and justice in America. At once a naturalistic epic, captivity narrative, road novel, and transcendental gospel, Steinbeck's powerful landmark novel is perhaps the most

American of American Classics. This Centennial edition, specially designed to commemorate one hundred years of Steinbeck, features french flaps and deckle-edged pages. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

American Accent Training

English as a Global Language

Improve Your American English Accent

In an adventure reminiscent of Homer's Odyssey, fifteen-year-old Odilia and her four younger sisters embark on a journey to return a dead man to his family in Mexico, aided by La Llorona, but impeded by a witch, a warlock, chupacabras, and more.

Adventures of Huckleberry Finn

Here's How to Do Accent Modification: A Manual for Speech-Language Pathologists is designed for speech-language pathologists (SLPs) working with clients on accent modification in American English. A growing number of non-native speakers are interested in improving their communication skills and SLPs need preparation to work with this clientele. The text provides copious advice and many diverse techniques for teaching accent modification, from the level of basic sounds to the level of discourse. The text emphasizes realistic goal setting, so that clients focus on becoming effective communicators as opposed to sounding exactly like native speakers. The objective is a balance between clear and natural speech. Many SLPs favor intelligibility over naturalness because of their backgrounds working with speech delayed children, but with non-native speakers this often leads to unnatural speech and listeners focus on how something is said as opposed to what is said. Here's How to Do Accent Modification is uniquely geared toward the skills and backgrounds of SLPs working with clients in a one-on-one setting, but is also an excellent introductory text for any English as a Second Language (ESL) teacher.

Robert McKinney brings this unique perspective as a speech-language pathologist with degrees in both Communication Disorders and Teaching English as a Second Language. Also included with the text are numerous practical activities and worksheets for working with clients. The ebook includes audio files and video clips to demonstrate working with non-native speakers.

Mastering the American Accent with Downloadable Audio

This is the 3rd edition of the world-acclaimed The American Accent Guide. The American Accent Guide provides comprehensive training on the standard American accent. The materials for this program consist of a book and accompanying streaming audio. The book provides a link and an access code for the audio, which can then be streamed on any digital device. The methods and principles of this program are based on the belief that an efficient way to become a clear and effective speaker in a non-native language is to gain an understanding of the phonology (sound system) of that language. The American Accent Guide addresses the entire sound system of American English and gives thorough attention to each of its elements. These elements are: Intonation Stress Rhythm Individual vowel sounds Individual consonant sounds The program found in The American Accent Guide addresses each of these elements through a variety of engaging, interactive exercises that use everyday language in situations ranging from casual to technical and from informal to professional. The American Accent Guide is divided

into eight sections, each of which contains its own numbering sequence and audio. Each section addresses a complete and distinct aspect of the American accent, so the student can potentially study each part independently. Although each section is complete in and of itself, exercises do reinforce skills addressed in previous sections. This makes studying the program in the order presented the most effective way to both understand the concepts and practice and improve one's accent. By the end of the course, learners will possess a clear idea of how to process the American accent and have the basic speaking tools required to express it. They will also be prepared to continue building their accent skills through purposeful listening to the way that native speakers of American English communicate. Who is The American Accent Guide for? Typical users of The American Accent Guide include universities, colleges, language schools, speech-language pathologists, ESL instructors, and individual learners. The program is appropriate for students representing all foreign language backgrounds, given that they possess at least a low-intermediate command of the English language. The Approach The American Accent Guide introduces the elements of American English speech in the most logical sequence, integrating each of them into natural contexts. It takes a highly complex accent system and makes it easy to understand. While practicing new speech patterns, the learner gains awareness of the underlying rules of the American English sound system. These insights facilitate continued improvement and increased fluency in standard American English. The Dialect The dialect used in The American Accent Guide is standard

American English, sometimes referred to as "General American." This accent is heard widely throughout parts of the United States and Canada; it is the preferred standard in North American news media and movies. Exercises in The American Accent Guide reflect the communication style of American culture, and they incorporate common idioms and colloquialisms used frequently in everyday situations. The Audio The American Accent Guide is accompanied by clear audio featuring a mix of male and female speakers of standard American English. Audio track markers are easily located in small circles throughout the text. The entire book is available in audio form, and the program can be followed using the audio independently should the student wish to use it that way. Changes to the New Edition This new 3rd edition of The American Accent Guide builds upon the successes of the previous editions. It includes revisions with new ideas, more exercises, and a new, expanded section on the topic of word stress."

American Accent Training

Standup comic, actor and fan favorite from HBO's Silicon Valley and the film Crazy Rich Asians shares his memoir of growing up as a Chinese immigrant in California and making it in Hollywood. "I turned down a job in finance to pursue a career in stand-up comedy. My dad thought I was crazy. But I figured it was better to disappoint my parents for a few years than to disappoint myself for the rest of my life. I had to disappoint them in order to pursue what I loved. That was the only

way to have my Chinese turnip cake and eat an American apple pie too." Jimmy O. Yang is a standup comedian, film and TV actor and fan favorite as the character Jian Yang from the popular HBO series Silicon Valley. In *How to American*, he shares his story of growing up as a Chinese immigrant who pursued a Hollywood career against the wishes of his parents: Yang arrived in Los Angeles from Hong Kong at age 13, learned English by watching BET RapCity for three hours a day, and worked as a strip club DJ while pursuing his comedy career. He chronicles a near deportation episode during a college trip Tijuana to finally becoming a proud US citizen ten years later. Featuring those and many other hilarious stories, while sharing some hard-earned lessons, *How to American* mocks stereotypes while offering tongue in cheek advice on pursuing the American dreams of fame, fortune, and strippers.

How You Say It

In Mark Twain's classic tale of friendship and adventure, Huckleberry Finn escapes his evil, drunken father, befriends a runaway slave named Jim, and sails the Mississippi River! As Huck and Jim sail to freedom, they encounter con men and thieves and get in plenty of trouble along the way. Follow Huck's coming-of-age journey in the Calico Illustrated Classics adaptation of Twain's *The Adventures of Huckleberry Finn*. Calico Chapter Books is an imprint of Magic Wagon, a division of ABDO Group. Grades 3-8.

The Zombie Survival Guide

The second edition includes updates and insights on current research and pedagogical practice that have developed over the last decade. This new edition of Teaching Pronunciation - undoubtedly the gold standard for pronunciation methodology texts - has been revised to reflect recent research into the sound system of North American English, as well as new practices in pronunciation pedagogy. Audio CDs with additional examples are now packaged with the book.

Here's How to Do Accent Modification

This instructional program is designed to diminish the accents of men and women who speak English as their second language. Specific exercises concentrate on vowel sounds, problematic consonants such as V, W, TH, the American R, and the often confusing American T sound. It teaches them to employ correct syllable stress, emphasize the correct words in a sentence for native sounding rhythm, speak with American intonation, link words for smoother speech flow, use common word contractions, and more. Additional topics that often confuse ESL students are also discussed and explained. Includes a native language guide that references problematic accent issues of 13 different language backgrounds. There is also a link to downloadable audio that uses male and female voices to coach correct

American-style pronunciation.

Preschool English Learners

From “one of the most brilliant young psychologists of her generation” (Paul Bloom), a groundbreaking examination of how speech causes some of our deepest social divides—and how it can help us overcome them. We gravitate toward people like us; it’s human nature. Race, class, and gender shape our social identities, and thus who we perceive as “like us” or “not like us”. But one overlooked factor can be even more powerful: the way we speak. As the pioneering psychologist Katherine Kinzler reveals in *How You Say It*, the way we talk is central to our social identity because our speech largely reflects the voices we heard as children. We can change how we speak to some extent, whether by “code-switching” between dialects or learning a new language; over time, your speech even changes to reflect your evolving social identity and aspirations. But for the most part, we are forever marked by our native tongue—and are hardwired to prejudge others by theirs, often with serious consequences. Your accent alone can determine the economic opportunity or discrimination you encounter in life, making speech one of the most urgent social-justice issues of our day. Our linguistic differences present challenges, Kinzler shows, but they also can be a force for good. Humans can benefit from being exposed to multiple languages —a paradox that should inspire us to master this ancient source of tribalism, and rethink the role that

speech plays in our society.

The Grapes of Wrath

REA's English the American Way: A Fun ESL Guide to Language and Culture in the U.S. with Embedded Audio & Mp3 Download Helps English Language Learners Improve Their Skills A fun guide to everything American for the English language learner! Authored by seasoned ESL instructors, this handy guidebook is perfect for people who already have a good grasp of English, but want to improve how they speak the language as it is spoken in the United States. Written in a lighthearted and easy-to-follow style, this book is a great resource for people of all ages and all nationalities. Each unit introduces commonly used phrases, vocabulary, and verbs, and offers sample dialogs to illustrate everyday American life.
