The Right Thing to Do

Choosing the Right Thing to Do

This book will allow you to read and discuss on your own or with a student the concepts of right and wrong and right and left. It is geared toward elementary age students but is fun for all. I have worked with children for over 20 years and assisted those needing a new outlook on left and right and right and wrong. This in turn gave me inspiration to write this book. The reward is seeing the readers concept become a reality of knowing the difference between right and left and choices. I hope who ever reads this, will have a greater understanding and have fun in the process. This book is done in humor, because I want the reader to realize we all have struggles and difficulties in our lives and in learning. We just need a little help with the right connection. I hope this is a tool that will help you see yourself in a different way, a normal way and a fun way.

The Next Right Thing

This book provides students and practitioners with a comprehensive overview of the rules and principles associated with ethical advertising practices. With extensive research, and a variety of case studies, and expert opinions, it discusses why advertising ethics is important both to the consumer and the professional. The author presents the rules of ethical conduct recommended by the Institute for

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

Advertising Ethics and demonstrates how these are applied in practice, examining why ethics is important; what the ethical dilemmas the industry faces are; and how to motivate better practices among professionals. The book uses real life stories of "native advertising," marketing to children, and diversity in advertising to show how professionals can be inspired to "do the right thing" for consumers and their companies. Readers will learn how they can solve ethical dilemmas to their personal satisfaction in the competitive work environment. This balanced perspective to the ethical issues that arise in the advertising industry is sure to resonate with students of advertising and marketing.

Do the Right Thing

What are our obligations to others as people in a free society? Should government tax the rich to help the poor? Is the free market fair? Is it sometimes wrong to tell the truth? Is killing sometimes morally required? Is it possible, or desirable, to legislate morality? Do individual rights and the common good conflict? Michael J. Sandel's "Justice" course is one of the most popular and influential at Harvard. Up to a thousand students pack the campus theater to hear Sandel relate the big questions of political philosophy to the most vexing issues of the day, and this fall, public television will air a series based on the course. Justice offers readers the same exhilarating journey that captivates Harvard students. This book is a searching, lyrical exploration of the meaning of justice, one that invites readers of

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

all political persuasions to consider familiar controversies in fresh and illuminating ways. Affirmative action, same-sex marriage, physician-assisted suicide, abortion, national service, patriotism and dissent, the moral limits of markets—Sandel dramatizes the challenge of thinking through these conflicts, and shows how a surer grasp of philosophy can help us make sense of politics, morality, and our own convictions as well. Justice is lively, thought-provoking, and wise—an essential new addition to the small shelf of books that speak convincingly to the hard questions of our civic life.

The Right Thing to Do, The Smart Thing to Do

Nothing gets our attention like an unmade decision: Should I accept the new position? Which schooling choice is best for my kids? How can I support my aging parents? When we have a decision to make and the answer isn't clear, what we want more than anything is peace, clarity, and a nudge in the right direction. If you have trouble making decisions, because of either chronic hesitation you've always lived with or a more recent onset of decision fatigue, Emily P. Freeman offers a fresh way of practicing familiar but often forgotten advice: simply do the next right thing. With this simple, soulful practice, it is possible to clear the decision-making chaos, quiet the fear of choosing wrong, and find the courage to finally decide without regret or second-guessing. Whether you're in the midst of a major life transition or are weary of the low-grade anxiety that daily life can bring, Emily

helps create space for your soul to breathe so you can live life with God at a gentle pace and discern your next right thing in love.

Defending Animals' Rights is the Right Thing to Do

Now in its eighth edition, James Rachels' and Stuart Rachels' *The Right Thing to Do: Readings in Moral Philosophy* continues its legacy of providing students a diverse collection of thought-provoking essays. New to this edition are eight essays relevant to the today's students, from gun rights to the opioid crisis to racial equality.

Do the Right Thing

The Symposium on Diversity in the Health Professions in Honor of Herbert W. Nickens, M.D., was convened in March 2001 to provide a forum for health policymakers, health professions educators, education policymakers, researchers, and others to address three significant and contradictory challenges: the continued under-representation of African Americans, Hispanics, and Native Americans in health professions; the growth of these populations in the United States and subsequent pressure to address their health care needs; and the recent policy, legislative, and legal challenges to affirmative action that may limit access for

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

underrepresented minority students to health professions training. The symposium summary along with a collection of papers presented are to help stimulate further discussion and action toward addressing these challenges. *The Right Thing to Do, The Smart Thing to Do: Enhancing Diversity in Health Professions* illustrates how the health care industry and health care professions are fighting to retain the public's confidence so that the U.S. health care system can continue to be the world's best.

More Room in a Broken Heart

A How-To Guide for the Modern Leader Inspired by Peter Drucker's groundbreaking book *The Effective Executive*, Laura Stack details precisely how 21st-century leaders and managers can obtain profitable, productive results by managing the intersection of two critical values: effectiveness and efficiency. Effectiveness, Stack says, is identifying and achieving the best objectives for your organization—doing the right things. Efficiency is accomplishing them with the least amount of time, effort, and cost—doing things right. If you're not clear on both, you're wasting your time. As Drucker put it, "There is nothing so useless as doing efficiently that which should not be done at all." Stack's 3T Leadership offers twelve practices that will enable executives to be effective and efficient, grouped into three areas where leaders spend their time: Strategic Thinking, Teamwork, and Tactics. With her expert advice, you'll get scores of new ideas on how you, your team, and your

organization can boost productivity.

Doing the Right Thing

Grace Blades is a master psychologist, respected by her peers and adored by her patients. She is hardworking and highly competent, a model of self-control. But in private, Grace indulges a secret thrill-seeking darkness, pursuing danger as an escape from the regimented life she's established. Closing her eyes as she flies down the Los Angeles freeway or targeting a stranger in a hotel bar for an anonymous moment of passion, Grace craves the rush. Order by day, danger by night - the double life helps her cope with memories of a traumatic childhood, in which Grace saw her mother stab her abusive father before turning the knife on herself. But her two worlds collide when a new patient turns out to be her random conquest from the night before. He pleads for her to take him on anyway, claiming a unique connection with the foster father who raised her. She refuses. The next day, his body is found by police with only her business card to identify him. Suddenly, Grace is plunged into a web of danger and deceit that will draw her back into the dark past she fought so hard to leave behind.

The Murderer's Daughter

The phenomenon of Spike Lee continues with this revealing and engaging look at his outstanding career, his creative process, and the screenplay for his dynamic movie *Do The Right Thing*. Spike Lee burst full formed into the screen world with his award-winning, commercially successful independent film *She's Gotta Have It*.

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

In the few short years following this stellar debut he has established himself as a force to be reckoned with in the film industry and in American popular culture. This book reveals Spike Lee as a Hollywood iconoclast and gifted visionary and takes us through the dramatic sequence of events that brought the movie *Do The Right Thing* to fruition. It is a testimonial to his developing genius, written in the stingingly funny and informed language of Spike Lee.

The Right Thing To Do: Basic Readings in Moral Philosophy

One of the most exciting parts of growing up is taking on new responsibilities, but responsibility can be confusing, overwhelming, and even a bit scary. Navigating ethical responsibility can be especially challenging for young people because of the complicated nature of moral decision making. This guidebook demystifies ethical responsibility, helping readers recognize, interpret, and act on moral principles. Through realistic examples, readers will learn how to make sense of ethical dilemmas and develop solutions even when situations are complex. By learning how to be ethically responsible, readers will develop a greater sense of well-being, both for themselves and for others.

The Right Thing to Do

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

Sandra Davis, an employee with the federal government's Affordable Health Care Program, is in a deadly catch 22 situation: Keep quiet and continue to do her job or tell the truth, save thousands of lives and be killed for going public. Her death would be ruled a tragic case of overwork, exhaustion and despair if not for the letters she sent out to 13 people. Sandra has a terrible secret, and now, her secret is shared by several carefully selected letter holders. Since the passage of the Healthcare Act, the United States has changed. The powers-that-be have too much power, but nobody knows it—until now. Sandra's letters reach their intended recipients, and so begins a series of mysterious murders that stump authorities. Someone with great influence is killing off everyone who received a letter from Sandra, one by one. Spin-doctors in Washington are quick to cover up anything that might cast their operation in an unfavorable light, and they are good at their jobs, even when their job involves murder. Still, there are those willing to fight back: survivors who know what they're up against. They will reveal Sandra's truth at any cost in order to protect the American people, despite the threat of death and dishonor.

Justice

Cicero's *De Officiis* is, on its surface, a letter from Cicero to his son Marcus. It was, however, clearly intended for a much wider audience. The essay is about making decisions: how should we distinguish between right and wrong, and how should we

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

determine, in any set of circumstances, how to behave? Cicero's essential message is clear: if we are always kind and considerate of other people, we cannot go wrong, but, if we think only of ourselves, we will always go wrong. This translation of Cicero's work is intended for anyone interested in Roman history or ancient philosophy, in reading the classics in translation, or in contemplating how to do the right thing. Special Features Introduction to Cicero's De Officiis Clear striking rendition Three Appendices: Glossary of Names, Place, and Technical Terms, the Significant Dates in Roman History and the Life of Cicero, and Further Reading

Right Thing to Do: Cicero's De Officiis

We all want to do the right thing. But determining the right thing to do isn't always easy. Everytime we pick up a newspaper or turn on the TV, someone tells us how we ought to behave. Rarely, however, do we get much assistance in deciding what to do for ourselves. Meanwhile, technological developments and rapid social changes make the right decisions-especially about the BIG issues-life, death, sex, justice, and so on-harder and harder to identify. Choosing the Right Thing to Do responds to the growing need that people of all ages have for moral guidance-without moralizing. It contains a rich palette of principles and strategies, stories and examples, ideas and insights that offer real-world help for intelligently addressing the often quite troubling choices we face every day in our personal relationships, jobs, and lifestyles.

Choosing the Right Thing to Do

Offering an outstanding balance of rigor and accessibility, DO THE RIGHT THING, 2E provides accessible, impartial introductions to an excellent collection of readings in contemporary social issues. Provocative study questions urge students to get to the heart of the debates. Newly designed for this edition, DO THE RIGHT THING is organized into three sections. Part 1 introduces the student to the leading ethical theories, while Parts 2 and 3 present the current issues including landmark court cases as well as differing viewpoints by not only leading philosophers, but also economists, legal scholars, and scientists.

Do the Right Thing

Sure to appeal to the growing numbers of vocal animal-rights advocates, this hard-hitting explanation of the concepts of animal-rights critiques our so-called "civilized" society which often condemns animals to unnecessary suffering. With an introduction by Ingrid Newkirk, Director of People for the Ethical Treatment of Animals.

How to Say the Right Thing Every Time

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

"Moral philosophy is the study of how one should live. This anthology is an introduction to the that great subject. The readings cover the main moral theories and present a wealth of ideas about various practical matters."--

The Berenstain Bears Do the Right Thing

Justice brings together in one indispensable volume essential readings on justice and moral reasoning. With readings from major thinkers from the classical era up to the present, the collection provides a thematic overview of the concept of justice. Moreover, Sandel's organization of the readings and his own commentaries allow readers to engage with a variety of pressing contemporary issues. Looking at a host of ethical dilemmas, including affirmative action, conscription, income distribution, and gay rights, from a variety of angles—morally, legally, politically—the collection engages with the core concerns of political philosophy: individual rights and the claims of community, equality and inequality, morality and law, and ultimately, justice. With concise section introductions that put the readings in context, this anthology is an invaluable tool for students, teachers, and anyone who wishes to engage in the great moral debates that have animated politics from classical times to our own.

A memoir by the evangelical presidential candidate traces the course of his grassroots campaign, explains how he garnered support by respecting the concerns of middle-class and working-class voters, and demonstrates how his example can be drawn on by conservatives to unify the Republican Party.

Ethics in Advertising

The author of "Repacking your bags" offers a thoughtful examination of how people make choices and offers lessons for creating a valuable moral legacy.

Do the Right Thing

Like Mooki, the hero of Spike Lee's film "Do the Right Thing," artificially intelligent systems have a hard time knowing what to do in all circumstances. Classical theories of perfect rationality prescribe the "right thing" for any occasion, but no finite agent can compute their prescriptions fast enough. In Do the Right Thing, the authors argue that a new theoretical foundation for artificial intelligence can be constructed in which rationality is a property of "programs" within a finite architecture, and their behavior over time in the task environment, rather than a property of individual decisions. Do the Right Thing suggests that the rich structure that seems to be exhibited by humans, and ought to be exhibited by AI systems, is

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

a necessary result of the pressure for optimal behavior operating within a system of strictly limited resources. It provides an outline for the design of new intelligent systems and describes theoretical and practical tools for bringing about intelligent behavior in finite machines. The tools are applied to game planning and realtime problem solving, with surprising results.

Doing the Right Things Right

A reasoned yet urgent call to embrace and protect the essential, practical human quality that has been drummed out of our lives: wisdom. It's in our nature to want to succeed. It's also human nature to want to do right. But we've lost how to balance the two. How do we get it back? Practical Wisdom can help. "Practical wisdom" is the essential human quality that combines the fruits of our individual experiences with our empathy and intellect-an aim that Aristotle identified millennia ago. It's learning "the right way to do the right thing in a particular circumstance, with a particular person, at a particular time." But we have forgotten how to do this. In Practical Wisdom, Barry Schwartz and Kenneth Sharpe illuminate how to get back in touch with our wisdom: how to identify it, cultivate it, and enact it, and how to make ourselves healthier, wealthier, and wiser.

The Right Thing to Do

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

"A great resource for beginning ethics courses. The book is short and yet it richly embodies the methods of ethical thinking about practical moral problems that are hard for students to learn unless they see them in action. McGinn perspicuously sets out a small set of basic principles and then attacks the problems of our treatment of animals, abortion, sex, censorship, and so on, with a masterful blend of attention to real-life cases and imaginary thought experiments. McGinn hardly claims to have the last word on the complex issues he discusses, and students will find many exciting problems and points to take up." --Owen Flanagan, Duke University

Do the Right Thing

If Jane Austen and Sholem Aleichem ("Fiddler on the Roof") schemed in an elevator, this just might be their pitch. Ari is Elizabeth and Itche is Jane and this Jewish, queer, New York City retelling of "Pride and Prejudice" is for everyone. Ari Wexler, a trans guy in his late 20s, is barely scraping by. His family life is a mess, he feels like a failure when it comes to love, and his job at a music library is on the rocks. His relationship with Itche Mattes, his doting best friend, helps him get through the days. Then a famous actress comes to town and sweeps Itche off his feet, leaving her dreadful sidekick to step on Ari's toes. As Ari's despair grows, a fascinating music project falls into his lap, and he's faced with a choice: to remain within his comfort zone, however small and stifling, or to take a risk that could

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

bring meaning and joy to his life. A romantic comedy full of angsty wrestling matches between idealism and cynicism, work and art, and friendship and romance. It will keep you guessing until the very end.

The Right Thing to Do, The Smart Thing to Do

"This book is for all those who are seeking a human perspective on economic and organizational processes. It lays the foundations for a value based approach to the economy. The key questions are: "What is important to you or your organization?" "What is this action or that organization good for?" The book is directed at the prevalence of instrumentalist thinking in the current economy and responds to the calls for another economy. Another economy demands another economics. The value based approach is another economics; it focuses on values and on the most important goods such as families, homes, communities, knowledge, and art. It places economic processes in their cultural context. What does it take to do the right thing, as a person, as an organization, as a society? What is the good to strive for? This book gives directions for the answers. The value based approach restores the ancient idea that quality of life and of society is what the economy is all about. It advocates shifting the focus from quantities ("how much?") to qualities ("what is important?").

The Right Thing to Do at the Time

The author of "Repacking your bags" offers a thoughtful examination of how people make choices and offers lessons for creating a valuable moral legacy.

Defending Animals' Rights is the Right Thing to Do

This user-friendly guide empowers educators with the confidence and tools to communicate effectively with students, parents, peers, and the public.

The Right Thing to Do: Ethical Responsibility

Do the Right Thing

THE RIGHT THING TO DO is a collection of readings in moral theory and moral issues from major Western philosophers. It is the successful companion reader for Rachels' text, THE ELEMENTS OF MORAL PHILOSOPHY. This anthology explores further the theories and issues introduced in that volume, in their original and classic formulations. The collection can stand on its own as the text for a course in moral philosophy, or it can be used to supplement any introductory text.

The Right Thing to Do (Short Story)

A love song to an American icon: the first full-length biography of Carly Simon, from an acclaimed music journalist who has known her for decades Carly Simon has won two Grammys and an Academy Award, and her albums have sold more than forty million copies. Her music has touched countless lives since her debut in the 1970s, yet her own life story has remained unpublished-until now. Tapping private archives, family interviews, and a forty-year friendship with the legend herself, Stephen Davis at last captures Carly Simon's extraordinary journey from shy teenager to superstar. *More Room in a Broken Heart* candidly covers everything her fans want to know, including: Growing up with her father, publishing mogul Richard Simon The Bob Dylan turning point that launched her career The real story behind "You're So Vain" Carly's severe stage fright (she's the only musical guest to pretape an SNL segment) Romantic involvements with Mick Jagger, Warren Beatty, and Cat Stevens How Carly and James Taylor went from being pop music's reigning couple to independent souls living at opposite ends of Massachusetts Surviving breast cancer Her recent financial and spiritual crises Along the way, Davis vividly takes readers back to some of the most powerful eras in American music history and delivers a tribute worthy of the artist and her loyal fans, who know that nobody does it better than Carly Simon.

Practical Wisdom

When Doing the Right Thing Is Impossible

The #1 Principle of Sustainable Business Success Is Simpler Than You Think “Do the Right Thing is about how any company can stay true to its soul. Jim Parker’s deep and abiding belief in the power of people and culture in building a business of lasting worth is evident everywhere; so too is his humility and selflessness as a leader--his stories are not about his own achievements, which are many, but those of the people he led, one of the great success stories of our time.” --Sean Moriarty, CEO, Ticketmaster “Do the Right Thing offers insightful views into the culture, leadership, and decisions that build great companies the right way. A must read for my management team. THIS BOOK ROCKS.” --Kent Taylor, Founder and Chairman, Texas Roadhouse Restaurants “The book is a fun read filled with memorable stories that get at the heart of what it takes to lead in a way that simultaneously satisfies employees, customers, and shareholders. Jim Parker plays the role of eloquent detective and ferrets out the interweaving parts that distributed leadership, culture, values, and teamwork play as the underlying layers of a company’s success. This is a book about heroes at all levels and the environment needed to create those heroes. A must-read for today’s leaders.” --Professor

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

Deborah Ancona, Seley Distinguished Professor of Management and Faculty Director of the MIT Leadership Center, Sloan School of Management “You’ll laugh and cry reading Jim’s book, and probably won’t be able to put it down. It will forever change the way you view the employees in your organization.” --Beverly K. Carmichael, Member, Board of Directors, Society for Human Resource Management

People matter most. You know that. But most companies would rather slash costs, cut headcount, replace well-paid employees with lower-paid employees or outsourced workers, and reduce customer service. No wonder so many fail—while others focused on doing the right thing remain profitable and growth oriented for decades. James F. Parker shows why “doing the right thing” isn’t just naïve “feel-goodism:” it’s the most powerful rule for business success. Parker’s stories won’t just convince you: They’ll move you. Naïve? No way. In this book, Southwest Airlines’ former CEO proves why doing what’s right is the #1 rule of business success. James F. Parker tells how after 9/11, Southwest made three pivotal decisions: no layoffs, no pay cuts, and no-hassle refunds for any customer wanting them. The result: Southwest remained profitable and its revenue passenger miles for 4Q01 held steady while the rest of its industry nearly collapsed and Southwest’s market cap soon exceeded all its major competitors combined. These pivotal decisions grew naturally from Southwest’s culture of mutual respect and trust. Parker offers deeply personal insights into that culture, revealing how those same principles are used by other people and organizations, showing you that it’s really not that hard to Do The Right Thing! Why doing what’s right is the surest way to

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

optimize and sustain value Putting people first honestly, for real Finding great leaders at every level of the organization Hiring for attitude, training for skills Achieving unprecedented levels of teamwork (and fun!)

Do the Right Thing

Readers learn a step-by-step method for creating a personal ethical foundation based on integrity, competence, personal responsibility, respect, and awareness of others' welfare.

Moral Literacy, Or, How to Do the Right Thing

For beginners, this book contextualizes moral dialogue. Balances hot topic issues in the broader context of Catholic social teaching, ideal for high school and parish studies.

Moral Courage in Organizations: Doing the Right Thing at Work

#1 New York Times bestselling author Jonathan Kellerman heralds the arrival of his thrilling new stand-alone novel, *The Murderer's Daughter*, with this eBook original prequel short story—a powerful portrait of a young man seeking his destiny, who

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

will ultimately play a key role in the life of an unforgettable new Kellerman heroine. It's the summer of 1965, and Malcolm Bluestone, fresh out of Harvard and bound for law school, is taking a break—from the books and Brooklyn—to soak in the sun and sights of California. Free from his dotting parents, he's enjoying a whirlwind tour of his older brother Steve's glamorous movie-star lifestyle. Yet all the excitement only seems to leave Malcolm feeling haunted by the sheltered, studious life he leads—and trapped by the secure but predictable future that awaits him. It is a future he has the power to change, if he's brave enough to dare and wise enough, like his brother, to listen to his heart. But it will take a shocking incident on a movie set to finally spur Malcolm to action—and free him to walk the path he knows he was meant to. Praise for Jonathan Kellerman and his Alex Delaware mysteries “Jonathan Kellerman’s psychology skills and dark imagination are a potent literary mix.”—Los Angeles Times “A master of the psychological thriller.”—People “Kellerman really knows how to keep those pages turning.”—The New York Times Book Review “The combination of Alex Delaware [and] Detective Milo Sturgis . . . makes for the most original whodunit duo since Watson and Holmes.”—Forbes “Kellerman doesn't just write psychological thrillers—he owns the genre.”—Detroit Free Press

Choosing the Right Thing to Do

The topic of moral courage is typically missing from business ethics instruction and

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

management training. But moral courage is what we need when workplace pressures threaten to compromise our values and principles. *Moral Courage in Organizations: Doing the Right Thing at Work*, edited by Debra Comer and Gina Vega, underscores for readers the ethical pitfalls they can expect to encounter at work and enhances their ability do what they know is right, despite these organizational pressures. The book highlights the effects of organizational factors on ethical behavior; illustrates exemplary moral courage and lapses of moral courage; explores the skills and information that support those who act with moral courage; and considers how to change organizations to promote moral courage, as well as how to exercise moral courage to change organizations. By giving readers who want to do the right thing guidelines for going about it, *Moral Courage in Organizations: Doing the Right Thing at Work* is a potent tool to foster more ethical organizational behavior.

Summary: Justice: What's the Right Thing to Do?

The first novel to center on the father-daughter relationship in an Italian American family.

The Right Thing to Do

Read Online The Right Thing To Do Basic Readings In Moral Philosophy James Rachels

Suppose that in an emergency evacuation of a hospital after a flood, not all of the patients can make it out alive. You are the doctor faced with the choice between abandoning these patients to die alone and in pain, or injecting them with a lethal dose of drugs, without consent, so that they die peacefully. Perhaps no one will be able to blame you whatever you decide, but, whichever action you choose, you will remain burdened by guilt. What happens, in cases like this, when, no matter what you do, you are destined for moral failure? What happens when there is no available means of doing the right thing? Human life is filled with such impossible moral decisions. These choices and case studies that demonstrate them form the focus of Lisa Tessman's arresting and provocative work. Many philosophers believe that there are simply no situations in which what you morally ought to do is something that you can't do, because they think that you can't be required to do something unless it's actually in your power to do it. Despite this, real life presents us daily with situations in which we feel that we have failed morally even when no right action would have been possible. Lisa Tessman boldly argues that sometimes we feel this way because we have encountered an 'impossible moral requirement.' Drawing on philosophy, empirical psychology, and evolutionary theory, *When Doing the Right Thing Is Impossible* explores how and why human beings have constructed moral requirements to be binding even when they are impossible to fulfill.
