### The Year We Hid Away

Rule #1: No hot guys. It might sound ridiculous. I get it. It kind of was, but college was supposed to be my sanctuary. It was my place to start over. The rumors, the whispers, and the jealousy I endured through high school would all be gone. No one would know me at college. Rule #2: No drama. I'd major in pre-law. I'd make a few loyal friends. Everything would be easy-breezy. No one was going to use me or hurt me. I wouldn't let them. Rule #3: New year. New place. New me. Right? Wrong. And all because of Shay Coleman. Football captain and quarterback, he was the big guy on campus. The cocky guy in my political science class with a smirk. I hated him on sight . . . . . and he was about to break all my rules. Hate To Love You is a full-length standalone.

### Trance

From the beloved author of cult sensation *Convenience Store Woman*, which has now sold more than one million copies worldwide and has been translated into thirty-three languages, comes a spellbinding and otherworldly novel about a woman who believes she is an alien. Sayaka Murata's *Convenience Store Woman* was one of the most unusual and refreshing bestsellers of recent years, depicting the life of a thirty-six-year-old clerk in a Tokyo convenience store. Now, in *Earthlings*, Sayaka Murata pushes at the boundaries of our ideas of social conformity in this brilliantly imaginative, intense, and absolutely unforgettable novel. As a child, Natsuki doesn't fit in with her family. Her parents favor her sister, and her best friend is a plush toy hedgehog named Piyyut, who talks to her. He tells her that he has come from the planet Popinpopopia on a special quest to help her save the Earth. One summer, on vacation with her family and her cousin Yuu in her grandparents' ramshackle wooden house in the mountains of Nagano, Natsuki decides that she must be an alien, which would explain why she can't seem to fit in like everyone else. Later, as a grown woman, living a quiet life with her asexual husband, Natsuki is still pursued by dark shadows from her childhood, and decides to flee the "baby factory" of society for good, searching for answers about the vast and frightening mysteries of the universe—answers only Natsuki has the power to uncover. Dreamlike, sometimes shocking, and always strange and wonderful, *Earthlings* asks what it means to be happy in a stifling world, and cements Sayaka Murata's status as a master chronicler of the outsider experience and our own

uncanny universe.

## **I Hid My Voice**

What happened in high school stayed in high school. Until now. Five years ago, Michael Graham betrayed the only person who ever really knew him. Since then, he's made an art of hiding his sexual preference from everyone. Including himself. So it's a shock when his past strolls right into the Harkness College locker room, sporting a bag of hockey gear and the same slow smile that had always rendered Graham defenseless. For Graham, there is only one possible reaction: total, debilitating panic. With one loose word, the team's new left wing could destroy Graham's life as he knows it. John Rikker is stuck being the new guy. Again. And it's worse than usual, because the media has latched onto the story of the only "out" player in Division One hockey. As the satellite trucks line the sidewalk outside the rink, his new teammates are not amused. And one player in particular looks sick every time he enters the room. Rikker didn't exactly expect a warm welcome from Graham. But the guy won't even meet his eyes. From the looks of it, his former... best friend / boyfriend / whatever isn't doing so well. He drinks too much and can't focus during practice. Either the two loneliest guys on the team will self destruct from all the new pressures in their lives, or they can navigate the pain to find a way back to one another. To say that it won't be easy is the Understatement of the Year. Warning: unlike the other books in this series, this heartbreaking love story is about two guys. Contains sexual situations, dance music, snarky t-shirts and a poker-playing grandmother. ## **Basa**

NEW YORK TIMES BESTSELLER "Reilly pokes more holes in Trump's claims than there are sand traps on all of his courses combined. It is by turns amusing and alarming." -- The New Yorker "Golf is the spine of this shocking, wildly humorous book, but humanity is its flesh and spirit." -- Chicago Sun-Times "Every one of Trump's most disgusting qualities surfaces in golf." -- The Ringer An outrageous indictment of Donald Trump's appalling behavior when it comes to golf -- on and off the green -- and what it reveals about his character. Donald Trump loves golf. He loves to play it, buy it, build it, and operate it. He owns 14 courses around the world and runs another five, all of which he insists are the best on the planet. He also claims he's a 3 handicap, almost never loses, and has won an astonishing 18 club championships. How much of all that is true? Almost none of it, acclaimed sportswriter Rick Reilly reveals in this unsparing look at Trump in the world of golf. Based on Reilly's own experiences with Trump as well as interviews with over 100 golf pros, amateurs, developers, and caddies, *Commander in Cheat* is a startling and at times hilarious indictment of Trump and his golf game. You'll learn how Trump cheats (sometimes with the help of his caddies and Secret Service agents), lies about his scores (the "Trump Bump"), tells whoppers about the rank of his courses and their worth (declaring that every one of them is worth \$50 million), and tramples the etiquette of the game (driving on greens doesn't help). Trump doesn't brag so much, though, about the golf contractors he stiffes, the course neighbors he intimidates, or the way his golf decisions wind up infecting his political ones. For Trump, it's always about winning. To do it, he uses the tricks he picked up from the hustlers at the public course where he learned the game as a college kid, and then polished as one of the most bombastic businessmen of our time. As Reilly writes, "Golf is like bicycle shorts. It reveals a lot about a man." *Commander in Cheat* "paints a side-splitting portrait of a congenital cheater" (*Esquire*), revealing all kinds of unsightly truths Trump has been hiding.

Masterful." —Sandra Cisneros También de este lado hay sueños. On this side, too, there are dreams. Lydia Quixano Pérez lives in the Mexican city of Acapulco. She runs a bookstore. She has a son, Luca, the love of her life, and a wonderful husband who is a journalist. And while there are cracks beginning to show in Acapulco because of the drug cartels, her life is, by and large, fairly comfortable. Even though she knows they'll never sell, Lydia stocks some of her all-time favorite books in her store. And then one day a man enters the shop to browse and comes up to the register with a few books he would like to buy—two of them her favorites. Javier is erudite. He is charming. And, unbeknownst to Lydia, he is the jefe of the newest drug cartel that has gruesomely taken over the city. When Lydia's husband's tell-all profile of Javier is published, none of their lives will ever be the same. Forced to flee, Lydia and eight-year-old Luca soon find themselves miles and worlds away from their comfortable middle-class existence. Instantly transformed into migrants, Lydia and Luca ride la bestia—trains that make their way north toward the United States, which is the only place Javier's reach doesn't extend. As they join the countless people trying to reach el norte, Lydia soon sees that everyone is running from something. But what exactly are they running to? ## The Road

Enjoy a FREE taste of the *Ivy Years* Series! A blind date. A nervous sorority girl. A mean-spirited fraternity prank. What could go wrong? As a sorority pledge, there are commandments that Katie Vickery must live by. One: thou shalt not show up for the party without a date. Two: the guy shall be an athlete, preferably an upperclassman. Unfortunately, Katie just broke up with her jerkface football player boyfriend. Even worse, her last encounter with him resulted in utter humiliation. She'd rather hide under the bed than attend a party where he'll be. Yet staying home would mean letting him win. Enjoying herself tonight was out of the

question. She could only hope to get through the evening without her blind date noticing that he was spending the evening with a crazy person. Andrew Baschnagel is living proof that nice guys don't finish first. He's had his eye on Katie since the moment her long legs waltzed into his art history class. So when her roommate sets Andy up to be Katie's date, he'd be crazy to say no. Unfortunately, he doesn't have a lot of practice with either girls or parties. Yet. ## **Fly By Night**

This is the story, based on fact, of a boy who couldn't speak until the age of seven. Now twenty, he describes the events of his life. Four-year-old Shahaab has not started talking. The family doctor believes there is no cause for concern; nevertheless, Shahaab is ridiculed by others who call him "dumb." Young Shahaab doesn't understand what the word means and thinks it is a compliment, until one day his cousin plays a trick on him to prove to everyone that the boy truly is the neighbourhood idiot. When his mother recounts the incident to her husband, Shahaab is crushed to learn that his father also thinks the boy's speech impediment indicates that his son is an idiot and thus brings shame on the family. Shahaab soon recognizes that his father's love and esteem is concentrated on his older brother, Arash, and his younger sister, Shadee. In his innocent and deeply hurt child's mind, he begins to believe that the "good" and "intelligent" children like his older brother are their fathers' sons. On the other hand, children like him who are "clumsy" and "problematic" are their mothers' sons. From that moment on, his world, which he thought was filled with beauty and kindness, suddenly turns harsh, full of anger and insult. He begins to lash out, taking childish revenge on those around him, encouraged by his two imaginary friends, Esi and Bibi. No one in the family can understand Shahaab's wild behaviour except his maternal grandmother, who seems to possess the understanding and the kindness he so desperately craves. Their growing bond leads to a deep friendship in which Shahaab is able to experience some happiness and finally find his voice.

## **Him**

"A sensational new book [that] tries to figure out whether it's possible to live an ethical life in a capitalist society. . . . The results are enthralling." —Associated Press A timely and arresting new look at affluence by the New York Times bestselling author. "My adult life can be divided into two distinct parts," Eula Biss writes, "the time before I owned a washing machine and the time after." Having just purchased her first home, the poet and essayist now embarks on a provocative exploration of the value system she has bought into. Through a series of engaging exchanges— in libraries and laundromats, over barstools and backyard fences— she examines our assumptions about class and property and the ways we internalize the demands of capitalism. Described by The New York Times as a writer who "advances from all sides, like a chess player," Biss offers an uncommonly immersive and deeply revealing new portrait of work and luxury, of accumulation and consumption, of the value of time and how we spend it. Ranging from IKEA to Beyoncé to Pokemon, Biss asks, of both herself and her class, "In what have we invested?"

## **The Year We Hid Away**

"Two powerful phenomena are simultaneously unfolding on Earth: the rise of the climate movement and the rise of women and girls. The People's Climate March and the Women's March. School strikes for climate and the #MeToo movement. Rebellions against extinction and declarations that time's up. More than concurrent, the two trends are deeply connected. From sinking islands to drought-ridden savannas, the global warming crisis places an outsized burden on women, largely because of gender inequalities. In many parts of the world, women hold

traditional roles as the primary caregivers in families and communities, and as the main providers of food and fuel, they are more vulnerable when flooding and drought occur; the U.N. estimates 80% of those who have been displaced by climate change are women. Women are on the front line of the climate-change battle, and are uniquely situated to be agents of change--to find ways to mitigate the causes of global warming and adapt to its impacts on the ground. Today, across the world, from boardrooms and policy positions to local communities, from science to activism, women everywhere are using their voices to take leadership and call for action on climate change. This anthology is a collection and celebration of these diverse voices, asking critical questions and providing invaluable insight and solutions. Curated by two climate leaders, this book leads us away from the brink and toward the possibility of a life-giving future"--

## **Hard Hitter**

NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son's fight to survive. A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. ## **The Stranger in the Woods**

The true story of one girl who said "no" to tradition, and the effect it had upon a nation. In a remote village in Bengal, 11-year-old Rekha and her large family lived by rolling handmade cigarettes. She frequently observed the abrupt departure of her friends to go live with their mothers-in-law, where they were often treated like slaves. In spite of her youth, Rekha was aware of the harm done to these little girls. When, in their turn, her parents found a husband for her, a man she didn't know, she flew into a blinding rage at the idea of being taken away from any further schooling for good. After that, Rekha went from village to village to tell her story, and especially to explain the tragic consequences of early marriages. Thanks to her, several dozen children found the courage to say no to this tribal tradition. Her story gained national attention with India's newspaper hailing her for accomplishing change that the India government was incapable of making. Her exemplary journey gained her the recognition of the highest courts in the land, she has had an audience with the Indian President, and she is a recipient of India's National Bravery Award. Written with the collaboration of Mouhssine Ennaimi, a distinguished reporter for Radio France, *The Strength to Say No*, translated from Ennaimi's acclaimed French edition, is a documentary portrait of one girl's monumental struggle.

## **The Far Away Brothers**

In this deeply moving and myth-shattering work, Ann Fessler brings out into the open for the first time the astonishing untold history of the million and a half women who surrendered children for adoption due to enormous family and social pressure in the decades before *Roe v. ## **Having and Being Had**

The girl who's had everyone meets the boy who has no one. For Bella, the sweet-talking, free-loving, hip-checking student manager of the Harkness men's hockey team, sex is a second language. She's used to being fluent where others stutter, and the things people say behind her back don't (often) bother her. So she can't understand why her smoking hot downstairs neighbor has so much trouble staying friends after their spontaneous night together. She knows better than to worry about it, but there's something in those espresso eyes that makes her second guess herself. Rafe is appalled with himself for losing his virginity in a drunken hookup. His strict Catholic upbringing always emphasized loving thy neighbor—but not with a bottle of wine and a box of condoms. The result is an Ivy League bout of awkwardness. But when Bella is leveled by a little bad luck and a downright sinister fraternity stunt, it's Rafe who is there to pick up the pieces. Bella doesn't want Rafe's help, and she's through with men. Too bad the undeniable spark that crackles between the two of them just can't be extinguished. "The Shameless hour is a gift to any girl or woman who's ever been slut-shamed. It's magnificent."—

She's never lived a normal life. She hasn't been to school since kindergarten. And getting close to anyone is just too risky -- the last boy she kissed sold the story to a British tabloid. But she can't resist trying to get close to Daniel "DJ" Trevi, the hot, broody guy who spins tunes for hockey games in the arena. Something's haunting his dark eyes, and she needs to know more. DJ's genius is for expressing the mood of the crowd with a ten second song snippet. With just a click and a fade, he can spread hope, pathos or elation among six thousand screaming fans. ## Superfan

After months of refusing, I finally agreed to make the move to Alrick Falls. My family thought it was best - that a new scene would be good for me - and I was sick of having the same conversation. So here I am, and the plan is simple. Smile through each day and avoid her at all costs. It's perfect. Until the cocky quarterback comes into play. The last thing I want is his crooked grin and dark brown eyes focused on me. Yet here he is, constantly in my space, pushing me, daring me to care. Telling me what I think and feel, as if he knows. He doesn't know anything.

And I plan to keep it that way. He's the persistent playboy who refuses to walk away. I'm the impassive new girl with nothing left to give. Things are about to get complicated.

## Man Hands

Many people dream of escaping modern life, but most will never act on it. This is the remarkable true story of a man who lived alone in the woods of Maine for 27 years, making this dream a reality—not out of anger at the world, but simply because he preferred to live on his own. A New York Times bestseller In 1986, a shy and intelligent twenty-year-old named Christopher Knight left his home in Massachusetts, drove to Maine, and disappeared into the forest. He would not have a conversation with another human being until nearly three decades later, when he was arrested for stealing food. Living in a tent even through brutal winters, he had survived by his wits and courage, developing ingenious ways to store edibles and water, and to avoid freezing to death. He broke into nearby cottages for food, clothing, reading material, and other provisions, taking only what he needed but terrifying a community never able to solve the mysterious burglaries. Based on extensive interviews with Knight himself, this is a vividly detailed account of his secluded life—why did he leave? what did he learn?—as well as the challenges he has faced since returning to the world. It is a gripping story of survival that asks fundamental questions about solitude, community, and what makes a good life, and a deeply moving portrait of a man who was determined to live his own way, and succeeded.

## The Understatement of the Year

The sport she loves is out of reach. The boy she loves wants someone else. What now? She expected to start Harkness College as a varsity ice hockey player. But a serious accident means that Corey Callahan will start school in a wheelchair instead. Across the hall, in the other handicapped-accessible dorm room, lives the too-delicious-to-be real Adam Hartley, another would-be hockey star with his leg broken in two places. He's way out of Corey's league. Also, he's taken.

Nevertheless, an unlikely alliance blooms between Corey and Hartley in the "gimp ghetto" of McHerrin Hall. Over tequila, perilously balanced dining hall trays, and video games, the two cope with disappointments that nobody else understands. They're just friends, of course, until one night when things fall apart. Or fall together. All Corey knows is that she's falling. Hard. But will Hartley set aside his trophy girl to love someone as broken as Corey? If he won't, she will need to find the courage to make a life for herself at Harkness — one which does not revolve around the sport she can no longer play, or the brown-eyed boy who's afraid to love her back. . "I absolutely loved it, and I can't wait to read the rest of her books." Colleen Hoover, bestselling author of *Hopeless*. "I bought - and read - this entire series in a week. ## The Shameless Hour

"Elena has left behind a story of resilience, hope and most of all, love. We can't help but take her into our hearts, and carry the best of her into our own lives." —Jeffrey Zaslow, coauthor of *The Last Lecture Notes Left Behind* by Brooke and Keith Desserich began as a journal they kept after their five-year-old daughter Elena was diagnosed with brain cancer and given just 165 days to live. As poignant and inspiring as Randy Pausch's *The Last Lecture*, it is the story of the courage of a truly remarkable little girl who accomplished so much in so little time—and of her parents' love and dedication to their child and their family. New York Times bestselling author James Patterson was profoundly moved by Elena's beautiful life

and Notes Left Behind, calling it, “a stunning story that teaches us how precious children, family, and life are, and that the sacrifices we make are worth it. I won’t forget the Desserich family, and neither will you.”
