"With the same candor that has characterized his life, Otto Preminger--actor, director, producer, and now writer--exposes himself (in writing) as well as an impressive line-up of show business folk in this engrossing memoir. As one of Hollywood's pre-eminent directors with 36 films and 32 stage productions to his credit, Preminger reveals the funny, outrageous, and often exasperating moments of his career, and his association with the eccentric, the gracious, the wealthy, the egomaniacal--'the stars.' Beginning his career as an apprentice of Max Reinhardt, Preminger became an instant success as an actor and then as a director. Hollywood called and he went there in 1935. His outspoken manner clashed with the autocratic studio moguls. He was forced to return to New York and find work directing plays on Broadway. He rebounded in 1944 to begin his stormy and remarkably creative period in Hollywood with *Laura*, his first all-out hit, starring Gene Tierney, Clifton Webb, and Dana Andrews. Preminger gives an inside glimpse at shooting such films as *Daisy Kenyon* with Joan Crawford (whom he considers a remarkable, independent, and generous woman); *River of No Return*, starring Marilyn Monroe; the all-black productions of *Carmen Jones* and *Porgy and Bess*, both accused of being racist; *The Man With the Golden Arm*, with Frank Sinatra and Kim Novak; plus such legendary films as *Anatomy of a Murder* (James Stewart, Lee Remick, and George C. Scott), *Exodus* (Paul Newman, Eva Marie Saint), *Advise and Consent* (Henry Fonda and Charles Laughton), *The Cardinal* (Tom Tryon, Romy Schneider), *Hurry Sundown* (Jane Fonda, Michael Caine, Diahann Carroll and Faye Dunaway), and *In Harm's Way* (John Wayne). Making no bones about naming enemies or exalting his friends, Preminger elaborates on the blacklisting during the fifties and includes his own critique of the critics. Preminger gives us a little more insight into his friend Tallulah Bankhead and her affinity for shocking behavior (with a few choice examples), as well as his opinion of Howard Hughes (a fascinating man, but not all that eccentric). He sets the record straight on a number of his love affairs and marriages, and divulges the story of his relationship with Gypsy Rose Lee and their child, who after Gypsy's death emerged as Erik Preminger. Leaving few stones unturned, this unique "Otto-biography" zooms in on Hollywood through the eyes of one of its most active and highly creative personalities--Preminger!"--Jacket.

#### **The River of No Return**

The debut novel—“a true thrill ride” (Suspense magazine)—in the series featuring prosecutor-turned-Wyoming-fishing-guide Jake Trent: “a twisting, turning, murderous tale that thriller readers will love” (New York Times bestselling author Michael McGarrity). It’s early summer in Jackson, Wyoming, where former prosecutor Jake Trent has left the law behind to pursue his dream: becoming a fishing guide and opening a small bed-and-breakfast in the West. Now three seemingly unrelated deaths have occurred in one day—unheard of in the scenic valley of Jackson Hole—disrupting Jake’s idyllic new life. A skier perishes in a freak late-season avalanche. A French couple is discovered mutilated on a remote trail—presumably by a bear. And on the Snake River, Jake stumbles across the body of an expensively attired fisherman. Meanwhile, a series of small earthquakes—not to mention a bitter dispute between land developers and environmentalists—has left the townspeople uneasy. Before long, the plausible explanations for each death dissolve. Could there be a sinister connection among them? When fresh evidence points to Jake as a suspect, he goes on the defensive. Is someone out to frame him? Jake teams up with beautiful park ranger Noelle Klimpton to get to the bottom of this series of disturbing events. The trail leads right to the region’s crown-jewel attraction: Yellowstone. With “all the elements of a successful thriller” (Pittsburgh Post-Gazette), Death Canyon features “evocative Rocky Mountain themes, a spot-on sense of place, brilliant fly-fishing scenes and characters you just want to root for” (New York Times bestselling author C.J. Box).

Return to the River will describe a new ecosystem-based approach to the restoration of salmon and steelhead populations in the Columbia River, once one of the most productive river basins for anadromous salmonids on the west coast of North America. The approach of this work has broad applicability to all recovery efforts throughout the northern hemisphere and general applicability to fisheries and aquatic restoration efforts throughout the world. The Pacific Northwest is now embroiled in a major public policy debate over the management and restoration of Pacific salmon. The outcome of the debate has the potential to affect major segments of the region's economy - river transportation, hydroelectric production, irrigated agriculture, urban growth, commercial and sport fisheries, etc. This debate, centered as it is on the salmon in all the rivers, has created a huge demand for information. The book will be a powerful addition to that debate. A 15 year collaboration by a diverse group of scientists working on the management and recovery of salmon, steelhead trout, and wildlife populations in the Pacific Northwest Includes over 200 figures, with four-color throughout the book Discusses complex issues such as habitat degradation, juvenile survival through the hydrosystem, the role of artificial production, and harvest reform

In 1877, America was in turmoil from a recession, labor strikes and ethnic conflicts. From far off Idaho came a heroine to raise the flagging spirits of a nation. At the beginning of the Nez Perce War Isabella Benedict carried her children up the White Bird Canyon without food, while in mortal danger, until she encountered the U. S. Cavalry. Ironically, a Nez Perce man came to her rescue when the army proved inept. Her life included 2 husbands and 9 children, a father killed in a gunfight, a stepfather lynched in Lewiston, and a son-in-law convicted of manslaughter. Isabella used her Irish toughness, perseverance, and family loyalty to make her way on the American frontier and leave a legacy for her many descendants. Her story reveals a great deal about early Florence, White Bird, Grangeville, and Slate Creek, Idaho and about all the women of the West.

## **Return to the River**

At once an incredible adventure narrative and a penetrating biographical portrait, *The River of Doubt* is the true story of Theodore Roosevelt's harrowing exploration of one of the most dangerous rivers on earth. The River of Doubt—it is a black, uncharted tributary of the Amazon that snakes through one of the most treacherous jungles in the world. Indians armed with poison-tipped arrows haunt its shadows; piranhas glide through its waters; boulder-strewn rapids turn the river into a roiling cauldron. After his humiliating election defeat in 1912, Roosevelt set his sights on the most punishing physical challenge he could find, the first descent of an unmapped, rapids-choked tributary of the Amazon. Together with his son Kermit and Brazil's most famous explorer, Cândido Mariano da Silva Rondon, Roosevelt accomplished a feat so great that many at the time refused to believe it. In the process, he changed the map of the western hemisphere forever. Along the way, Roosevelt and his men faced an unbelievable series of hardships, losing their canoes and supplies to punishing whitewater rapids, and enduring starvation, Indian attack, disease, drowning, and a murder within their own ranks. Three men died, and Roosevelt was brought to the brink of suicide. *The River of Doubt* brings alive these extraordinary events in a powerful nonfiction narrative thriller that happens to feature one of the most famous Americans who ever lived. From the soaring beauty of the Amazon rain forest to the darkest night of Theodore Roosevelt's life, here is Candice Millard's dazzling debut. From the Trade Paperback edition.
