Manual of Emergency Airway Management

"The automotive maven and former Member of Parliament might be the most trusted man in Canada, an inverse relationship to the people he writes about."
- The Globe and Mail Lemon-Aid shows car and truck buyers how to pick the cheapest and most reliable vehicles from the past 30 years of auto production. This brand-new edition of the bestselling guide contains updated information on secret service bulletins that can save you money. Phil describes sales and service scams, lists which vehicles are factory goofs, and sets out the prices you should pay. As Canada's automotive "Dr. Phil" for over 40 years, Edmonston pulls no punches. His Lemon-Aid is more potent and provocative than ever.

No one ever won a prize for spending the most money possible on gas. Our goal should be to spend the least amount of money, and use the least amount of fuel, to cover the distance we want to go, states MacEachern. If you're looking for ways to spend less money on gas but still get where you want to go, this handy guidebook offers dozens of easy-to-follow tips to help you beat the pump. Here's what you'll find inside: * How to make gas go farther when you drive to work or go shopping* Information to help you choose a new car if you want to trade in your current

gas guzzler for a gas stretcher* Ways to use the Internet to find the cheapest gas in your neighborhood* What credit cards give you money back when you buy gas* How smart driving can save you \$50 every month at the pump* How to get a \$2,000 tax deduction when you buy a gas-saving hybrid vehicle* A fuel cost calculator so you can see exactly how much money you're spending on gasPLUS: Specific tips to help you save \$20, \$30, \$40 and even \$50 a month at the pump.

"This book will provide a complete and easy-to-understand reference for the growing band of people wishing to keep their own chickens for both food and pleasure. Pitched at the novice but also containing plenty to interest the experienced chicken-keeper, the book will contain no-nonsense advice, tips, facts and step-by step sequences, as well as plenty of relevant photographs and diagrams. As more people keep chickens nowadays than at any time since the Second World War, this book is a timely addition to the

Haynes range."--Publisher description.
