Here, the author assesses our modern book culture by focusing on five key elements including the explosion of retail bookstores like Barnes & Noble and Borders, and the formation of the Oprah Book Club.

### **United States Congressional Serial Set**

## **Who Owns Whom**

### **Directory of Corporate Affiliations**

This principal source for company identification is indexed by Standard Industrial Classification Code, geographical location, and by executive and directors' names.

### **Thomas Register of American Manufacturers**

## **National Union Catalog**

Donald Shoup brilliantly overcame the challenge of writing about parking without being boring in his iconoclastic 800-page book *The High Cost of Free Parking*. Easy to read and often entertaining, the book showed that city parking policies subsidize cars, encourage sprawl, degrade urban design, prohibit walkability, damage the economy, raise housing costs, and penalize people who cannot afford or choose not to own a car. Using careful analysis and creative thinking, Shoup recommended three parking reforms: (1) remove off-street parking requirements, (2) charge the right prices for on-street parking, and (3) spend the meter revenue to improve public services on the metered streets. *Parking and the City* reports on the progress that cities have made in adopting these three reforms. The successful outcomes provide convincing evidence that Shoup's policy proposals are not theoretical and idealistic but instead are practical and realistic. The good

news about our decades of bad planning for parking is that the damage we have done will be far cheaper to repair than to ignore. The 51 chapters by 46 authors in *Parking and the City* show how reforming our misguided and wrongheaded parking policies can do a world of good.

### **Publishers, Distributors, & Wholesalers of the United States**

This handbook brings together data on the chemicals industry in a detailed almanac to provide a quick reference source to the industry.

### **MacRae's Blue Book**

A compilation of 3M voices, memories, facts and experiences from the company's first 100 years.
